Male To Female La Cage Aux Folles:

Changing Sex and Bending Gender Alison Shaw, Shirley Ardener, 2005-10-01 Anthropologists and historians have shown us that male and female are variously defined historically and cross culturally The contributions to this volume focus on the voluntary and involuntary temporary or permanent transformation of gender identity Overall this volume provides powerful and compelling illustrations of how across a wide range of cultures processes of gender transformation are shaped within and ultimately constrained by social and political context From medical responses to biological ambiguity legal responses to cases brought by transsexuals the historical role of the eunuch in Byzantium the social transformation of gender in Northern Albania and in the Southern Philippines to North American drag shows English pantomime and Japanese kabuki theatre this volume offers revealing insights into the ambiguities and limitations of gender transformation The Embodied Performance of Gender Jack Migdalek, 2014-10-24 Norms of embodied behaviour for males and females as promoted in mainstream Western public arenas of popular culture and the everyday continue to work overtly and covertly as definitive and restrictive barriers to the realm of possibilities of embodied gender expression and appreciation They serve to disempower and marginalize those not inclined to embody according to such dichotomous models This book explores the ramifications of the way our gendered sexed and culturally constructed bodies are situated toward notions of difference and highlights the need to safeguard the social and emotional well being of those who do not fit comfortably with dominant norms of masculine feminine behaviour as deemed appropriate to biological sex The book interrogates gender inequitable machinations of education and performance arts disciplines by which educators and arts practitioners train teach choreograph and direct those with whom they work and theorizes ways of broadening personal and social notions of possible aesthetic and acceptable embodiment for all persons regardless of biological sex or sexual orientation The author's own struggles as a performance artist educator and person in the everyday as well as the findings of empirical fieldwork with educators performance arts practitioners and high school students are employed to illustrate and advocate the need for self reflexive scrutiny of existing and hidden inequities regarding the embodiment of gender within one's own habitual perspectives taste and practices **Re-Thinking Men** Anthony Synnott, 2016-04-08 Much writing on men in the field of gender studies tends to focus unduly almost exclusively on portraying men as villains and women as victims in a moral bipolar paradigm Re Thinking Men reverses the proclivity which ignores not only the positive contributions of men to society but also the male victims of life including the homeless the incarcerated the victims of homicide suicide accidents war and the draft and sexism as well as those affected by the failures of the health education political and justice systems Proceeding from a radically different perspective in seeking a more positive balanced and inclusive view of men and women this book presents three contrasting paradigms of men as Heroes Villains and Victims With the development of a comparative and revised gender perspective drawing on US Canadian and UK sources this book will be of interest to scholars across a range

of social sciences The Routledge Companion to the Contemporary Musical Jessica Sternfeld, Elizabeth L. Wollman, 2019-08-16 The Routledge Companion to the Contemporary Musical is dedicated to the musical's evolving relationship to American culture in the late twentieth and early twenty-first centuries. In the past decade and a half, international scholars from an ever-widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies. Musicals have served not only to mirror the sociopolitical, economic, and cultural tenor of the times but have helped shape and influence it in America and across the globe, a genre that may seem at first glance light-hearted and escapist serves also as a bold commentary on society. Forty-four essays examine the contemporary musical as an ever-shifting product of an ever-changing culture. This volume sheds new light on the American musical as a thriving contemporary performing arts genre, one that could have died out in the post-Tin Pan Alley era but instead has managed to remain culturally viable and influential in part by newly embracing a series of complex contradictions. At present, the American musical is a live, localized, old-fashioned genre that has simultaneously developed into an increasingly globalized, tech-savvy, intensely mediated mass entertainment form. Similarly, as it has become increasingly international in its scope and appeal, the stage musical has also become more firmly rooted to Broadway, the idea if not the place, and thus branded as a quintessentially American entertainment.

Men in Feminism (RLE Feminist Theory) Alice Jardine, Paul Smith, 2013-05-20 What are men doing in feminist discourse? Although many feminists have commented on the relation, actual or possible, of men to feminist thinking and practice, and although some male academics have written about feminism, there has so far been little shared discussion. *Men in Feminism* is the first substantial attempt to produce a dialogue between feminists and their male allies. This lively book, comprised of essays by both men and women, is a controversial sally in the current debate over the future of feminist theory. Its focus is one seemingly direct and yet surprisingly prickly question: the actual and potential relationship of men to the now impressive and widely recognized body of feminist writing. Each essay attempts to assess the benefits or damage of male participation in feminism; several of the contributions stand in direct dialogue with others. The editors present, mediate, and reflect upon the agreements and arguments in the book as well as between themselves as editors. Their dialogue, afterword, draws together the questions at the heart of the volume. Offering few comfortable answers, *Men in Feminism* will open up discussion of this theoretical and thoroughly political issue.

Sexual Identities, Queer Politics Mark Blasius, 2021-02-09 In this collection, political and public policy analysts explore the social concerns of lesbians, gays, bisexuals, and the transgendered, what has come to be known as LGBT or queer politics. Compared to the humanities and to other social sciences, political science has been slow to address this phenomenon. Issues ranging from housing to adoption to laws on sodomy, however, have increasingly raised important political questions about the rights and status of sexual minorities, particularly within liberal democracies such as the United States, and also on an international level. This anthology offers the first comprehensive overview of the study of LGBT politics in political science across the discipline.

main subfields and methodologies and it spotlights lgbt movements in several regions around the world Focusing on the politics of sexuality with regard to the politics of knowledge the book presents a discussion of power that will interest all political scientists and others concerned with minority rights and gender as well as with transformation in the relations between public and private The articles cover such topics as lgbt power in urban politics the impact of public opinion on lgbt life means of effecting legal and political change in the United States and international differences in lgbt political activism The authors represent a new cadre of political scientists who are creating an interdisciplinary domain of research that is informed by and in turn generates political activism They are Dennis Altman M V Lee Badgett Robert W Bailey Mark Blasius Cathy J Cohen Timothy E Cook Paisley Currah Juanita D az Cotto Jan Willem Duyvendak Leonard Harris Bevin Hartnett Rosalind Pollack Petchesky David Rayside Rebecca Mae Salokar and Alan S Yang
