Wallace Stevens and the Actual World Alan Filreis,2014-07-14 The work of Wallace Stevens has been read most widely as poetry concerned with poetry and not with the world in which it was created deemed utterly singular it seems to resist being read as the record of a life and times In this critical biography Alan Filreis presents a detailed challenge to this exceptionalist view as he traces two major periods of Stevens s career from 1939 to 1955 the war years and the postwar years Portraying Stevens as someone whose alternation between cultural comprehension and ignorance was itself characteristically American Filreis examines the poet s impulse to disguise and compress the very fact of his debt to the actual world By actual world Stevens meant historical conditions often in order to impugn his own interest in such externalities as the last resort of a man whose famous interiority made him feel desperately irrelevant In light of events ranging from the U S entry into World War II to the Cold War Filreis shows how Stevens was driven to make a close approach to reality in an effort to reconcile his poetic

language with a cultural language Wallace Stevens and the Actual World is not only an impressive feat of historical recovery and analysis but also a pleasure to read It will be useful to anyone interested in the relationship between American politics and literature during World War II and the Cold War Milton J Bates Marquette University Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Secretaries of the Moon Wallace Stevens, José Rodríguez Feo, 1986 The letter from Jose Rodriguez Feo that prompted Stevens s poem was the third in a ten year correspondence 1944 54 between the poet and the young Cuban who quickly became Stevens s most exciting correspondent The two shared a Harvard education both were anxious to see Stevens translated for a Cuban audience and each had an enduring admiration for Santayana whose awareness of the cultural tensions between the Northern and Southern hemispheres formed a basis for the protracted argument between Stevens as the practical Protestant father and the passionate Rodriguez Feo The Cuban s descriptions of his life at the Villa Olga of his black and white cow Lucera and his mule Pompilio delighted Stevens as did his wide ranging questions and pronouncements of literary matters Unaware of the well known Stevens reticence Rodriguez Feo elicited a more informal playful response than Stevens s other correspondents Formal salutations soon gave way to Dear Antillean Dear
