Monthly Catalog of United States Government Publications ,2004 Air University Library Index to Military Periodicals ,1998 **Monthly Catalogue, United States Public Documents** ,1970 **Standard Catalog for Public Libraries** H.W. Wilson Company,1996 Includes an abridged edition of 1908 catalog issued under title English prose fiction list of about 800 title **Videoconferencing Demystified** Steven Shepard,2002 This text aims to provide everything necessary to successfully deploy video conferencing in a meeting training or conference environment Key features include benefits versus liabilities of video conferences purchasing renting using key components and equipment and key technologies streaming media web conferencing IP multicasting and LAN capacity **The Earth as a Distant Planet** M. Vázquez,E. Pallé,P. Montañés Rodríguez,2010-03-12 In The Earth as a Distant Planet the authors become external observers of our solar system from a distance and try to determine how one can understand how Earth the third in distance to the central star is essentially unique and capable of sustaining life The knowledge gained from this original perspective is then applied to the search for other planets outside the solar system or exoplanets Since the discovery in 1992 of the first exoplanet the number of planet detections has increased exponentially and ambitious missions are already being planned for the future The exploration of Earth and the rest of the rocky planets are Rosetta stones in classifying and understanding the multiplicity of planetary systems that exist in our galaxy In time statistics on the formation and evolution of exoplanets will be available and will provide vital information for solving some of the unanswered questions about the formation as well as evolution of our own world and solar system Special attention is paid to the biosignatures signs of life detectable in the Earth s reflected spectra and the search for life in the universe The authors are experts on the subject of extrasolar planets They provide an introductory but also very much up to date text making this book suitable for researchers and for advanced students in astronomy and astrophysics **Nuclear India in the Twenty-First Century** D. SarDesai,R. Thomas,2002-05-02 This collection of essays unlike other books on this subject emphasizes strategic technological and economic factors It includes contributions from a combination of academics and governmental experts from both the United States and India Nuclear India in the Twenty First Century provides an important picture of India s nuclear intentions and capabilities and should facilitate policies that the US may consider in response to regional and global proliferation *Scientific American* ,1914
