SHARING Some people think I don't like sharing but that isn't true at all I love sharing I mean what's not to love about being able to go up to someone and say Hey can I have some of that candy And then they give you some Or Can I ride your bike for a while And then you get to ride their bike Sharing is awesome Sometimes you have to be careful though Like if someone comes up to me and says Can I have one of your cookies Well if I gave them a cookie then I might not have any cookies left to share with other people and that would be like the opposite of sharing So I have to say no Because sharing is really important

SCOUT Before we moved here we had this big dog named Scout Mom always said he was a total mutt but I think he was also part collie And maybe part golden retriever

But he was definitely at least half mutt Scout was supposed to be the whole family's dog but he was really mine I mean after school it was me he would be waiting for And when anyone threw his ball I'm the one he always brought it back to And at night it was always my bed he slept in But before we moved here my Mom found out we weren't allowed to have any pets so we had to give him away to my cousins I don't really talk about it but sometimes I dream about Scout He's got his ball in his mouth and he's looking for me And I'm saying Here Scout I'm right here But he doesn't hear me and he can't see me and I'm saying I'm right here Scout I'm right here And then I don't know I guess I wake up I don't know if Scout dreams about me

UNIVERSE I saw on the Discovery Channel where a long time ago before the beginning of time the entire universe was as small as the head of a pin And everything was inside it Stars planets houses people cars other pins Everything in the universe And then one day this head of a pin just exploded and everything came out at like a million degrees hot and a million miles an hour And all the stars and planets and people and cars just kept getting bigger and bigger until they filled up all of space and all of time just burning and melting and spinning And as soon as I heard that I knew that I was just like that pin and that one day I'm gonna explode too And when I do fire and stars and whole worlds will come out of me and they'll be a million degrees hot and they'll travel so far and so fast that I'll never have to come back here again Not ever Not ever
