of Literatures in the Iberian Peninsula is the second comparative history of a new subseries with a regional focus published  
by the Coordinating Committee of the International Comparative Literature Association As its predecessor for East Central  
Europe this two volume history distances itself from traditional histories built around periods and movements and explores  
from a comparative viewpoint a space considered to be a powerful symbol of inter literary relations Both the geographical  
pertinence and its symbolic condition are obviously discussed when not even contested Written by an international team of  
researchers who are specialists in the field this history is the first attempt at applying a comparative approach to the  
plurilingual and multicultural literatures in the Iberian Peninsula The aim of comprehensiveness is abandoned in favor of a
