Expedition Deep Ocean Josh Young, 2020-12-01 The riveting story of the exploration of the final frontier of our planet the deep ocean and history making mission to reach the bottom of all five seas Humankind has explored every continent on earth climbed its tallest mountains and gone into space But the largest areas of our planet remain largely a mystery the deep oceans At over 36 000 feet deep there areas closest to earth's core have remained nearly impossible to reach until now Technological innovations engineering breakthroughs and the derring do of a team of explorers led by explorer Victor Vescovo brought together an audacious global quest to dive to the deepest points of all five oceans for the first time in history The expedition pushed technology to the limits mapped hidden landscapes discover previously unknown life forms and began to piece together how life in the deep oceans affects our planet but it was far from easy Expedition Deep Ocean is the inside story of this exploration of one of the most unforgiving and mysterious places on our planet including the site of the Titanic wreck and the little understood Hadal Zone Vescovo and his team would design the most advanced deep diving submersible ever built where the pressure on the sub is 8 tons per square inch the equivalent of having 292 fueled and fully loaded 747s stacked on top of it And then there were hurricane laden ocean waters and the byzantine web of global oceanography politics Expedition Deep Ocean reveals the marvelous and otherworldly life found in all five deep ocean trenches including several new species that have posed as of yet unanswered questions about survival and migration from ocean to ocean Then there are the newly discovered sea mounts that cause tsunamis when they are broken by shifting subduction plates and jammed back into the earth's crust something that can now be studied to predict future disasters Filled with high drama adventure and the thrill of discovery Expedition Deep Ocean celebrates courage and ingenuity and reveals the majesty and meaning of the deep ocean

The Publishers Weekly, 1910 **Esquire**, 2004 *The 100 Best TV Commercials-- and why They Worked* Bernice Kanner, 1999 Who cares about commercials All of us that's who The television commercial has become a part of the American narrative as important a signifier of our times as a great work of literature or a blockbuster motion picture Indeed we often care more about the commercials than we do about the programming itself ask any Super Bowl aficionado The ad is art and some of the art is brilliant The hundred commercials in this book are brilliant They were selected by a team of experts at the Leo Burnett Company creators of Tony the Tiger and the Maytag Repairman in collaboration with dozens of advertising pros from around the globe and throughout the industry Their choices represent the very best that the advertising world has to offer Together they portray a half century of human hopes wishes and dreams

Bernice Kanner whose On Madison Avenue column in New York magazine was required reading for more than a decade has taken each of these small masterpieces and analyzed what made them work why they so successfully moved us and how they broke through the clutter to become a part of the cultural landscape From the Marlboro Man to the Energizer Bunny The 100 Best TV Commercials provides a hundred important lessons in how we communicate and persuade today It is vital reading for those who create our commercial culture and those who live in it **Art Directors Annual 74** RotoVision SA,1996
