Tom's Poetry, from Back When to Right Now Tom Leech, 2022-08-07 This book Tom's Poetry from back when to

right now is a collection of poems I've written over several decades. Many have been published in anthologies, newspapers, and magazines, and my own books. They address five different time periods and themes, starting with early days (e.g., Growing up to Family and friends to The world we live in now). My poems cover a variety of topics and experiences: my youth, relationships where I lived and hung out, our special San Diego natural worlds and holidays. They're all in the rhyming class, and many are humorous.

Poetry and Islands Rajeef S. Patke, 2018-03-01. In all cultures and times, the poetic imagination has fed on the natural attributes of islands. An island is either a destination or a home or a place of exile and imprisonment or simply a place to sojourn. It is an ideal vehicle for journeys treated as allegories or for acts of finding that turn into acts of losing or the reverse transformation. An island is not a continent yet it can be an archipelago. An island is both a place in itself and a pretext for imaginings that need a local habitation and a name. It can give relief and pleasure or it can frustrate, isolate, and negate. Above all, it both invites and resists or contains or constrains the imagination. **Poetry and Islands** explores how islands become repositories of human longings and desires, a locus for some of our deepest fears and fantasies. It balances historical and geographical reference with a selective approach to poems and poets in English and in translations into English. The study of particular poems in which islands figure in exemplary ways is balanced by a more detailed discussion of the poets who have played a major role in shaping human responses to islands on a global scale.
