authorial strategy in modern Latin American literature An ideology is implicit in modern Latin American literature argues Roberto Gonz lez Echevarra a through which both the literature itself and criticism of it define what Latin American literature is and how it ought to be read In the works themselves this ideology is constantly subjected to a radical critique and that critique renders the ideology productive and in a sense is what constitutes the work In literary criticism however too frequently the ideology merely serves as support for an authoritative discourse that seriously misrepresents Latin American literature In *The Voice of the Masters* Gonz lez Echevarra attempts to uncover the workings of modern Latin American literature by creating a dialogue of texts a dynamic whole whose parts are seven illuminating essays on seminal texts in the tradition As he says To have written a sustained expository book would have led me to make the same kind of critical error that I attribute to most criticism of Latin American literature I would have naively assumed an authoritative voice while attempting a critique of precisely that critical gesture Instead major works by Barnet Cabrera Infante Carpentier Cort zar Fuentes Gallegos Garc a M rquez Roa Bastos and Rod are the object of a set of independent deconstructive and reconstructive readings Writing in the tradition of Derrida and de Man Gonz lez Echevarra brings to these readings both the penetrative brilliance of the French master and a profound understanding of historical and cultural context His insightful annotation of Cabrera Infante's *Meta* End the full text of which is presented at the close of the study clearly demonstrates these qualities and exemplifies his particular approach to the text

Latin American literature and follows its growth. Nine key texts are analysed by contributors including works by the big four of the Boom: Fuentes, Cortázar, García Márquez and Vargas Llosa. This book will be of interest to critics and teachers of Latin American literature and will be useful too as supplementary reading for students of Spanish and Hispanic Studies. It will also serve as a helpful introduction to those new to Latin American fiction. The New Novel in Latin America Philip Swanson, 1995. A critical analysis of Latin American writers from the 1960s to the present reveals interesting insights into the ambiguity of the fiction's break from traditional social realism to a representation of realism which is incomprehensible and paradoxical. Swanson, Hispanic studies, State U of New York Albany examines the new novel's inconsistencies, political statements and postmodern intertextuality through the work of Puig, Vargas Llosa, Cabrera Infante, Fuentes, Donoso Sainz, Lispector and Isabel Allende. **Modern Latin American Fiction** John King, 1987. Essays focus on the works of García Márquez, Borges, Vargas Llosa and Puig. Modern Latin-American fiction writers, 1992. Modern Latin American Literature David William Foster, Virginia Ramos Foster, 1975. **Modern Latin American Literature** David William Foster, Foster, 1975. *Modern Latin American Literature* Foster, *Urban Spaces in Contemporary Latin American Literature* José Eduardo González, Timothy R. Robbins, 2018-06-29. This collection of essays studies the depiction of contemporary urban space in twenty-first century Latin American fiction. The contributors to this volume seek to understand the characteristics that make the representation of the postmodern city in a Latin American context unique. The chapters focus on cities from a wide variety of countries in the region, highlighting the cultural and political effects of neoliberalism and globalization in the contemporary urban scene. Twenty-first century authors share an interest for images of ruins and dystopian landscapes and their view of the damaging effects of the global market in Latin America tends to be pessimistic. As the book demonstrates, however, utopian elements or spaces of hope can also be found in these narrations which suggest the possibility of transforming a capitalist-dominated living space. **Modern Latin American Literature: A Very Short Introduction** Roberto González Echevarría, 2012-01-13. This Very Short Introduction chronicles the trends and traditions of modern Latin American literature, arguing that Latin American literature developed as a continent-wide phenomenon, not just an assemblage of national literatures in moments of political crisis. With the Spanish American War came Modernismo, the end of World War I and the Mexican Revolution produced the avant-garde, and the Cuban Revolution sparked a movement in the novel that came to be known as the Boom. Within this narrative, the author covers all of the major writers of Latin American literature from Andrés Bello and José Martí through Borges and García Márquez to Fernando Vallejo and Roberto Bolaño.
