Roll Of Battle Abbey:

The Roll of Battle Abbey, Annotated. By John Bernard Burke. [With Plates.] Bernard Burke, 1848 **The Battle Abbey Roll** Catherine Lucy Wilhelmina Powlett Duchess of Cleveland, 1889 **The Roll of Battle Abbey** Bernard Burke, 1978

The Roll of Battle Abbey contains the names of several hundred of the noble companions of William the Conqueror. The work in hand a compilation by John Bernard Burke is a heavily annotated list of the companions of the Conqueror, the annotations providing an account of the origins of each companion and his relationship to William, a description of his baronies and estates, an assessment of his position in the feudal hierarchy and a concise history of his life and times.

The Roll of Battle Abbey, Annotated John Bernard Burke, 2015-02-09

The famous Roll of Battle Abbey is believed to have been compiled following the Battle of Hastings in 1066 in obedience to a clause in William the Conqueror's foundation charter that enjoined the monks to pray for the souls of those who by their labour and valour had helped to win the kingdom. Though the original Roll did not survive, several other Rolls were later prepared from various means, including those by Brompton, Leland, Holinshed, and Duchesne. This work prepared by John Bernard Burke is a compilation and transcription of previous Rolls, includes annotations for many of those listed, and in some instances lineal descendants in successive generations.

Unlike some other reproductions of classic texts: 1 We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos. 2 In books where there are images such as portraits, maps, sketches, etc. We have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
