Modern Japan A Brief History

Indra Levy

Modern Japan A Brief History:

Modern Japan Arthur E. Tiedemann, 1968 **Modern Japan** Brian Powell, 1969 **Brief History of Japan** Jonathan Clements, 2017-08-01 This fascinating history tells the story of the people of Japan from ancient teenage priest queens to teeming hordes of salarymen a nation that once sought to conquer China yet also shut itself away for two centuries in self imposed seclusion First revealed to Westerners in the chronicles of Marco Polo Japan was a legendary faraway land defended by a fearsome Kamikaze storm and ruled by a divine sovereign It was the terminus of the Silk Road the furthest end of the known world a fertile source of inspiration for European artists and an enduring symbol of the mysterious East In recent times it has become a powerhouse of global industry a nexus of popular culture and a harbinger of post industrial decline With intelligence and wit author Jonathan Clements blends documentary and storytelling styles to connect the past present and future of Japan and in broad yet detailed strokes reveals a country of paradoxes a modern nation steeped in ancient traditions a democracy with an emperor as head of state a famously safe society built on 108 volcanoes resting on the world's most active earthquake zone a fast paced urban and technologically advanced country whose land consists predominantly of mountains and forests Among the chapters in this Japanese history book are The Way of the Gods Prehistoric and Mythical Japan A Game of Thrones Minamoto vs Taira Time Warp 200 Years of Isolation The Stench of Butter Restoration and Modernization The New Breed The Japanese Miracle **Modern Japan. A Brief History ... Revised Edition** Arthur Everett TIEDEMANN, 1962 *Modern Japan* Arthur E. Tiedemann, 1962 **The Emergence of Modern Japan** Janet Hunter, 2014-06-06 The main emphasis of this book is upon political social and economic developments as conditioned by Japan's interaction with the outside world the advance of industrialisation and the emergence of the Japanese nation state Unlike previous textbooks on the history of modern Japan Janet Hunter's book adopts a thematic approach which makes the period much more accessible for readers who wish to pursue their particular interests throughout the period Moreover it will also establish a greater awareness of the cultural and institutional continuities which are crucial to any proper understanding of modern Japan Modern Japan Louis G. Perez, 2011-05 Integrating political events with cultural economic and intellectual movements Modern Japan provides a balanced and authoritative survey of modern Japanese history A summary of Japan's early history emphasizing institutions and systems that influenced Japanese society provides a well rounded introduction to this essential volume which focuses on the Tokugawa period to the present The fourth edition now includes the latest scholarship on feudal women samurai tactics Chonin education political reforms in the late Tokugawa period foreigners in Nagasaki during the Meiji Restoration and early feminism in the later Meiji period Bringing Japanese history up to date the final chapter details current issues including the impact of the Gulf Wars on Japanese international relations and the recent controversies over Japanese war crimes the so called Comfort Women and the Yasukuni war memorial

Modern China and Japan Conrad Schirokauer, 1982 Concentrates on the main currents of modern Chinese and

Japanese history from the seventeenth century to the present Balances social and political facets as well as Far Eastern thought religion and the arts

Early Modern Japan Conrad Totman,1993-10-30 This thoughtfully organized survey of Japan's early modern period 1568-1868 is a remarkable blend of political economic intellectual literary and cultural history The only truly comprehensive study in English of the Tokugawa period it also introduces a new ecological perspective covering natural disasters resource use demographics and river control

A Short Economic History of Modern Japan George Cyril Allen,1981

Translation in Modern Japan Indra Levy,2017-07-05 The role of translation in the formation of modern Japanese identities has become one of the most exciting new fields of inquiry in Japanese studies This book marks the first attempt to establish the contours of this new field bringing together seminal works of Japanese scholarship and criticism with cutting edge English language scholarship Collectively the contributors to this book address two critical questions 1 how does the conception of modern Japan as a culture of translation affect our understanding of Japanese modernity and its relation to the East West divide and 2 how does the example of a distinctly East Asian tradition of translation affect our understanding of translation itself The chapter engage a wide array of disciplines perspectives and topics from politics to culture the written language to visual culture scientific discourse to children's literature and the Japanese conception of a national literature Translation in Modern Japan will be of huge interest to a diverse readership in both Japanese studies and translation studies as well as students and scholars of the theory and practice of Japanese literary translation traditional and modern Japanese history and culture and Japanese women's studies

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer,2007-04-24 In Volume 2 of Columbia's comprehensive anthology of modern Japanese literature thoughtfully selected and carefully translated readings portray the vast changes that have transformed Japanese culture since the end of the Pacific War Beginning with the Allied Occupation in 1945 and concluding with the early twenty first century these stories poems plays and essays reflect Japan's heady transition from poverty to prosperity its struggle with conflicting ideologies and political beliefs and the growing influence of popular culture on the country's artistic and intellectual traditions Organized chronologically and by genre within each period readings include fiction by Hayashi Fumiko and Oe Kenzaburo poems by Ayukawa Nobuo Katsura Nobuko and Saito Fumi plays by Mishima Yukio and Shimizu Kunio and a number of essays among them Eto Jun on Natsume Soseki and his brilliant novel *Kokoro* The Heart of Things and Kawabata Yasunari on the shape of his literary career and the enduring influence of classical Japanese literature Some authors train a keen eye on the contemporary world while others address the historical past and its relationship to modern culture Some adopt an even broader scope and turn to European models for inspiration while others look inward exploring psychological and sexual terrain in new often daring ways Spanning almost six decades this anthology provides a thorough introduction to a profound period of creative activity

Modern Japan: A Very Short Introduction Christopher Goto-Jones,2009-04-23 Japan is arguably today's most successful industrial economy combining almost

unprecedented affluence with social stability and apparent harmony Japanese goods and cultural products are consumed all over the world ranging from animated movies and computer games all the way through to cars semiconductors and management techniques In many ways Japan is an icon of the modern world and yet it remains something of an enigma to many who see it as a confusing montage of the alien and the familiar the ancient and modern The aim of this Very Short Introduction is to explode the myths and explore the reality of modern Japan by taking a concise look at its history economy politics and culture ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **The Rise of Modern Japan** Linda K. Menton,2003-01-01 Graphs charts photographs maps and timelines enhance a history of modern Japan ~**A Short Economic History of Modern Japan** G. C. Allen,1962

Modern Japan Elise K. Tipton,2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play s various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality *A Short Economic History of Modern Japan, 1867-1937* ,1946 **Epidemics and Mortality in Early Modern Japan** Ann Bowman Jannetta,2014-07-14 Ann Jannetta suggests that Japan s geography and isolation from major world trade routes provided a cordon sanitaire that prevented the worst diseases of the early modern world from penetrating the country before the mid nineteenth century Her argument is based on the medical literature on epidemic diseases on previously unknown evidence in Buddhist temple registers and on rich documentary evidence from contemporary observers in Japan Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Japan faces the World, 1925-1952* Mary L. Hanneman,2013-11-14 By 1925 the process of Japan s transition to a modern industrialised westernised state was pretty much complete Not only had the imperial tradition been restored with the Meiji Restoration in 1868 but some forms of democratic parliamentary institutions had been set up However during the years that followed the so called imperial democracy came under pressure as the Japanese sought to impose tight control over not only their own people but their neighbours as well This impressive survey looks at developments at home Japan s aggressive foreign policy particularly in China during the 1930s and 1940s and her role in the Second World War Finally the post war reconstruction orchestrated

by the Americans is examined The cut off point is 1952 the date when Allied Occupation formally came to an end and Japan once again became independent **A Short Economic History of Modern Japan, 1867-1937** George Cyril Allen, 1953
