Excerpt from Matthew Prior A Study of His Public Career and Correspondence This sketch Matthew Prior s public life has been put together under many difficulties It owes its existence to a suggestion put forward by Professor Firth to whom I take this opportunity of tendering my thanks for much advice and encouragement Arrangements had been made for its publication in a slightly larger form in 1915 but the outbreak of war brought all work upon it to a close and it is now only possible to put to it a few finishing touches After so great an interval it is not easy to pick up threads dropped six years ago and the book must therefore go forth as it stands As a writer of light verse Prior stands second to none in the Augustan age of English literature but it is only recently that attention has been drawn to him as a writer of prose of unusual excellence The discoveries made by Mr Waller at Longleat and the scattered fragments of his voluminous correspondence which have been printed in the Historical MSS Commission reports and in private collections have brought this aspect of Prior into greater prominence and the printed material has been fully used by Mr Bickley in his excellent Life of Matthew Prior But in addition to printed sources there are masses of letters of varying value both in the Record Office and in private hands and from these it is possible to reconstruct in detail and to value the work done by Prior in the diplomatic service It is true that his influence on public affairs may not have been great and it is probable that his enemies exaggerated it but his papers enable us to judge some of the matters of hottest dispute in the party politics of the first quarter of the eighteenth century and to judge the responsibility of the accused in the charges brought by the Whigs against the Tory ministry of Harley and St John About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Cambridge Review* ,1922 Matthew Prior Leopold George Wickham Legg, 1921

Cox, 1929 **The Unpublished Letters of Henry St John, First Viscount Bolingbroke Vol 1** Adrian Lashmore-Davies, Mark Goldie, 2020-07-26 Henry St John First Viscount Bolingbroke 1678 1751 enjoyed varied political and literary careers This five volume edition draws together his letters It includes a general introduction headnotes biographical index and a consolidated index It is suitable for historians and literary scholars working in the eighteenth century **The Facts on File Companion to British Poetry** Virginia Brackett, 2008 Presents a comprehensive A to Z reference with approximately 400 entries providing facts about British poets and their poetry from the seventeenth and eighteenth centuries [Bibliography of Eighteenth Century English Literature](#) , **Alexander Pope in the Making** Joseph Hone, 2021-01-28 How did Alexander Pope become the greatest poet of the eighteenth century Modern scholarship has typically taken Pope s rise to greatness and subsequent remoteness from lesser authors for granted As a major poet he is treated as the successor of Milton and Dryden or the precursor of Wordsworth Drawing on previously neglected texts and overlooked archival materials *Alexander Pope in the Making* immerses the poet in his milieu providing a substantial new account of Pope s early career from the earliest traces of manuscript circulation to the publication of his collected Works and beyond In this book Joseph Hone illuminates classic poems such as *An Essay on Criticism* *The Rape of the Lock* and *Windsor Forest* by setting them alongside lesser known texts by Pope and his contemporaries many of which have never received sustained critical attention before Pope s earliest experiments in satire panegyric lyric pastoral and epic are all explored alongside his translations publication strategies and neglected editorial projects By recovering values shared by Pope and the politically heterodox men and women whose works he read and with whom he collaborated this book constructs powerful new interpretive frameworks for some of the eighteenth century s most celebrated poems *Alexander Pope in the Making* mounts a comprehensive challenge to the Scriblerian paradigm that has dominated scholarship for the past eighty years It sheds fresh light on Pope s early career and reshapes our understanding of the ideological landscape of his era This book will be essential reading for scholars and students of eighteenth century literature history and politics *Louis XIV Outside In* Tony Claydon, Charles-Édouard Levillain, 2016-04-22 Louis XIV the Sun

King casts a long shadow over the history of seventeenth and eighteenth century Europe Yet while he has been the subject of numerous works much of the scholarship remains firmly rooted within national frameworks and traditions Thus in France Louis is still chiefly remembered for the splendid baroque culture his reign ushered in and his political achievements in wielding together a strong centralised French state whereas in England the Netherlands and other protestant states his memory is that of an aggressive military tyrant and persecutor of non Catholics In order to try to break free of such parochial strictures this volume builds upon the approach of scholars such as Ragnhild Hatton who have attempted to situate Louis legacy within broader pan European context But where Hatton focused primarily on geo political themes Louis XIV Outside In introduces current interests in cultural history integrating aspects of artistic literary and musical themes In particular it examines the formulation and use of images of Louis XIV abroad concentrating on Louis neighbours in north west Europe This broad geographical coverage demonstrates how images of Louis XIV were moulded by the polemical needs of people far from Versailles and distorted from any French originals by the particular political and cultural circumstances of diverse nations Because the French regime s ability to control the public image of its leader was very limited the collection highlights how at least in the sphere of public presentation his power was frequently denied subverted or appropriated to very different purposes questioning the limits of his absolutism which has also been such a feature of recent work
