Working Women in Jordan Fida J. Adely, 2024-06-05 A surprising look at the meaningful social changes in Jordan as lived and navigated by educated women. Jordan has witnessed tremendous societal transformation in its relatively short history. Today it has one of the most highly educated populations in the region, and women have outnumbered and outperformed their male counterparts for more than a decade. Yet despite their education and professional status, many women still struggle to build a secure future and a life befitting of their aspirations. In Working Women in Jordan, anthropologist Fida J. Adely turns to college-educated women in Jordan who migrate from rural provinces to Amman for employment opportunities. Building on twelve years of ethnographic research and extensive interviews with dozens of women, as well as some of their family members, Adely analyzes the effects of developments such as expanded educational opportunities, urbanization, privatization, and the restructuring of the labor market on women's life trajectories, gender roles, the institution of marriage, and kinship relations. Through these rich narrative accounts and the analysis of broader socio-economic shifts, Adely explains how educational structures can act as both facilitators and obstacles to workforce entry, along with cascading consequences for family and social life. Deeply thorough and compelling, Working Women in Jordan asks readers to think more critically about what counts as development and for whom.

Poet of Jordan: The Political Poetry of Muhammad Fanatil Al-Hajaya William Tamplin, 2018-08-13 In Poet of Jordan, William Tamplin presents two decades worth of the political poetry of Muhammad Fanatil al-Hajaya, a Bedouin poet from Jordan and a public figure whose voice channels a popular strain of popular Arab political thought. Tamplin's footnoted translations are supplemented with a biography, interviews, and pictures in order to contextualize the man behind the poetry. The aesthetics and politics of vernacular Arabic poetry have long gone undervalued. By offering a close study of the life and work of Hajaya, Tamplin demonstrates the impact that one poet's voice can have on the people and leaders of the contemporary Middle East.

The Making of Jordan Yoav Alon, 2007-03-30 At the beginning of the 20th Century, Jordan

like much of the Middle East was a loose collection of tribes By the time of its independence in 1946 it had the most firmly embedded state structures in the Arab world Drawing on previously untapped sources Yoav Alon examines how the disparate clan networks of Jordan were integrated into the Hashemite monarchy with the help of the British colonial administrators Taking a grassroot perspective Alon looks at how the weak state institutions introduced by the Ottomans developed in British administered Jordan He shows how these institutions co opted the structures of tribal society and produced a distinctive hybrid between modern statehood and tribal confederacy which still characterises Jordan to this day Key figures emerge in the story of Jordan s transformation such as John Glubb the charismatic Arab Legion commander who perceived the power of the nomadic tribes and sought to harness it to imperial Britain s statebuilding agenda Alon s innovative approach to the origins of modern Jordan provides fresh insights not only into Jordan itself but into colonialism modernity and the development of the state in the Middle East
