Modern Korean Fiction An Anthology:

Modern Korean Literature Peter H. Lee, 1990-11-01 The history of Korea in the twentieth century has been a grim succession of oppressions humiliations and betrayals Yet through it all modern Korean writers have been able not only to find their own distinctive voices but to forge a national literature that speaks eloquently of the survival of the human spirit in times of crisis This anthology includes the finest translations available of representative works in all the major genres including poetry fiction essays and drama Readers will gain a clear sense of the development of twentieth century Korean literature and a vivid impression of the resilience strength and tenacity of modern Korean writers *Modern Korean Literature* Chong-wha Chung, 1995 First Published in 1995 Routledge is an imprint of Taylor Francis an informa company

Modern Korean Fiction Bruce Fulton, 2005 Home to the New York Yankees the Bronx Zoo and the Grand Concourse the Bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream Once hailed as a wonder borough of beautiful homes parks and universities the Bronx became during the 1960s and 1970s a national symbol of urban deterioration Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York's growing and increasingly more diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough's rejuvenation In recounting the varied and extreme transformations this remarkable community has undergone Evelyn Gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s Rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough Although the history of the Bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today Yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future Modern Korean Fiction Bruce Fulton, 2005 To represent the past century of Korean fiction this definitive collection extends beyond familiar writers challenges cultural norms and crosses political borders By including stories from neglected female North Korean and Wolbuk

writers those who migrated to the North after 1945 and whose works were widely banned in South Korea and by bringing politically engaged works together with experimental ones this anthology articulates the ruptures and resolutions that have marked the peninsula From sketches of desperate peasants in straitened circumstances to fast moving visceral tales of contemporary South Korea the works in this collection bear witness to the dramatic transformations and events in twentieth century Korean history including Japanese colonial rule civil war and economic modernization in the South The writers explore these developments through a variety of literary and political lenses revealing with precision and poignancy their impact on Korean society and the lives of ordinary Koreans This anthology includes an introduction which synthesizes the key developments in modern Korean literature and a comprehensive bibliography of Korean fiction in translation Modern Korean fiction, 2005 A Cultural History of Modern Korean Literature Kyoungsoon Lee, 2022-02-07 A Cultural History of Modern Korean Literature The Birth of Oppa examines the cultural and social impact of Japanese colonialism and modernity on the wider aspects of everyday life in Korea Selected as an outstanding work in 2004 by the National Academy of Sciences in South Korea is by any measure a remarkable work Lee considers a wide range of literary and cultural texts exploring significant historical moments and phenomena while critically assessing personal experience and social life mainly how modernity colonialism and total war shaped national and cultural identities This text also reflects the complex and refractory legacy of Japanese colonialism and modernity Lee's foray into the complex relationships between Korea Japan and the West offers a thoroughly engaging study of the origins of modern Korean culture and society during the first half of the 20th century The first of its kind Lee offers a richly vivid portrait of a rapidly changing landscape fueled by modernity and technology one that will appeal to general readers and students alike *Routledge Handbook of Modern Korean Literature* Yoon Sun Yang, 2020-03-26 The Routledge Handbook of Modern Korean Literature provides a comprehensive overview of a Korean literary tradition which is understood as a multifaceted nexus of practices both homegrown and transnational The handbook discusses the perspectives from which modern Korean literature has thus far been defined analyzing which voices have been enunciated underappreciated or completely silenced and how we can enrich our understanding of it Taking up diverse transnational and interdisciplinary standpoints this volume aims to encourage readers not to treat modern Korean literature as a self evident category but to examine it anew as an uncultivated and uncharted space unearthing its internal chasms and global connections Divided into five parts the themes covered include the following Literature and power Borders and boundaries Rationality in literature and its limits Language ethnicity and translation Korean literature in the changing mediascape By introducing new conceptual paradigms to the field of modern Korean literature this book will appeal to students and scholars of Korean East Asian and world literature alike **Contemporary World Fiction** Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders

from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must Contemporary World Fiction A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions

The Future of Silence: Fiction by Korean Women, 2018-04-20 These nine stories span half a century of contemporary writing in Korea 1970s 2010s bringing together some of the most famous twentieth century women writers with a new generation of young bold voices Their work explores a world not often seen in the West taking us into the homes families lives and psyches of Korean women men and children In the earliest of the stories Pak Wan so considered the elder stateswoman of contemporary Korean fiction opens the door into two Identical Apartments where sisters in law bound as much by competition as love struggle to live with their noisy extended families O Chong hui who has been compared to Joyce Carol Oates and Alice Munro examines a day in the life of a woman after she is released from a mental institution while younger writers such as Kim Sagwa Han Yujoo and Ch on Un yong explore violence biracial childhood and literary experimentation These stories will sometimes disturb and sometimes delight as they illuminate complex issues in Korean life and literature Internationally acclaimed translators Bruce and Ju Chan Fulton have won several awards and fellowships for the numerous works of Korean literature they have translated into English Featuring these authors and stories Pak Wan so Identical Apartments Kim Chi won Almaden So Yong un Dear Distant Love O Chong hui Wayfarer Kong Son ok The Flowering of Our Lives Kim Ae ran The Future of Silence Han Yujoo I Am the Scribe Or Am I Kim Sagwa Today Is One of Those The More You Move the Stranger It Gets Days and It s Simply Amazing Ch on Un yong Ali Skips Rope

The Columbia Companion to Modern East Asian Literature Joshua S. Mostow, 2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed

analyses of the works of Tanizaki Jun ichiro and Murakami Haruki to far ranging explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay
