The Marshall Mission to China, 1945-1947 Roger B. Jeans, 2011-08-28 This book breaks new ground in our understanding of a pivotal period in the history of American foreign policy the early Cold War and the struggle for dominance in China between the Nationalists and Communists The famous Marshall Mission to China has been the focus of intense scrutiny ever since General George C Marshall returned home in January 1947 and full scale civil war consumed China Yet until recently there was little new to add to the story of the failure to avert war between the Chinese Nationalists under Chiang Kai shek and the Chinese Communists led by Mao Zedong Drawing on a newly discovered insider's account Roger B Jeans makes an invaluable contribution to our understanding of Marshall's failed mediation effort and the roles played by key Chinese figures Working from the letters and diary of U S Army Colonel John Hart Caughey Jeans offers a fresh

interpretation of the mission From beginning to end Caughey served as Marshall s executive officer in effect his right hand man assisting the general in his contacts with the Chinese and drafting key documents for him Through his writings Caughey provides a rare behind the scenes view of the general s mediation efforts as well as intimate glimpses of the major Chinese figures involved including Chiang Kai shek Madame Chiang and Zhou Enlai In addition to daily contact with Marshall Caughey often rubbed shoulders with these major Nationalist and Communist figures As a meticulous eyewitness to history in the making Caughey offers crucial insight into a key moment in post World War II history

The Allure of the Nation Tze-ki Hon,2015-03-20 Covering half a century from 1895 to 1945 *The Allure of the Nation* examines three interlocking aspects of Chinese nationalist modernity 1 the quest to balance global connectivity and ethnic authenticity 2 the desire to balance national unity and local autonomy 3 the drive to balance history s place as a tool of political propaganda and as a weapon used to critique orthodoxy and political suppression By viewing the nation as a cluster of spatial temporal relations that link individuals to a territorial state this book provides a different view of early twentieth century China where the party state did not have full control of political and cultural affairs and alternative political perspectives such as local self government and democratic aristocracy could be freely expressed
