Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied  
and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock  
Holmes phenomenon are known to have been published most of them historical and critical studies In addition however  
almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began  
writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that  
attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in  
which new short stories or novels did not appear Many hundreds are now known to have been published some of them  
written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only  
constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and  
fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been  
published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative  
Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making  
available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the

aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field      **Sherlock Holmes and the Yule-tide Mystery** Val Andrews,1996 When Holmes and Watson are invited to a Christmas house party the host seems to have nothing in mind but bringing Christmas cheer to his guests but the festivities are brought to a sudden halt by a horrific event      **The MX Book of New Sherlock Holmes Stories - Part I** David Marcum,2025-05-22 Featuring Contributions by Mike Adamson P C Shumway Arthur Hall Marcia Wilson David Marcum Brett Fawcett Ian Ableson Paula Hammond John Linwood Grant John Lawrence Tim Newton Anderson Tracy J Revels Richard Gillman Alan Dimes I A Watson Sean M Wright and DeForeest B Wright III and Ashley Williford and a poem by Jim Hawkins 81 New Holmes Adventures Collected in Four Companion Volumes Somewhere in the vaults of the bank of Cox and Co at Charing Cross there is a travel worn and battered tin dispatch box with my name John H Watson M D Late Indian Army painted upon the lid It is crammed with papers nearly all of which are records of cases to illustrate the curious problems which Mr Sherlock Holmes had at various times to examine Dr John H Watson So wrote Dr Watson in The Problem of Thor Bridge and ever since Sherlockians have been bringing us new adventures from this legendary tin dispatch box While Watson s original First Literary Agent only edited the pitifully few sixty stories that make up the original Canon there have since been literally thousands of traditional adventures about the true Sherlock Holmes and there will never be enough In 2015 The MX Book of New Sherlock Holmes Stories burst upon the scene featuring adventures set within the correct time period and written by many of today s leading Sherlockian authors from around the world Those first three volumes were overwhelmingly received and there were soon calls for additional collections Since then their popularity has only continued to grow Now ten years later the series draws to a close having grown to 52 massive volumes and over 1 000 stories Along the way the author royalties from these books featuring stories and poems from over 200 contributors worldwide has raised over 135 000 for the Undershaw school for special needs children located at one of Sir Arthur Conan Doyle s former homes The 81 thrilling stories in these four companion volumes Parts 49 50 51 and 52 feature Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post War years during Holmes s retirement Along the way Our Heroes are involved in a plethora of fascinating mysteries some relating Untold Cases others sequels to Canonical adventures and a number of others that progress along completely unexpected lines Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes described by the estimable Dr Watson as the best and wisest whom I have ever known      **A St Ives Christmas Mystery** Deborah Fowler,2024-10-24 When tragedy brings Merrin McKenzie back to St Ives she knows adjusting might take time even with the charm of her childhood home at Christmas As she settles in Merrin steps back from her career as a solicitor and falls into cleaning holiday rentals for friends who own cottages nearby She expects to encounter dirty laundry and the odd forgotten phone charger in the course of the changeovers but certainly didn t bargain on finding a dead body Everyone including the police are baffled as to the identity of the dead young man found neatly tucked
