Mountaineering Literature Jill Neate, 1986 Long established as a standard reference work worldwide this is a thorough bibliography of all mountaineering books that are of practical use to climbers or for reading pleasure or historical interest Documenting more than 2000 books of mountaineering literature it also includes nearly 900 climber s guidebooks a sampling of more than 400 works of mountaineering fiction plus journals and bibliographies **Peak District Walking on the Level** Norman Buckley, 2004 Scattered across the length and breadth of the Peak District this title features 28 carefully selected short walks to choose from It is ideal for family outings for those who prefer easier walks and all those who simply don t have the time for an all day walk , **Mountaineering and Its Literature** Jill Neate, 1980 Few areas of human endeavor and adventure have such an extensive literature as does mountaineering perhaps because the activity itself is so diverse ranging from gymnastic feats of modern rock climbers through alpinism to Himalayan conquests and exploration Even before Edward Whymper climbed the Matterhorn in 1865 and wrote the celebrated *Scrambles in the Alps* mountaineers had felt compelled to record their adventures and their sense of wonder at the mountain world In recent years the literature has expanded considerably to account for the phenomenal growth of mountain activities Expeditions are now commonplace and the great mountain ranges are no longer beyond the reach of the average climber This extensive bibliography describes works on mountaineering published in the English language since 1744 But it s far more than a dry catalog of books as author Neate gives notes which help the reader assess as book s reliability and significance An indispensable reference for the active climber would be explorer and bibliophile alike **Slow Travel The Peak District** Helen Moat, 2016-02-16 Slow peak District Guide holiday advice and tourist information on everything from the national park walks cycling and the Pennine Way to foraging farmers markets restaurants and food Bus routes and hidden places are included plus maps to the area Bakewell Matlock and Chatsworth House are all covered [Walks in the Ancient Peak District](#) Robert Harris, 2005 Contains a collection of walks visiting the well known and hard to find prehistoric monuments and sites of the Peak District Divided into four sections this book includes the White Peak with its familiar limestone plateau and deep cut dales and the high gritstone moorland of the Dark Peak and the Western and Eastern Moors **Fringed With Mud and Pearls** Ian Crofton, 2021-07-06 Scotland has its rugged Hebrides Ireland its cliff girt Arans Wales its Island of Twenty Thousand Saints And what has England got The isles of Canvey Sheppey Wight and Dogs Mersea Brownsea Foulness and Rat But there are also wilder rockier places Lundy the Scillies the Farnes These islands and their inhabitants not only cast varied lights on the mainland they also possess their own peculiar stories from the Barbary slavers who once occupied Lundy to the ex major who seized a wartime fort in the North Sea and declared himself Prince of Sealand Ian Crofton embarks on a personal odyssey to a number of the islands encircling England exploring how some were places of refuge or holiness while others have been turned into personal fiefdoms by their owners or become locations for prisons rubbish dumps and military installations He also describes

the varied ways in which England's islands have been formed and how they are constantly changing so making a mockery of human claims to sovereignty

district of Derbyshire and neighbouring counties Mountford John Byrde Baddeley,1903 **Ron Fawcett - Rock Athlete** Ron Fawcett,2011-10-01 Ron Fawcett is a natural born climber In 1969 while still at school in his native Yorkshire he tied into a climbing rope for the first time and was instantly hooked From that moment on it seemed nothing else in his life mattered nearly as much as his next vertical fix Ten years later Fawcett was the most famous rock climber in Britain and among the best in the world part of a new wave whose dedication to training transformed the sport pushing standards further and faster than ever before or since His legacy of new climbs ranks him alongside the very best in the history of the sport He was also the first to style himself a professional rock climber starring in the landmark television documentary Rock Athlete and appearing on the covers of magazines around the world But far from enjoying the fame Fawcett found the

pressures of the limelight too much to bear and at the end of the 1980s he faded from view Now for the first time he tells his extraordinary story of how his love of nature and the outdoors developed into a passion for climbing that took him to the top and almost consumed him Winner of the 2010 Boardman Tasker Prize for Mountain Literature Peak District Great Britain. Countryside Commission, Patrick Monkhouse, 1971 *Unjustifiable Risk?* Simon Thompson, 2012-03-06 To the impartial observer Britain does not appear to have any mountains Yet the British invented the sport of mountain climbing and for two periods in history British climbers led the world in the pursuit of this beautiful and dangerous obsession Unjustifiable Risk is the story of the social economic and cultural conditions that gave rise to the sport and the achievements and motives of the scientists and poets parsons and anarchists villains and judges ascetics and drunks that have shaped its development over the past two hundred years The history of climbing inevitably reflects the wider changes that have occurred in British society including class gender nationalism and war but the sport has also contributed to changing social attitudes to nature and beauty heroism and death Over the years increasing wealth leisure and mobility have gradually transformed climbing from an activity undertaken by an eccentric and privileged minority into a sub division of the leisure and tourist industry while competition improved technology and information and increasing specialisation have helped to create climbs of unimaginable difficulty at the leading edge of the sport But while much has changed even more has remained the same Today's climbers would be instantly recognisable to their Victorian predecessors with their desire to escape from the crowded complexity of urban society and willingness to take unjustifiable risk in pursuit of beauty adventure and self fulfilment Unjustifiable Risk was shortlisted for the Boardman Tasker prize in 2011
