resulted in "counter-myths" that are structured much like the nationalist histories to which they object, in effect reproducing the national antiquity myth by extolling "the ancient roots" of the Bosniac nation. The controversial issue of departing from or returning to the traditional faith constitutes one part of the complex and multifaceted problem of conversion to Islam in Serbian historiography, which is the subject of Bojan Aleksov's able and nuanced contribution.

Given the overlap among many of the principal themes of the volume—namely the kinds of historical narratives that nationalist histories frequently rely on—a conclusion would have made this solid volume even stronger. The lack of chapters on similar topics outside the former Yugoslavia is perhaps the book's single weak organizational point. The title evokes "the Balkans" as its site of inquiry, but its chapters are limited to the former Yugoslav states, which are not synonymous with or representative of the broader area. This criticism, however, may be addressed by the English-language edition of this work, which will include some additional chapters and which should appear in 2005 (also published by the Institute for History in Sarajevo).

As a whole, this volume presents valuable contributions toward a better understanding of historical controversies that pervade contemporary scholarship in Bosnia-Herzegovina, Croatia, Serbia and Macedonia. It also marks a significant departure from the rather disappointing series of historical works produced in Bosnia after the war. Unlike some monographs and popular history books, this collection overtly addresses and criticizes the kinds of historical accounts that have served the interests of the nationalist elites in the region. Furthermore, it broadens the criteria of historical study by encouraging cross-disciplinary approaches that engage insights from sociological and anthropological studies as well as original research. The only drawback to the volume's focus on "myths" is the underlying positivist framing of history as a science that is charged with the task of distinguishing "prejudiced myth" from "objective truth." Perhaps future studies in Bosnia will move beyond this limitation and consider how all narratives, including historical ones, are plotted and constructed, that is, how they embody particular prejudices in the very way in which they explain the past. Such approaches might make even more trenchant political critiques and more imaginative historical works possible in Bosnian historiography. Until then, this collection stands as a noteworthy critical study that deserves wide readership.

Stuart J. Kaufman (Ithaca: Cornell University Press, 2001), *Modern Hatreds: The Symbolic Politics of Ethnic War*, 280 pp. + illustrations.

According to Kaufman, symbols and the emotions on which they play are more important in determining whether ethnic conflict will occur than looking at rational self-interest. So what does he mean by symbols? As Communism fell in Eastern Europe, I found it fascinating to watch the discussions over whose picture should a country place on their money, which historic flag should be adopted, what events or people should be honored on stamps, what history to teach, and what holidays a country should celebrate. I thought at the time that the choices told me a lot about the direction in which the country was traveling but didn't really think of them as symbolic of anything else nor did I really contemplate the impact the choices had on other groups in the area. I just found it interesting that Uzbekistan wanted to honor fifteenth-century astronomer Uleg Bek (Ulug' Bey) or that Lithuania commemorated the sixtieth

Crisis in Kirkuk Liam Anderson, Gareth Stansfield, 2011-09-21 Despite dramatic improvements in the security environment in most parts of Iraq still unresolved are many core political issues foremost of which is the conflict over the city and region of Kirkuk With immense oil reserves and a diverse population of Kurds Arabs and Turkmens Kirkuk in recent history has been scarred by interethnic violence and state sponsored ethnic cleansing Throughout the twentieth century successive Arab Iraqi governments engaged in a brutal campaign to increase Kirkuk's Arab population at the expense of Kurds and Turkmens Following the invasion of Iraq in 2003 a newly empowered Kurdish leadership has sought to reverse the effects of the Arabization campaign and to hold a referendum on incorporating

Kirkuk into the Kurdistan Region The Kurds efforts are however strongly opposed by Kirkuk s Turkmens Arabs and also most states in the region In Crisis in Kirkuk Liam Anderson and Gareth Stansfield offer a dispassionate analysis of one of Iraq s most pressing and unresolved problems Drawing on extensive research and fieldwork the authors investigate the claims to ownership made by each of Kirkuk s competing communities They consider the constitutional mechanisms put in place to address the issue and the problems that have plagued their implementation The book concludes with an assessment of the measures needed to resolve the crisis in Kirkuk stressing that finding a compromise acceptable to all sides is vital to the future stability of Iraq

Genocide, Mass Atrocity, and War Crimes in Modern History James Larry Taulbee, 2017-02-06 Defining genocide as an international crime this two volume set provides a comparative study of historical cases of genocide and mass atrocity clearly identifying the factors that produced the attitudes and behaviors that led to them discusses the reasons for rules in war and examines how the five principles laid out in the Geneva Conventions and other international agreements have functioned in modern warfare Written by an expert on international politics and law **Genocide Mass Atrocity and War Crimes in Modern History** Blood and Conscience is an easy to understand resource that explains why genocides and other atrocities occur why humanity saw the need to create rules that apply during war and how culture rules about war and the nature of war intersect The first volume addresses the history and development of the normative regime s that define genocide and mass atrocity Through a comparative study of historical cases that pay particular attention to the factors involved in producing the attitudes and behaviors that led to the incidents of mass slaughter and mistreatment the author identifies the reasons that genocides and mass atrocities in the 20th century were largely ignored until the early 1990s and why even starting then responses were inconsistent The second book discusses why rules in war exist which factors may lead to the adoption of rules what defines a war crime and how the five fundamental principles laid out in the Geneva Conventions and other international agreements have actually functioned in modern warfare It also poses and answers the interesting question of why we should obey rules when our opponents do not The final chapter

examines what actions could serve to identify future situations in which mass atrocities may occur and identifies the problems of timely humanitarian intervention in international affairs Fanaticism and Conflict in the Modern Age Matthew Hughes, Gaynor Johnson, 2004-12-15 This volume presents new and established scholars writing on a range of subjects from the Dervishes of the 1890s to the terrorism and guerrilla wars of the post 1945 period The Balkans Mark Biondich, 2011-02-17 The Balkans has long been a place of encounter among different peoples religions and civilizations resulting in a rich cultural tapestry and mosaic of nationalities But it has also been burdened by a traumatic post colonial experience The transition from traditional multinational empires to modern nation states has been accompanied by large scale political violence that has resulted in the deaths of hundreds of thousands and the permanent displacement of millions more Mark Biondich examines the origins of these conflicts while treating the region as an integral part of modern European history shaped by much the same forces and intellectual impulses It reminds us that political violence and ethnic cleansing have scarcely been unique to the Balkans As Biondich shows the political violence that has bedevilled the region since the late nineteenth century stemmed from modernity and the ideology of integral nationalism employed by states that were dominated by democratizing or authoritarian nationalizing elites committed to national homogeneity Throughout this period the Balkan proponents of democratic governance civil society and multiculturalism were progressively marginalized The history of revolution war political violence and ethnic cleansing in the modern Balkans is above all the story of this tragic marginalization **Islam, Nationalism, and 1000 Years of European Poetry** David Aberbach, 2025-08-29 Islam Nationalism and 1000 Years of European Poetry considers the long history of Islam and European poetry and its central importance in the development of European culture David Aberbach offers a panoramic history of European poetry as it was affected by the centuries long conflict between Islam and Christianity from the early medieval Old French chanson de geste The Song of Roland set against the Muslim invasion of France in the eighth century to Fishta s The Highland Lute the early twentieth century Albanian epic of the struggle for independence from Ottoman rule achieved in 1912 Aberbach surveys some of the outstanding poetry set against Islamic conquests and domination particularly in Spain and the Balkans The book includes detailed comparisons between medieval and modern Arabic and Hebrew poetry closely linked in technique and subject matter but moving apart after 1789 A result of constant religious warfare in Europe was disillusionment with religion increasing focus on humanistic concerns and the evolution of a secular State separate from religion This captivating history of Islam and European poetry will be of great interest to any scholars of nationalism Jewish and Islamic Studies history comparative literature and cultural studies **Sectarianism in Iraq** Fanar Haddad, 2014-05-03 This is a critical look at how we compartmentalise Iraqis into Shi as and Sunnis It is the first comprehensive analysis of sectarian relations and identities in Iraq The focus is on the uprisings in March 1911 and fall of the Ba ath in 2003 Patriotism and the Cross Glenn M. Western Horizon Daniel Markey, 2020-02-03 World news headlines routinely proclaim China's status as a great power But when it comes to explaining how new Chinese efforts to exercise global leadership like the vaunted Belt and Road Initiative are likely to affect regional politics or play into the competition between the United States and China sophisticated answers can be hard to find In China's Western Horizon scholar and former U S State Department policy planner Daniel S Markey draws from extensive interviews travels and historical research to assess what China is doing to explain how states along the historic Silk Road that once knitted Eurasia together are turning Chinese initiatives to their own purposes and to offer thoughtful recommendations for U S policymakers *Making Democratic Governance Work* Pippa Norris, 2012-08-27 Is democratic governance good for economic prosperity Does it accelerate progress towards social welfare and human development Does it generate a peace dividend and reduce conflict at home Within the international community democracy and governance are widely advocated as intrinsically desirable goals Nevertheless alternative schools of thought dispute their consequences and the most effective strategy for achieving critical developmental objectives This book argues that both liberal democracy and state capacity need to be strengthened to ensure effective development within the constraints posed by structural conditions Liberal democracy allows citizens to express their demands hold public officials to account and rid themselves of ineffective leaders Yet rising public demands that cannot be met by the state generate disillusionment with incumbent officeholders the regime or ultimately the promise of liberal democracy ideals Thus governance capacity also plays a vital role in advancing human security enabling states to respond effectively to citizens' demands *The Routledge Handbook of Ethnic Conflict* Karl Cordell, Stefan Wolff, 2016-01-22 A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the

Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed The Routledge Handbook of Ethnic Conflict enables readers to gain a better insight into such defining moments in post Cold War international history as the disintegration of the Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses *Armenia's Future, Relations with Turkey, and the Karabagh Conflict* Levon Ter-Petrossian, 2017-09-18 This project addresses recurring questions about Armenian Turkish relations the legacy of the Armenian genocide of 1915 and relations between the Armenian diaspora and the Republic of Armenia Additionally it discusses the ongoing conflict with Azerbaijan and the Armenian government's handling of the commemoration of the one hundredth anniversary of the Armenian genocide

Regime Transition in Central Asia Dagikhudo Dagiev, 2013-10-30 Presenting a study of regime transition political transformation and the challenges that faced the post Communist republics of Central Asia on independence this book focuses on the process of transition in Tajikistan and Uzbekistan and the obstacles that these newly independent states are facing in the post Communist period The book analyses how in the early stages of their independence the governments of Central Asia declared that they would build democratic states but that in practice they demonstrated that they are more inclined towards authoritarianism With the declaration of independence Tajikistan and Uzbekistan like many other former Soviet national republics were faced with the issues of nationalism ethnicity identity and territorial delimitation This book looks at how the discourse of patrimonial nationalism in post Communist Tajikistan and Uzbekistan has been the elites strategy to address all these issues to maintain the stateness of their respective countries to preserve the unity of their nation to fill the ideological void of post Communism to prevent the rise of Islam and to legitimize their authoritarian practice Arguing against the claim that the Central Asian states have undergone divergent paths of transition the book discusses how they are in fact all authoritarian although exhibiting different degrees of authoritarianism This book provides a useful contribution to studies on Central Asian Politics and International Relations *Just and Unjust Peace* Daniel Philpott, 2015 In the wake of massive injustice how can justice be achieved and peace restored Is it possible to find a universal standard that will work for people of diverse and often conflicting religious cultural and philosophical backgrounds *Dilemmas of Diversity After the Cold War* Michele R.
