The Transparent Eye Eugene Chen Eoyang,1993-02-01 In this

remarkably stimulating and erudite series of essays Eugene Chen Eoyang explores many of the underlying paradigms and presumptions in world literature highlighting issues of cultural interchange and cultural hegemony Translation is seen in this perspective as a central rather than a peripheral factor in understanding the meanings of literary works Taking concrete examples from Chinese literature Eoyang illuminates not only the semantic collisions that underlie the complexities of translation but also the cultural identities reflected in language and values The title alludes to a passage from Emerson reminding us that the object on view is not only the vision we see but is also the organ through which that vision is apprehended The confrontation with a radical other which is for many Westerners what Chinese literature represents is thus both a discovery and a self discovery Part of the book's originality is that it identifies a new audience one that is incipiently bicultural or knowledgeable about what has been called East as well as what has been called West Readers with an interest in the theory and practice of translation will find this an inspiring and indispensable work one that prepares the way for a comparative poetics that recognizes the intense subjectivities in every culture and at the same time establishes a basis for a comparison that tries to transcend even as it acknowledges provincialities Matisse Rene Percheron, Christian Brouder, 2004-11-23 This book traces and sheds new light on the development of Henri Matisse's oeuvre which spans some sixty years Lavishly illustrated with almost four hundred images this deluxe volume includes reproductions of the artist's most famous paintings paired with lesser known documents and photographs culled from the archives of his estate The authors also gathered firsthand accounts related by numerous participants in the Vence and Le Cateau projects The result is an almost day to day look at Matisse's process as he created these works as well as an intimate portrait of both the artist and the man Jacket **Southwest France**, 2003 Complemented by travel advice maps accommodation listings and site descriptions a collection of essays and articles on the region of southwestern France by noted authors travel writers and journalists is organized thematically under such headings as Current Events Food and Drink and Museums and Monuments Original 15 000 first printing **They All Lived in Redding** Dennis Paget, 2008-04-23 For the past three centuries Redding has been a magnet for so many celebrated people They have discovered Redding's magical qualities that have consistently made Connecticut Magazine designate Redding as the Number One Small Town in Connecticut **May I Come In?** Wendy Goodman, 2018-09-25 New York magazine's interiors editor shares some of her most memorable house profiles in this stunning and inspiring visual tour For May I Come In design editor extraordinaire Wendy Goodman visits seventy homes that express their owners spirit and passions In this pantheon imagination and originality hold sway Artists and eccentrics are the equals of aristocrats and the mandarins of design Alba Clemente's closet is a Renaissance theater Amy Sedaris built a playroom but not for children Andrew Solomon houses his guests in an igloo Richard Avedon's private walls were bulletin boards Kathy Ruttenberg's house is an animal kingdom Jay Maisel called a former bank with seventy two rooms home Every room has a story to tell and a purpose for being A self described design hunter Goodman spent thirty years seeking

extraordinary living spaces In her long career she has found three things to be true The first is that curiosity and never giving up will get you everywhere The second is what Diana Vreeland stated best when she wrote Few things are more fascinating than the opportunity to see how other people live during private hours The third is that houses never lie These principles underscore her search for individuality human interest and authenticity in design May I Come In is profusely illustrated with superb images by leading interior photographers as well as Goodman s own snapshots and memorabilia related to her quests It is an irresistible visual record of the art of living by one of its most astute observers Page after page reveals interiors that practically vibrate with charisma while others wax a poetic minimalism that despite a lack of things overwhelm with grace Vogue When it comes to the New York design scene Wendy Goodman is positively an institution Town Country
