Schwartztol,2012-11-29 Friendship is a complicated experience one filled with ups and downs highs and lows joy and sorrow But true friendship like true love can withstand the tests of time or can it For three women each accomplished in life and facing the challenges and rewards of midlife friendship is everything Each has a thriving psychology practice a family and security And each has invested decades of caring love laughter and support into her best friends Their future looks bright When secrets begin to mount and loyalties are betrayed however these mature friends struggle to find a balance between their loyalty to each other and their clients as well as between their families and themselves The women try to trust and support one another just as they would advise their patients in similar circumstances But behind each brave face lies a festering secret that the owner is understandably reluctant to share with anyone No one knows to what lengths they will go to protect that secret until the test appears As each struggles to face her past the more troublesome skeletons in the closet begin rattling for attention How will each woman survive the scandal if her secret is betrayed Sometimes psychology is not enough to heal the wounds and sometimes physician heal thyself is easier said than done      **Sherry and the Unseen World** Holly W. **Decadence and Modernism in European and Russian Literature and Culture** Jonathan Stone, 2019-12-12 Decadence and Modernism in European and Russian Literature and Culture Aesthetics and Anxiety in the 1890s rewrites the story of early modernist literature and culture by drawing out the tensions underlying its

simultaneous engagement with Decadence and Symbolism the unsustainable combination of this world and the other With a broadly framed literary and cultural approach Jonathan Stone examines a shift in perspective that explodes the notion of reality and showcases the uneasy relationship between the tangible and intangible aspects of the surrounding world Modernism quenches a growing fascination with the ephemeral and that which cannot be seen while also doubling down on the significance of the material world and finding profound meaning in the physical and the corporeal Decadence and Symbolism complement the broader historical trajectory of the fin de siècle by affirming the novelty of a modernist mindset and offering an alternative to the empirical and positivistic atmosphere of the nineteenth century Stone seeks to recreate a significant historical and cultural moment in the development of modernity a moment that embraces the concept of Decadence while repurposing its aesthetic and social import to help navigate the fundamental changes that accompanied the dawn of the twentieth century *Jonah* Sherry L.
