

The Rockingham Connection and the Second Founding of the Whig Party

W. M. ELOFSON

Rockingham Connection And The Second Founding Of The Whig Party

Gregory M. Collins

Rockingham Connection And The Second Founding Of The Whig Party:

Rockingham Connection and the Second Founding of the Whig Party Warren M. Elofson, 1996-02-08 Elofson reveals that the Rockinghams far more than previously recognized were governed by a coherent set of constitutional ideals and argues that they saw party not primarily as a means to office but as a vehicle for public spirited men to secure the predominance of right and uniform principles in the operation of the state He examines the ideological writings of Edmund Burke the Party's noted and prolific publicist placing them in their political context and providing a new analysis of Burke's renowned pamphlet *Thoughts on the Cause of the Present Discontents* 1770 Throughout Elofson illustrates the ways in which the Rockinghams altered and redefined the Whig Party and its principles as they took the first halting steps toward a program of constitutional amendment establishing their place not only in Whig but in British constitutional development

Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

An Enlightenment Statesman in Whig Britain Nigel Aston, Clarissa Campbell Orr, 2011 Lord Shelburne Prime Minister in 1782-83 was a profoundly important politician whose achievements included the negotiation of the peace with the newly independent United States This book constitutes a major and long overdue reappraisal of the politician considered by Disraeli to be the most neglected Prime Minister The book indicates caters for and leads the revival of interest in high politics including its gendered aspects It covers Shelburne's friends his finances and his politics and places him carefully within both an international and a national context For the first time his complicated but compelling family life his satisfying relations with women and his Irish ancestry are presented as essential factors for understanding his public impact overall Shelburne was a politician patron and cultural leader whose relationship to many of the ideas influences and individuals of the European Enlightenment are also emphasised The book is thoroughly up to date written by leading authorities in the field and predominantly based on unpublished primary research Shelburne and his circle constituted one of the most important and progressive elements in British and European politics during the second half of the eighteenth century and the book will appeal to all readers interested in the Enlightenment

Leading Works in the History of the Constitution Chris Monaghan, 2025-08-15 This collection brings together academic analysis of leading contemporary accounts of the British Constitution with key constitutional documents and sources while also offering analysis of the leading histories of the Constitution The works in question represent examples of the constitutionally most significant legislation judicial decisions and commentaries by scholars and key actors Its scope is the 700 years of English and then British history from the Magna

Carta to Britain as an imperial power grappling with the question of how to govern India The contributors presenting a balance of established academics and early career researchers present an original and succinct account of the significance of each leading work They draw upon the context in which it was written contemporary literature and more modern academic analysis of the work and its author s Presenting a complement to standard texts on the history of the Constitution the book will be of interest to researchers and academics working in the areas of Constitutional Law and Politics Public Law and Legal History

The Persistence of Party Max Skjönsberg,2021-01-28 This fundamental re evaluation of the origins and importance of the idea of party in British political thought and politics in the eighteenth century draws on the writings of Rapin Bolingbroke David Hume John Brown and Edmund Burke to demonstrate that attitudes to party were more complex and penetrating than previously thought

The Duke of Portland D. Wilkinson,2002-12-12 The Third Duke of Portland served twice as Prime Minister and had a long and distinguished political career from 1760s to the 1780s This study details how he was transformed from a pillar of the grand Whiggery he was the brother in law of Georgiana Duchess of Devonshire into the figurehead for would be Tories The book also examines how he played an important public role in many of the political crises of his era including the French Revolution and the Union as well as a hidden role in British history he was involved in the secret service and political corruption

Politics, Finance, and the People Earl Reitan,2007-05-16 This book traces the changes in the organization of the British economy following the War of American Independence which unleashed a political crisis and popular movement in Britain based on demands for economical reform

Britain and the American Revolution H. T. Dickinson,2014-07-30 This is the first modern study to focus on the British dimension of the American Revolution through its whole span from its origins to the declaration of independence in 1776 and its aftermath It is written by nine leading British and American scholars who explore many key issues including the problems governing the American colonies Britain s diplomatic isolation in Europe over the war the impact of the American crisis on Ireland and the consequences for Britain of the loss of America

American Revolution Spencer C. Tucker,2018-09-14 With more than 1 300 cross referenced entries covering every aspect of the American Revolution this definitive scholarly reference covers the causes course and consequences of the war and the political social and military origins of the nation This authoritative and complete encyclopedia covers not only the eight years of the American Revolutionary War 1775 1783 but also the decades leading up to the war beginning with the French and Indian War and the aftermath of the conflict with an emphasis on the early American Republic Volumes one through four contain a series of overview essays on the causes course and consequences of the American Revolution followed by impeccably researched A Z entries that address the full spectrum of political social and military matters that arose from the conflict Each entry is cross referenced to other entries and also lists books for further reading In addition there is a detailed bibliography timeline and glossary A fifth volume is devoted to primary sources each of which is accompanied by an insightful introduction that places the document in its proper historical

context The primary sources help readers to understand the myriad motivations behind the American Revolution the diplomatic military and political maneuvering that took place during the conflict and landmark documents that shaped the founding and early development of the United States

Religion, Reform and Modernity in the Eighteenth Century

Robert G. Ingram,2007 A new interpretation of English history and religion in the eighteenth century The eighteenth century has long divided critical opinion Some contend that it witnessed the birth of the modern world while others counter that England remained an ancien regime confessional state This book takes issue with both positions arguing that the former overstate the newness of the age and largely misdiagnose the causes of change while the latter rightly point to the persistence of more traditional modes of thought and behaviour but downplay the era s fundamental uncertainty and misplace the reasons for and the timeline of its passage The overwhelming catalyst for change is here seen to be war rather than long term social and economic changes Archbishop Thomas Secker 1693 1768 the Cranmer or Laud of his age and the hitherto neglected church reforms he spearheaded form the particular focus of the book this is the first full archivally based study of a crucial but frequently ignored figure ROBERT G INGRAM is Assistant Professor at the Department of History Ohio University

George III Peter Thomas,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license The eighteenth century was long deemed the classical age of the constitution in Britain with cabinet government based on a two party system of Whigs and Tories in Parliament and a monarchy whose powers had been emasculated by the Glorious Revolution o This study furthers the work of Sir Lewis Namier who argued in 1929 that no such party system existed George III was not a cypher and that Parliament was an administration comprising of factions and opposition George III was a high profile and well known character in British history whose policies have often been blamed for the loss of Britain s American colonies around whom rages a perennial dispute over his aims was he seeking to restore royal power or merely exercising his constitutional rights The first chronological survey of the first ten years of George III s reign through power politics and policy making

The British Isles and the War of American Independence

Stephen Conway,2000-03-02 This book examines a hitherto neglected aspect of the War of American Independence providing the first wide ranging account of the impact of this eighteenth century conflict upon the politics economy society and culture of the British Isles The author examines the level of military participation which was much greater than is usually appreciated and explores the war s effects on subjects as varied as parliamentary reform religious toleration and attitudes to empire The books casts new light upon recent debate about the war waging efficiency of the British state and on the role of war in the creation of a sense of Britishness The thematic chapters are supplemented by local case studies of six very different communities the length and breadth of the British Isles

Commerce and Manners in Edmund Burke's

Political Economy Gregory M. Collins,2020-05-14 This book explores Edmund Burke s economic thought through his understanding of commerce in wider social imperial and ethical contexts

Empire and Revolution Richard

Bourke,2017-05-02 A major new account of one of the leading philosopher statesmen of the eighteenth century Edmund Burke 1730 97 lived during one of the most extraordinary periods of world history He grappled with the significance of the British Empire in India fought for reconciliation with the American colonies and was a vocal critic of national policy during three European wars He also advocated reform in Britain and became a central protagonist in the great debate on the French Revolution Drawing on the complete range of printed and manuscript sources *Empire and Revolution* offers a vivid reconstruction of the major concerns of this outstanding statesman orator and philosopher In restoring Burke to his original political and intellectual context this book overturns the conventional picture of a partisan of tradition against progress and presents a multifaceted portrait of one of the most captivating figures in eighteenth century life and thought A boldly ambitious work of scholarship this book challenges us to rethink the legacy of Burke and the turbulent era in which he played so pivotal a role

Parliamentarism, From Burke to Weber William Selinger,2019-07-18 A revisionist interpretation of eighteenth and nineteenth century political ideas including novel readings of canonical authors such as Burke and Mill A *History of Modern Britain* Ellis Wasson,2009-08-17 A History of Modern Britain 1714 to the Present presents a lively introduction to the history of the modern British Isles from the Hanoverian succession to the present day Develops themes of tradition and change the role of the four nations of the British Isles and Britain in a world context Complements the narrative with descriptions of fascinating personalities from Britain s past from the arsonist James Aitken and the female adventurer Jane Digby to the celebrity footballer George Best Includes features to help orientate the reader illustrations maps royal family genealogies chronology and glossary online supplements include preliminary chapter from 1688 An accompanying website containing additional support and materials for lecturers and students is available at www.wiley.com/go/wasson

William Pitt the Younger William Hague,2007-12-18 William Pitt the Younger is an illuminating biography of one of the great iconic figures in British history the man who in 1784 at the age of twenty four became and so remains the youngest Prime Minister in the history of England In this lively and authoritative study William Hague himself the youngest political party leader in recent history explains the dramatic events and exceptional abilities that allowed extreme youth to be combined with great power The brilliant son of a father who was also Prime Minister Pitt was derided as a schoolboy when he took office Yet within months he had outwitted his opponents and he went on to dominate the political scene for twenty two years nineteen of them as Prime Minister No British politician since has exercised such supremacy for so long Pitt s personality has always been hard to unravel Though he was generally thought to be cold and aloof his friends described him as the wittiest man they ever knew By seeing him through the eyes of a politician William Hague a prominent member of Britain s Conservative Party succeeds in explaining Pitt s actions and motives through a series of great national crises including the madness of King George III the impact of the French Revolution and the trauma of the Napoleonic wars He describes how a man dedicated to peace became Britain s longest serving war leader how Pitt the liberal reformer became

Pitt the author of repression and how though undisputed master of the nation's finances he died with vast personal debts. With its rich cast of characters including Charles James Fox, Richard Brinsley Sheridan, Edmund Burke, and George III himself and set against a backdrop of industrial revolution and global conflict, this is a richly detailed and rounded portrait of an extraordinary political life. "Cultures of Whiggism" David Womersley, Paddy Bullard, Abigail Williams, 2005. In the preface to his edition of Shakespeare, Alexander Pope noted that his age was one of Parties both in Wit and State. Much scholarship has been devoted to the complexities of the political parties of the eighteenth century, but there has been a surprising reluctance to explore what Pope implied were the corollaries of those parties, namely parties in literature. The essays collected here explore the literary culture that arose from and supported what Pitt the Elder referred to as the great spirit of Whiggism that animated English politics during the eighteenth century. From the prehistory of Whiggism in the court of Charles II to the fractures opened up within it by the French Revolution in the 1790s, the interactions between Whiggish politics and literature are sampled and described in groundbreaking essays that range widely across the fields of eighteenth-century political prose, poetry, and the novel.

Literature, Gender and Politics in Britain During the War for America, 1770-1785 Robert W. Jones, 2011-09-22. A new interdisciplinary perspective on masculine identity and politics in Britain during the American War of Independence, 1775-83.

Islam and the English Enlightenment, 1670-1840 Humberto Garcia, 2012-01-30. A corrective addendum to Edward Said's *Orientalism*, this book examines how sympathetic representations of Islam contributed significantly to Protestant Britain's national and imperial identity in the eighteenth century. Taking a historical view, Humberto Garcia combines a rereading of eighteenth-century and Romantic-era British literature with original research on Anglo-Islamic relations. He finds that far from being considered foreign by the era's thinkers, Islamic republicanism played a defining role in Radical Enlightenment debates, most significantly during the Glorious Revolution, French Revolution, and other moments of acute constitutional crisis, as well as in national and political debates about England and its overseas empire. Garcia shows that writers such as Edmund Burke, Lady Mary Wortley Montagu, Samuel Taylor Coleridge, Robert Southey, and Percy and Mary Shelley not only were influenced by international events in the Muslim world but also saw in that world and its history a viable path to interrogate, contest, and redefine British concepts of liberty. This deft exploration of the forgotten moment in early modern history when intercultural exchange between the Muslim world and Christian West was common resituates English literary and intellectual history in the wider context of the global eighteenth century. The direct challenge it poses to the idea of an exclusionary Judeo-Christian Enlightenment serves as an important revision to post-9/11 narratives about a historical clash between Western democratic values and Islam.

Ignite the flame of optimism with is motivational masterpiece, Fuel Your Spirit with **Rockingham Connection And The Second Founding Of The Whig Party** .
