Translation Studies Translation but also scholars and experts from other disciplines among which linguistics sociology history psychology In addition the HTS addresses any of those with a professional or personal interest in the problems of translation interpreting localization editing etc such as communication specialists journalists literary critics editors public servants business managers intercultural organization specialists media specialists marketing professionals The usability accessibility and flexibility of the HTS depend on the commitment of people who agree that Translation Studies does matter All users are therefore invited to share their feedback Any questions remarks and suggestions for improvement can be sent to the editorial team at [hts.kuleuven.be](mailto:hts.kuleuven.be) Next to the book edition in printed and electronic PDF format HTS is also available as an online resource connected with the Translation Studies Bibliography For access to the Handbook of Translation Studies Online please visit <http://www.benjamins.com/online/hts>

**Discourse Analysis in Translation Studies** Jeremy Munday, Meifang Zhang, 2017-07-18 Discourse analytic approaches are central to translator training and translation analysis but have been somewhat overlooked in recent translation studies This volume sets out to rectify this marginalization It considers the evolution of the use of discourse analysis in translation studies presents current research from ten leading figures in the field and provides pointers for the future Topics range from close textual analysis of cohesion thematic structure and the interpersonal function to the effects of global English and the discourses of cyberspace The inherent link between discourse and the construction of power is evident in many contributions that analyse institutional power and the linguistic resources which mark translator interpreter positioning An array of scenarios and languages are covered including Arabic Chinese English German Korean and Spanish Originally published as a special issue of *Target* 27 3 2015

**Technology Implementation in Second Language Teaching and Translation Studies** María Luisa Carrió-Pastor, 2016-05-03 This monograph mainly focuses on the idea that language teaching in higher education involves making use of new approaches and technology It identifies the key determinants of the materials needed to improve language teaching on the basis of the actual experimental research included in the respective contributions Thanks to its unique perspective the book offers a distinctive approach to addressing empirical research on second language teaching translator training and technology As universities are some of the best arenas for analyzing teaching techniques for various subjects higher education teachers can use this book to thoroughly prepare for the application of pilot studies and learn more about students responses to new teaching and translation techniques An enlightening guide for scholars and students with an academic interest in acquiring the basic principles of language teaching and translation this book mainly provides actual cases in which the implementation of technology was useful to second language teachers and translation trainers As the authors are experienced scholars readers will not only come to understand how to use new teaching strategies but also discover that the proposals described in each chapter can be useful to any level of second language training for teachers and translators

Reflexive Translation Studies Silvia Kadiu, 2019-04-08 In the past decades translation studies have increasingly focused on the ethical dimension of

translational activity with an emphasis on reflexivity to assert the role of the researcher in highlighting issues of visibility creativity and ethics In Reflexive Translation Studies Silvia Kadiu investigates the viability of theories that seek to empower translation by making visible its transformative dimension for example by championing the visibility of the translating subject the translator's right to creativity the supremacy of human translation or an autonomous study of translation Inspired by Derrida's deconstructive thinking Kadiu presents practical ways of challenging theories that argue reflexivity is the only way of developing an ethical translation She questions the capacity of reflexivity to counteract the power relations at play in translation between minor and dominant languages for example and problematises affirmative claims about self knowledge by using translation itself as a process of critical reflection In exploring the interaction between form and content Reflexive Translation Studies promotes the need for an experimental multi sensory and intuitive practice which invites students scholars and practitioners alike to engage with theory productively and creatively through translation

**Teaching and Testing Interpreting and Translating** Valerie Pellatt, Kate Griffiths, Shao-Chuan Wu, 2010 The book presents a range of theoretical and practical approaches to the teaching of the twin professions of interpreting and translating covering a variety of language pairs All aspects of the training process are addressed from detailed word level processing to student concerns with their careers and from the setting of examinations to the standardisation of marking The articles show very clearly the strengths and needs the potential and vision of interpreter and translator training as it exists in countries around the world The experience of the authors who are all actively engaged in training interpreters and translators demonstrates the innovative practical and reflective approaches which are proving invaluable in the formation of the next generation of professional translators and interpreters While many of them are being trained in universities they are being prepared for a life in the real world of business and politics through the use of authentic texts and tools and up to date methodology

**A Qualitative Approach to Translation Studies** Elisa Calvo, Elena de la Cova, 2023-12-22 This collection invites readers to explore innovative or underexploited ways of working qualitatively with what in Translation Studies may be termed as elusive constructs The volume adopts a functionalist approach to focus on one such concept namely the notion of translation problem using case studies to illustrate how a significant elusive construct can be addressed empirically It explores different qualitative research methodologies which although well established in other fields are yet to be extensively used in TS but which may nevertheless prove to be of significance for future studies as they allow elusive concepts typically found in TS to be worked with more coherently Chapters are structured around two core ideas first the qualitative systematic analysis of source text content with emphasis on the detection of translation problems as a means of creating efficient frameworks for coherent decision making from a functional perspective and secondly the practical process of stereotyping and profiling specific problems within different contexts content types or services to help identify manage and resolve them in a number of settings from research to professional translator training and assessment environments This book will be of interest to

scholars in translation studies particularly those with an interest in qualitative approaches *Intralingual Translation of British Novels* Linda Pillière, 2021-04-22 Shortlisted for the ESSE 2022 Book Awards Shortlisted for the 2022 SAES AFEA Research Prize Building on an upsurge of interest in the Americanisation of British novels triggered by the Harry Potter series this book explores the various ways that British novels from children's fiction to travelogues and Book Prize winners have been adapted and rewritten for the US market Drawing on a vast corpus of over 80 works and integrating the latest research in multimodality and stylistics Linda Pillière analyses the modifications introduced to make British English texts more culturally acceptable and accessible to the American English reader From paratextual differences in cover illustrations typeface and footnotes to dialectal changes to lexis tense syntax and punctuation Pillière explores the sociocultural and ideological pressures involved in intralingual translation and shows how the stylistic effects of such changes including loss of meaning voice rhythm and word play often result in a more muted American edition In doing so she reveals how homing in on numerous small adjustments can provide fascinating insights into the American publishing process and readership
