**Macom Farm** Tom Baldwin, 2022-11-30 Macom Farm in the Township of Prank a hideaway hamlet in Connecticut is as beautiful as it is sinister as tranquil as Gettysburg's killing fields before the battle cries Prank has complicated social maladies underlying secrets and remarkable attributes as a developer's dreamland seen by Sullivan Development as a singularly unique opportunity to build a magnificent city structure Conquering the obstacles devolves into a daunting contest no developer in history has been confronted with before Jason Lang recently graduated and newly hired at Sullivan is appointed project manager in charge of exploring the viability of Prank a seemingly benign career start that instead becomes his baptismal journey into chaos and mayhem In due course Jason teams up with Andrea Cole a stunningly beautiful social analyst hired to evaluate the impact of such a project on the Prank population Andrea and Jason find common ground and begin an intensely intimate and gripping relationship that endures many twists and ugly hardships If developers were to descend on Prank and disturb its anthills the peaceful calm of rural living would be forever disturbed But worse a thriving local operation would be severely threatened and that cannot be allowed to happen Macom Farm begins the

chronicle as an intense standoff between the developer the townsfolk and an unknown force with evil ambitions a mixture of clever parry and thrust legal maneuvering cyber warfare flawed law brutal murders and perverse strategies **Downtown America** Alison Isenberg, 2009-05-15 Downtown America was once the vibrant urban center romanticized in the Petula Clark song a place where the lights were brighter where people went to spend their money and forget their worries But in the second half of the twentieth century downtown became a shadow of its former self succumbing to economic competition and commercial decline And the death of Main Streets across the country came to be seen as sadly inexorable like the passing of an aged loved one Downtown America cuts beneath the archetypal story of downtown s rise and fall and offers a dynamic new story of urban development in the United States Moving beyond conventional narratives Alison Isenberg shows that downtown s trajectory was not dictated by inevitable free market forces or natural life and death cycles Instead it was the product of human actors the contested creation of retailers developers government leaders architects and planners as well as political activists consumers civic clubs real estate appraisers even postcard artists Throughout the twentieth century conflicts over downtown s mundane conditions what it should look like and who should walk its streets pointed to fundamental disagreements over American values Isenberg reveals how the innovative efforts of these participants infused Main Street with its resonant symbolism while still accounting for pervasive uncertainty and fears of decline Readers of this work will find anything but a story of inevitability Even some of the downtown s darkest moments the Great Depression s collapse in land values the rioting and looting of the 1960s or abandonment and vacancy during the 1970s illuminate how core cultural values have animated and intertwined with economic investment to reinvent the physical form and social experiences of urban commerce Downtown America its empty stores revitalized marketplaces and romanticized past will never look quite the same again A book that does away with our most clichéd approaches to urban studies Downtown America will appeal to readers interested in the history of the United States and the mythology surrounding its most cherished institutions A Choice Outstanding Academic Title Winner of the 2005 Ellis W Hawley Prize from the Organization of American Historians Winner of the 2005 Lewis Mumford Prize for Best Book in American Planning History Winner of the 2005 Historic Preservation Book Prize from the University of Mary Washington Center for Historic Preservation Named 2005 Honor Book from the New Jersey Council for the Humanities
