Rodeo Back Of The Chutes:

R-o-d-e-o Back of the Chutes Gene Lamb,1956 **Rodeo Back of the Chutes** Gene Lamb,1956 *Rodeo* Susan Nance,2020-04-23 What would rodeo look like if we took it as a record not of human triumph and resilience but of human imperfection and stubbornness asks animal historian Susan Nance Against the backdrop of the larger histories of ranching cattle horses and the environment in the West this book explores how the evolution of rodeo has reflected rural western beliefs and assumptions about the natural world that have led to environmental crises and served the beef empire By unearthing behind the scenes stories of rodeo animals as diverse individuals this book lays bare contradictions within rodeo and the rural West For almost 150 years westerners have used rodeo to symbolically reenact their struggles with animals and the land as uniformly progressive and triumphant Nance upends that view with accounts of individual animals that reveal how diligently rodeo people have worked to make livestock into surrogates for the trials of rural life in the West and the violence in its history Western horses and cattle were more than just props Rodeo reclaims their lived history through compelling stories of anonymous roping steers and calves who inspired reform of the sport such as the famed but abused buckner Steamboat and the many broncs and bulls famous or not who unknowingly built an industry Rodeo is a dangerous sport that reveals many westerners as people proudly tolerant of risk and violence and ready to impose these values on livestock In *Rodeo An Animal History* Nance pushes past standard histories and the sport's publicity to show how rodeo was shot through with stubbornness and human failing as much as fortitude and community spirit **Oklahoma Rodeo Women**

Tracey Hanshew,2020 Oklahoma's central location and ranching tradition gave it a unique connection to the rodeo industry as it grew from a local pastime to an internationally popular sport From the very beginning Oklahoma cowgirls played a significant role in developing the institution and the businesses that grew up in its shadow Lucille Mulhall's pioneering roping carved out a place for women in the actual competition while Mildred Chrisman's promotional efforts kept rodeo chutes open during the Great Depression Modern ranchers like Terry Stuart produced the quarter horses sought by professional athletes around the world From Guymon to Pawhuska and from stock contractors to rodeo clowns Tracey Hanshew follows the trail that Oklahoma women blazed across this rough and tumble sport **College Rodeo** Sylvia Gann Mahoney,2004 Given in honor of Emken and Sherilyn Lynton by the Aggeland Rotary Club of Bryan College Station

Behind the Chutes Greg McCaffrey,2022-12-12 Being raised in a small town high in the Sierra's of Northern California Greg was raised working on many local ranches as soon as he could saddle his own horse While in high school he joined the High School Rodeo Association and by the time he graduated he was driving semitrucks hauling rodeo stock to different events both locally and nationally These are stories of the younger years in the life of a cowboy rodeo rider and truck driver and the unknown stories of how someone becomes what they are from a kid owning his first horse working on a ranch riding in rodeos learning to drive trucks with his father and uncle driving semitrucks hauling bucking horses and bulls to and from
