Rocking The Cradle Of Sexual Politics What Happened When Women Said Incest:

Rocking the Cradle of Sexual Politics Louise Armstrong, 1994 In 1978 Louise Armstrong started it all by writing *Kiss Daddy Goodnight* the bestselling book that spoke the terrible truth about incest Now more than fifteen years later she stops to ask the questions How did we get here How did we get from dread taboo to the point where talk of incest is routine and banal a pet of the talk shows How did we get from serious inquiry into what causes incest to exclusive focus on what incest causes How did we get from total disbelief to a brief moment of belief in the testimony of women and children to the point where once again women s and children s credibility is under attack To False Memory Syndrome and adult survivors undergoing exorcism into a glare and cacophony such that the best interests of our children are still being forsaken and self described healers and empowerers are getting rich *Rocking the Cradle of Sexual Politics* is the story of skillfully mounted backlash But it is also the story of how it is now possible for the powers that be to use noise to achieve the end that was once served by repression and enforced silence and how they defuse the political the potentially politically explosive by turning it into the personal It is alas also the story of the power of the promise of help and the language of treatment to infantilize massive numbers of women and to lead us away from any serious action for change BOOK JACKET Title Summary field

Latchford, 2019-08-15 What personal truths reside in biological ties that are absent in adoptive ties And why do we think adoptive and biological ties are essentially different when it comes to understanding who we are At a time when interest in DNA and ancestry is exploding Frances Latchford questions the idea that knowing one s bio genealogy is integral to personal identity or a sense of family and belonging Upending our established values and beliefs about what makes a family *Steeped in Blood* examines the social and political devaluation of adoptive ties It takes readers on an intellectual journey through accepted wisdom about adoption twins kinship and incest and challenges our naturalistic and individualistic assumptions about identity and the biological ties that bind us sometimes violently to our families Latchford exposes how our desire for bio genealogical knowledge understood as it is by family and adoption experts pathologizes adoptees by posing the biological tie as a necessary condition for normal identity formation Rejecting the idea that a love of the self same is fundamental to family bonds her book is a reaction to the wounds families suffer whenever they dare to revel in their difference A rejoinder to rhetoric that defines adoptees adoptive kin and their family intimacies as inferior and inauthentic *Steeped in Blood* s view through the lens of critical adoption studies decentres our cultural obsession with the biological family imaginary and makes real the possibility of being family in the absence of blood **#MeToo and Feminism** Karen Boyle, 2024-12-23 This book is a revised updated and expanded edition of *MeToo Weinstein and Feminism* 2019 In this second edition Boyle argues for the importance of understanding MeToo in relation to an ongoing history of feminist activism and popular misogyny which normalises and values men s abuse of women She considers the consequences of MeToo for accused men notably with regards to cancellation practices and

criminal justice drawing on prominent examples such as Harvey Weinstein R Kelly Johnny Depp and Woody Allen among many others Two new chapters on the long MeToo movement and on survivor testimony consider MeToo alongside debates on popular feminism and misogyny in a range of contexts and reflect on the implications of the continued emphasis on survivor testimony in media coverage of sexual harassment and assault Written by one of the foremost experts in gender media and violence in the UK this new edition is essential reading for those interested in feminism and the media scholars and students alike

Betrayal Trauma Jennifer J. Freyd, 1998-02-06 This book lays bare the logic of forgotten abuse Psychologist Jennifer Freyd's breakthrough theory explaining this phenomenon shows how psychogenic amnesia not only happens but also if the abuse occurred at the hands of a parent or caregiver is often necessary for survival [New Versions of Victims](#) Sharon Lamb, 1999-06 The papers collected here present a critical analysis of popular debates about victimization The authors argue that we must move beyond polarized positions to examine the victim as a socially constructed term and to explore in nuanced terms why we see victims the way we do Must one have been subjected to extreme or prolonged suffering to merit designation as a victim How are we to explain rape victims who seemingly get over their experience with no lingering emotional scars The papers simultaneously critique exaggerated claims by victim advocates about the harm of victimization while taking on the reactionary boilerplate of writers such as Katie Roiphe and Camille Paglia and offering further strategies for countering the backlash

[Most Outrageous](#) Bob Levin, 2008-05-17 In May 1989 Dwaine Tinsley stood at the summit of an unlikely career The product of a broken trailer trash marriage he was a high school dropout who had decided to become a professional cartoonist while serving a six year sentence in a Maryland prison for burglary As cartoon editor for Larry Flynt's notorious Hustler magazine he had assembled a staff of pen and Wite Out wielding Lenny Bruces whose unprecedentedly offensive socio sexual cartoons had spearheaded that publication's fight against the forces of censorship and repression that sought to overthrow the political and cultural gains of the 1960s His primary personal contribution spawned amidst a national hysteria that saw a plague of child sexual abuse arising everywhere from pre school staffs to satanic sects was Chester the Molester a hulking middle aged man who craved pre pubescent girls And then Tinsley's teenage daughter accused him of sexually violating her over the course of five years And the prosecution in his ensuing criminal trial cast several storage boxes full of his cartoons against him Most Outrageous is the story of the trial of Dwaine Tinsley as well as the story of Tinsley's family life Bob Levin's writings have established him as one of the most thought provoking chroniclers of cartoonists today While focusing upon the work and lives of the most offbeat creators in the field in order to champion the pursuit of individual vision no matter how unorthodox or inflammatory he has explored issues common to artists of every medium Most Outrageous carries his search onto new unsettling ground

Understanding and Addressing Adult Sexual Attraction to Children Sarah Goode, 2009-07-07 The groundbreaking book explores the subject of paedophilia seeking a new understanding of it in order to better prevent child sexual abuse and making use of case studies

and primary interview data **Home Truths About Child Sexual Abuse** Catherine Itzin, 2005-06-28 Home Truths About Child Sexual Abuse brings together the findings of research and clinical work by leading figures in the UK and USA It makes visible the prevalence of sexual abuse and exploitation of children by normal ordinary heterosexual family men both within and outside the family Comprehensive and multidisciplinary in approach it covers the many different aspects of child sexual abuse including phenomenology definitions and terminology epidemiology explanatory frameworks concepts and theory the contribution of radical feminism constructs classifications and typologies policy treatments multi disciplinary and multi agency work medical advice gender issues criminal justice The book provides the evidence and knowledge base necessary to begin to achieve effective prevention It offers professionals researchers and policy makers an invaluable source of reference and an informed basis for action **From Madness to Mutiny** Amy Neustein, Michael Leshner, 2005 A powerful expose of the family court system's prejudice against mothers trying to protect their sexually abused children **Gender Violence** Laura L. O'Toole, Jessica R. Schiffman, 1997-03 How gender and sexuality can be life threatening Though violence against women has received increasing attention from scholars and the general public alike much of the literature on the subject is scattered in monographs journals and books focusing on specific forms of gender violence In their path breaking anthology Gender Violence Interdisciplinary Perspectives editors Laura L O Toole and Jessica Schiffman have brought together central articles and authors to construct a remarkably broad understanding of the gender related manifestations of violence Gender Violence is composed of three sections one examining the roots of male violence and victimization of women another exploring forms of sexual coercion and violence and a third offering a number of perspectives on promoting nonviolence in the context of gender relations Chapters consider topics including sexual harassment rape children and gender violence battering in intimate relationships and pornography The list of contributors includes such diverse and well known scholars as Friedrich Engels bell hooks Diana Scully Harry Brod and Linda Gordon and poets such as Audre Lorde and Margaret Randall The book also contains a number of original pieces with novel approaches to subjects such as domestic violence and its effects on children With its interdisciplinary perspective and wide ranging subject matter Gender Violence is an excellent primary text as well as an invaluable reference for scholars in the field of women and violence **Abusing Religion** Megan Goodwin, 2020-07-17 Sex abuse happens in all communities but American minority religions often face disproportionate allegations of sexual abuse Why in a country that consistently fails to acknowledge much less address the sexual abuse of women and children do American religious outsiders so often face allegations of sexual misconduct Why does the American public presume to know what's really going on in minority religious communities Why are sex abuse allegations such an effective way to discredit people on America's religious margins What makes Americans so willing so eager to identify religion as the cause of sex abuse Abusing Religion argues that sex abuse in minority religious communities is an American problem not merely a religious one **Erotic Innocence** James Russell Kincaid, 1998 Explores the current preoccupation

with child molesting and children's sexuality and the ways that this degree of fascination is itself suspect **Rethinking Violence Against Women** R. Emerson Dobash, Harry Frank Guggenheim Foundation, 1998-09-11 Based on a series of international workshops sponsored by the Harry Frank Guggenheim Foundations this cutting edge volume advances theories methodologies and policy analyses relating to various forms of violence against women Under the skillful editorship of Rebecca Emerson and Russell P Dobash *Rethinking Violence Against Women* is the joint effort of recognized anthropologists psychologists philosophers sociologists and historians in the field Divided in three parts this text takes a comprehensive examination of the following topics Radically Speaking Diane Bell, Renate Klein, 1996 The contributors to *Radically Speaking* show that a radical feminist analysis cuts across class race sexuality region religion and across the generations It is essential reading for Women's Studies sociology cultural studies and anyone interested in processes of social change The collection reveals the global reach of radical feminism and analyze the causes and solutions to patriarchal oppression Seventy writers discuss their ideas and practice of contemporary feminism *Profit Pathology and Other Indecencies* Michael Parenti, 2015-11-17 From market crisis to market boom from welfare to wealth care from homelessness to helplessness and an all out assault on the global environment these are just some of the indecencies of contemporary economic life that *Profit Pathology* takes on Here Michael Parenti investigates how class power is a central force in our political life and yet is subjected to little critical discernment He notes how big moneyed interests shift the rules of the game in their favor while unveiling the long march by reactionaries through the nation's institutions to undo all the gains of social democracy from the New Deal to the present Parenti also traces the exploitative economic forces that have operated through much of American history including the mass displacement and extermination of Native Americans and the enslavement of Africans Parenti is a master at demonstrating the impact of monomaniacal profit accumulation on social services especially health care and human values Here he takes us one step further showing how unrestrained capitalism ultimately endangers itself becoming a self devouring beast that threatens us all Finally he calls for a solution based on democratic diversity and public ownership because it works **Popular Trauma Culture** Anne Rothe, 2011-09-15 In *Popular Trauma Culture* Anne Rothe argues that American Holocaust discourse has a particular plot structure characterized by a melodramatic conflict between good and evil and embodied in the core characters of victim survivor and perpetrator and that it provides the paradigm for representing personal experiences of pain and suffering in the mass media The book begins with an analysis of Holocaust clichés including its political appropriation the notion of vicarious victimhood the so called victim talk rhetoric and the infusion of the composite survivor figure with Social Darwinism Readers then explore the embodiment of popular trauma culture in two core mass media genres daytime TV talk shows and misery memoirs Rothe conveys how victimhood and suffering are cast as trauma kitsch on talk shows like Oprah and as trauma camp on modern day freak shows like Springer The discussion also encompasses the first scholarly analysis of misery memoirs the popular literary genre that has been

widely critiqued in journalism as pornographic depictions of extreme violence Currently considered the largest growth sector in book publishing worldwide many of these works are also fabricated And since forgeries reflect the cultural entities that are most revered the book concludes with an examination of fake misery memoirs *Pillar of Salt* Janice Haaken,1998 Introduces the controversy over recollections of childhood sexual abuse as the window onto a broader field of ideas concerning memory storytelling and the psychology of women Healing Sex Staci Haines,2010-02 Healing Sex is the encouraging sex positive guide for all women survivors of sexual assault heterosexual bisexual lesbian coupled and single who want to delight in their own sexuality While most books on the topic broach sexuality to reassure women that it s all right to say no to unwanted sex Healing Sex encourages women to learn **The Limits of Autobiography** Leigh Gilmore,2023-07-15 In *The Limits of Autobiography* Leigh Gilmore analyzes texts that depict trauma by combining elements of autobiography fiction biography history and theory in ways that challenge the constraints of autobiography Astute and compelling readings of works by Michel Foucault Louis Althusser Dorothy Allison Mikal Gilmore Jamaica Kincaid and Jeanette Winterson explore how each poses the questions How have I lived and How will I live in relation to the social and psychic forms within which trauma emerges First published in 2001 this new edition of one of the foundational texts in trauma studies includes a new preface by the author that assesses the gravitational pull between life writing and trauma in the twenty first century a tension that continues to produce innovative and artful means of confronting kinship violence and self representation **Interconnecting the Violences of Men** Kate Seymour,Bob Pease,Sofia Strid,Jeff Hearn,2024-11-04 This book aims to expand and enrich understandings of violences by focusing on gendered continuities interconnections and intersections across multiple forms and manifestations of men s violence In actively countering both the compartmentalisation of studies of violence by type and form and the tendency to conceptualise violence narrowly it aims to flesh out not delimit understandings of violence Bringing together cross disciplinary indeed transdisciplinary perspectives this book addresses how what are often seen as specific and separate violences connect closely and intricately with wider understandings of violence how there are gendered continuities between violences and how gendered violences take many forms and manifestations and are themselves intersectional Grounded by the recognition that violence is itself a form of inequality the contributors to this volume traverse the intersectional complexities across both experiences of violent inequality and what is seen to count as violence The international scope of this book will be of interest to students and academics across many fields including sociology criminology psychology social work politics gender studies child and youth studies military and peace studies environmental studies and colonial studies as well as practitioners activists and policymakers engaged in violence prevention
