London Labour and the London Poor Henry Mayhew,1851 **Beloved of the Dead** Richard Dansky,2025-01-23 Child of Light The warrior Dace and his young charge Yushuv were already on the run from the inquisitors and huntsmen of the Realm Now in the wilds of the Scavenger Lands they face an ageless relentless enemy with only the Unconquered Sun to help them Priest of Darkness In more dire straits still the priest Eliezer Wren braves the Underworld itself to escape the Prince of Shadows But dark powers await him there determined to bend him to their will or break him if he refuses **The Rat Catcher** Max Manus,2024-09-20 Rat Catcher was the name given to the Norwegian resistance fighters who carried out the dirtiest jobs during the second world war They exterminated or liquidated informers torturers and other Norwegians who

worked for the Germans The post war period of war history is fascinating yet has been mostly concealed In this short novel written in 1948 by my stepfather Max Manus a well known resistance fighter it tells a story of the Rat Catchers At the centre is Max s alter ego Freddy and a group of veterans They try to find love and their place in society but drown out the bad memories from the days of war in different ways We actually know quite a lot about my stepfather Max Manus as early as 1945 he published *Det vil helst g godt* followed by *Det blir alvor* in 1946 and in 1995 *Mitt liv* My Life was published In addition the book *Tikken* which is about my mother was published in 2009 Max s war books were a success He himself claimed that only the Bible sold more in the post war years People were keen to know what kind of life the boys really lived during the war In 2008 the film *Max Manus* became a blockbuster and the most watched movie in Norway It was directed by Joachim and Espen Sandberg *Pirates of Caribbean Maleficent Mistress of Evil Kon Tiki Bandidas* It shows authentically as my mother confirmed what the atmosphere was like during the war and what role Max had played The story told in *The Rat Catcher Rottejegeren* in Norwegian is from the years immediately after the war and we assume that Max wrote it in 1948 After all he felt he had proven to himself and the world that he could write His joint company Clausen Manus did not demand too much from him so in 1953 he started his own company Max Manus Kontormaskiner supplier of office machines

Chosen of the Sun Richard Dansky,2025-01-23 *The Darkest Hour Approaches* Eliezer Wren is a simple man who wants to be a simple priest But stealing the Prince of Shadows plunder and ambushing one of his most trusted servants is not the best way to go about ensuring a simple life or a long and healthy one Now Wren is on the run from the Prince s hunters both living and dead and caught in a web of betrayal from his past Yushuv is a boy who wants nothing more than to grow into being a man in his own time and to scour the ancient catacombs near his village for forgotten treasure to sell But when an ancient evil sets his home to the sword Yushuv is forced to discover the catacombs darkest secret and to take the first steps on the road to his ultimate destiny For in this time of strife even the heavens hide their secrets and a divination gone wrong sets in motion a series of events that threaten to rock the very foundations of the Realm The fates of priests spirits soldiers and the Solar Exalted themselves are bound up together and only the actions of the unlikeliest of heroes can determine what the future holds or if there will be any future at all The Trilogy of the Second Age is the first fiction set in the Age of Sorrows exploring the world of the Exalted The series continues with *Beloved of the Dead* and reaches its monumental conclusion with *Children of the Dragon*

Getting Under Our Skin Lisa T. Sarasohn,2021-09-21 How vermin went from being part of everyone s life to a mark of disease filth and lower status For most of our time on this planet vermin were considered humanity s common inheritance Fleas lice bedbugs and rats were universal scourges as pervasive as hunger or cold at home in both palaces and hovels But with the spread of microscopic close ups of these creatures the beginnings of sanitary standards and the rising belief that cleanliness equaled class vermin began to provide a way to scratch a different itch the need to feel superior and to justify the exploitation of those pronounced ethnically and entomologically inferior In *Getting*

Under Our Skin Lisa T Sarasohn tells the fascinating story of how vermin came to signify the individuals and classes that society impugns and ostracizes How did these creatures go from annoyance to social stigma And how did people thought verminous become considered almost a species of vermin themselves Focusing on Great Britain and North America Sarasohn explains how the label vermin makes dehumanization and violence possible She describes how Cromwellians in Ireland and US cavalry on the American frontier both justified slaughter by warning Nits grow into lice Nazis not only labeled Jews as vermin they used insecticides in the gas chambers to kill them during the Holocaust Concentrating on the insects living in our bodies clothes and beds Sarasohn also looks at rats and their social impact Besides their powerful symbolic status in all cultures rats endurance challenges all human pretentions From eighteenth century London merchants anointing their carved bedsteads with roasted cat to repel bedbugs to modern day hedge fund managers hoping neighbors won t notice exterminators in their penthouses the studies in this book reveal that vermin continue to fuel our prejudices and threaten our status Getting Under Our Skin will appeal to cultural historians naturalists and to anyone who has ever scratched and then gazed in horror
