Matters Of Substance Drugs Debated:

Matters of Substance Griffith Edwards, 2006-10-17 This book explores the pervasive influence of drugs around the world from marijuana to nicotine caffeine opiates and other licit and illicit substances It positions the various uses and abuses of drugs within the web of ideas held worldwide about personal freedom pleasure and globalization Authoritative and wide ranging *Matters of Substance* is an essential reference in the ongoing debate about drug use *Matters of Substance* Griffith Edwards, 2004 *The Drug Legalization Debate* James A. Inciardi, 1999-08-27 Retaining the focus and spirit of the widely adopted and acclaimed first edition *The Drug Legalization Debate* Second Edition offers several alternatives and addresses the major issues involved in the continuing drug legalization debate This volume delves into the history of drug use and abuse in America and the federal government's approach to drug control including deterrence treatment education and prevention Chapters confront topics such as the decriminalization of marijuana the risk of the war on drugs an enlightened legalization policy and discussion of the ethical and legal dilemmas at stake Updates of retained chapters and new chapters deal with drug use trends of the 90s including the use of cannabis as a wonder drug and a look at whether legalizing drugs would really reduce violent crime In addition the second edition features a substantive introduction and closes with Paul Stares acclaimed piece titled *Drug Legalization Time for a Real Debate* Students and professionals in substance abuse criminology sociology psychology and social work will find this book essential reading **Substance Abuse, the Science of Addiction and Options for Treatment** United States. Congress. Senate. Committee on Labor and Human Resources, 1998 **Drugs, Intoxication and Society** Angus Bancroft, 2009 Drugs and intoxication have been facts of human life for millennia Across the world many people use illicit drugs smoke and drink alcohol Yet very little has been written about their experiences Academics politicians and media reporting on the topic tend only to consider intoxication when it manifests as a social problem This book takes a more nuanced view and examines drug and alcohol use from a wider number of perspectives It discusses issues such as the history of drug and alcohol use the attractions of intoxication to individuals and the control and regulation of drugs and their users It also examines evidence for the rise of the so called pharmaceutical society and asks whether society is on the cusp of a revolution in psychoactive substance use Book Jacket *Using Substances to Enhance Performance: A Psychology of Neuroenhancement* Ralf Brand, 2017-01-18 Neuroenhancement NE is a behavior conceptualized as the use of a potentially psychoactive substance to enhance ones already proficient cognitive capacities Depending on the specific definitions used prevalence estimates vary greatly between very low 0.3% for illicit substances to astonishingly high 89% for freely available lifestyle substances These variations indicate that further research and more conceptual and theoretical clarification of the NE construct is dearly needed The contributions of this research topic aim to do just that Specific questions addressed are How prevalent is NE behavior How can NE research profit from the already more evolved field of social science research on doping in sports How is NE

perceived by the public What psychological processes and variables play a role in the decision to neuroenhance A wide array of methodological approaches is used to investigate these questions The topics contributions range from theoretical to experimental accounts on NE and they utilize a diverse set of methods ranging from qualitative to neuroscientific approaches The research presented here represents a first step towards what we have labeled a psychological approach to NE By addressing the questions above this research topic hopefully advances our understanding of NE behavior As with every new field of research new answers always prompt new questions In light of what we know now about NE we hope that the findings presented here will be pursued by other researchers in the future Clearly the endeavor to understand NE behavior has only just begun
