A Postcard History of the Passenger Liner Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting

An Accidental Masterpiece Dietrich Neumann,2020-12-07 The Complex History of a Building With the temporary exhibition pavilion of the German Reich at the 1929 International Exposition in Barcelona Mies van der Rohe designed an architectural icon but also a controversial monument of the way the Weimar Republic portrayed itself The building is one of the most unusual success stories in the history of architecture Despite its short existence its reputation grew steadily in the following decades thanks in part to magnificent photographs It was soon considered the constructed manifesto of the Modern Age and its spatial and ideational ambitions were called a milestone of Modern architecture This comprehensively broadly researched book portrays the building s complex history and its political entanglement up to and including its reconstruction according to van der Rohe s plans at the original site between 1983 and 1986 Presumably the most important and influential architectural icon of the 20th century uniquely documented and depicted On the occasion of the 50th anniversary of Mies death and the Bauhaus centenary Many never before published photographs from archives in the US Germany and Spain

Postcards from the Río Bravo Border Daniel D. Arreola,2013-08-01 A history in postcards of Mexican tourist towns in the first half of the twentieth century with nearly two hundred illustrations Between 1900 and the late 1950s Mexican border towns came of age both as tourist destinations in some cases by luring Americans who wanted to escape Prohibition and as emerging cities Commercial photographers produced thousands of images of their streets plazas historic architecture and tourist attractions which were reproduced as photo postcards Daniel Arreola has amassed one of the largest collections of these border town postcards and in this book he uses this amazing visual archive to offer a new way of understanding how the border towns grew and transformed themselves in the first half of the twentieth century as well as how they were pictured to attract American tourists *Postcards from the R o Bravo Border* presents nearly two hundred images of five towns on the lower R o Bravo Matamoros Reynosa Nuevo Laredo Piedras Negras and Villa Acu a Using multiple images of sites within each city Arreola tracks changes both within the cities as places and in the ways in which they ve been pictured for tourist consumption He also shows how postcard images when systematically and chronologically arranged can tell us a great deal about how Mexican border towns have been viewed over time This innovative visual approach demonstrates that historical imagery no less than text or maps can be assembled to tell a fascinating geographical story This is masterful cultural geography with rich visual materials delivered in a unique and compelling fashion *Journal of Latin American Geography* The Publishers Weekly ,1909 **The Philatelic West** ,1904 *Persian Postcards* Fred A. The variety of roles explored reflects the diversity of Arab culture. With particular focus placed on political, diplomatic and cultural issues, the book explores the relationship between the Arab world and the West, covering topics including Islam and its common ancestry and relationship with Christianity, the varying forms of Arab civilization and its inability in more modern times to fulfil the dreams of nineteenth and twentieth century reformers, continued stereotyping of the Arab world within the media. The Arab Diaspora is essential reading for those with interests in Arabic and Middle East studies and cultural studies.

Aloud Miguel Algarin, Bob Holman, 1994-08-15 A multicultural selection of contemporary poems by Puerto Rican and other poets who meet at the Nuyorican Poets Cafe in New York City *Boating*, 1965-01 *Ramillies 1706* Michael McNally, 2014-10-20 A detailed slim volume on the Duke of Marlborough's masterstroke that saw the capture of the vital cities of Brussels, Bruges, Louvain and Antwerp. This is the story of one of the great battles which forged the reputation of the Duke of Marlborough as one of history's greatest captains. His tactical intuition on the field of Ramillies led to perhaps his finest battlefield performance and paved the way for a campaign that would see much of Flanders, including vital cities such as Bruges, Brussels, Antwerp and Louvain, come under Allied control. This title, with vivid illustrations and detailed consideration of the disposition, strength and plans of the opposing forces, examines the context and consequences of the battle. It also illuminates the intense fighting at the height of the engagement, including two enormous cavalry melees in which Marlborough was unhorsed and very nearly killed. Authorized Images: James Fenimore Cooper, Edgar Allan Poe, William Cullen Bryant Greg Gatenby, 2024-11-18 Authorized Images Famous Authors Seen Through Antique and Vintage Postcards James Fenimore Cooper, Edgar Allan Poe, William Cullen Bryant. In any census of the pioneers of American literature, these three will always have a position of honour. Cooper's Leatherstocking novels, e.g. *Last of the Mohicans*, were the first USA fictions to find a wide readership in Europe. Poe's reputation took longer to build, but posthumously his star rose considerably, forcing his compatriots to pay greater attention to his work and applaud his genius. Bryant is less read now than he was, but his influence once was huge, not merely in the world of books but in changing the face of his beloved New York City, think Bryant Park or the Metropolitan Museum of Art, both of which he created. Pioneering postcards of all three men were plentiful and are on abundant display in this volume, with explanatory text and informative captions. *Authorized Images: Volume 2*, 2024-09-16 The *Authorized Images Famous Authors Seen Through Antique and Vintage Postcards* Omnibus Edition is comprised of 5 volumes. Volume 2 of *Authorized Images* is an examination of several renowned writers.
