Dexter North, 2015-08-05 Excerpt from John North of Farmington Connecticut and His Descendants With a Short Account of
Other Early North Families To the descendants of John North Greeting The history of this branch of the North family was
begun over seventy five years ago by the Rev Willam S Porter of Farmington a young minister who undertook genealogical
research while awaiting a call It was the most complete genealogy of the North family up to that time The original
manuscript is in the possession of Mr William F North of Austin Texas Unfortunately however the dates in this record fail to
give the day and month of events To the late Mr Julius Gay of Farmington who compiled from original sources the vita
records of many old families in that vicinity are due many of the exact dates given in the early generations in this volume His
manuscript based apparently on the Porter record and with marginal references for every date is in the possession of the
Connecticut Historical Society at Hartford In 1893 Mr John Hollister North of New Haven undertook the completion of the
Porter record and after much painstaking research succeeded in completing many of the lines to that date besides adding
much biographical matter The present compiler became interested in the subject and kindly being given access to the
records mentioned above determined to complete and publish them It is therefore with pleasure that he acknowledges the
sources from which he obtained much information in the compilation of the records herein presented Throughout the book
much new material has been added gleaned from local histories biographies records original archives of Connecticut and by
correspondence with all known present descendants in America Unless otherwise indicated the authorities for military
records in the French and Indian Wars the Revolution and the War of 1812 are from Collections of the Connecticut Historical
