such as slides film and even a full scale structure built especially for his 1953 retrospective at the Guggenheim Museum Placing Wright s exhibitions side by side with his writings Smith shows how integral these exhibitions were to his vision and sheds light on the broader discourse concerning architecture and modernism during the first half of the twentieth century Wright on Exhibit features color renderings photos and plans as well as a checklist of exhibitions and an illustrated catalog of extant and lost models made under Wright s supervision *The Bauhaus and America* Margret Kentgens-Craig,2001 After the Bauhaus s closing in 1933 many of its protagonists movd to the United States where their acceptance had to be cultivated In this book Margret Kentgens Craig shows that the fame of the Bauhaus in America was the result not only of the inherent qualities of its concepts and products but also of a unique congruence of cultural supply and demand of a consistent flow of information and of fine tuned marketing Thus the history of the American reception of the Bauhaus in the 1920s and 1930s foreshadows the paterns of fame making that became typical of the post World War II art world BOOK JACKET *Modern Architecture International Exhibition* ,1932 **Modern Architecture** Museum of Modern Art (New York, N.Y.),1969
