**Corot and His Friends** Everard Meynell,1909 **A Convergent Model of Renewal** C. Wess Daniels,2015-02-20 A Convergent Model of Renewal addresses a perceived crisis for faith traditions How do we continue to value tradition while allowing for innovative and contextual expressions of faith to emerge How do we foster deeper participation and decentralization of power rather than entrenched institutionalism Drawing on insights from contemporary philosophy contextual theology and participatory culture C Wess Daniels calls for a revitalization of faith traditions In A Convergent Model of Renewal he proposes a model that holds together both tradition and innovation in ways that foster participatory change This convergent model of renewal is then applied to two case studies based in the Quaker tradition one from the early part of the tradition and the second from an innovative community today The model however is capable of being implemented and adapted by communities with various faith backgrounds Friends' Intelligencer ,1881

*Adolescents and risk* Silvia Bonino,Elena Cattelino,Silvia Ciairano,2006-01-16 Over the past several decades the field of adolescent health and development has undergone a profound and pervasive transformation in the knowledge and understanding of young lives Popular myths about adolescent that they are hapless victims of raging hormones or risk takers who see themselves as invulnerable have been laid to rest But even more important has been the emergence of a new scientific perspective about this stage of life It is a perspective that recognizes that adolescents are active participants in the shaping of

their own development that the influence of context family peers school media neighborhood workplace is as important in determining the life course as are the attributes of the individual and indeed that it is the interaction between context and individual attributes that is really crucial that there is remarkable diversity in the pathways that can be taken by youth as they traverse between late childhood and young adulthood and that the adolescent life stage is itself an extended one a full decade of the life trajectory with very different tasks opportunities and challenges in the later years than in the earlier years It is this new scientific perspective that so thoroughly informs the present volume by Silvia Bono Elena Cattelino and Silvia Ciairano The volume is an impressive contribution to understanding risk behavior among contemporary Italian adolescents but it goes far beyond that to advance understanding of adolescent behavior and development as a whole
