## **Modern Authoritarianism:**

**The Rise of Authoritarianism** Gary Wiener, 2019-07-15 Due to factors such as income inequality and multiculturalism liberal democracies have weakened considerably in the last quarter century Democratic ideals have retreated in Venezuela the Philippines Hungary Russia and Poland Many worry that they're on the decline in such bastions of democracy as western Europe and the United States where fear and distrust of the status quo has opened the door to authoritarian leaders Is there any hope of getting back to the prosperity and freedom of the mid twentieth century The viewpoints in this enlightening resource tackle this complex topic from a broad range of perspectives *Authoritarianism, Fascism, and National Populism* Gino Germani, 2019-11-14 This definitive contribution to social science literature describes German's general theory of authoritarianism in modern society and applies it to authoritarian movements and regimes likely to merge out of the social mobilization of the middle and lower classes Germani analyzes the nature conditions and determinants of authoritarianism in the context of Latin American political and social developments and compares it to European fascist movements **New Authoritarianism** Jerzy J. Wiatr, 2019-01-14 The authors deal with comparative aspects of contemporary authoritarianism Authoritarian tendencies have appeared in several old democracies but their main successes take place in several states which departed from dictatorial regimes recently The book contains case studies of contemporary Hungarian Kenyan Polish Russian and Turkish regimes Authoritarianism, National Populism and Fascism Gino Germani, 2021-07-23 This definitive contribution to social science literature describes German's general theory of authoritarianism in modern society and applies it to authoritarian movements and regimes likely to merge out of the social mobilization of the middle and lower classes Germani analyzes the nature conditions and determinants of authoritarianism in the context of Latin American political and social developments and compares it to European fascist movements Encyclopedia of Government and Politics M. E. Hawkesworth, Maurice Kogan, 1992 This international Encyclopaedia provides a balanced comprehensive account of contemporary trends in world regional and nation state government and politics In 84 in depth essays in two scholarly volumes it captures the global changes both theoretical and factual of the past three decades to give an unprecedented overview of political science and political affairs on the eve of the new century An essential resource the Encyclopaedia of Government and Politics provides accessible authoritative coverage of the disciplines examining for example political theory processes and behaviour policy making pressure groups contemporary ideologies international relations and major issues in world affairs such as nationalism arms control and disarmament human rights and democratisation Written by experts in each field the entries analyse traditional approaches including access to non Western sources assess recent developments and chart the directions for future research each topic includes extensive bibliographies and suggestions for further reading The volumes are introduced and placed in context in an essay by Mary Hawkesworth which advances the conceptual treatment of political science to a new level The articles which follow are thematically arranged under nine main headings

Political Theory Central Concepts Contemporary Ideologies Contemporary Political Systems Political Institutions Political Forces and Political Processes Centripetal and Centrifugal Forces in the Nation State Policy Making and Policies International Relations and Major Issues in Contemporary Politics Key Features 84 in depth essays provide a current balanced guide to international government and politics Prestigious editors lead a worldwide team of specialists in each field Clearly and incisively written to meet the needs of students lecturers and practitioners at all levels Helpful bibliographies of new and classic material and suggestions for further reading Extensive index of Topics and People

*The Evolution of Authoritarianism and Contentious Action in Russia* Bogdan Mamaev, 2024-06-30 This Element examines the evolution of authoritarianism in Russia from 2011 to 2023 focusing on its impact on contentious action It argues that the primary determinant of contention at both federal and regional levels is authoritarian innovation characterized by reactive and proactive repression Drawing on Russian legislation reports from human rights organizations media coverage and a novel dataset of contentious events created from user generated reports on Twitter using computational techniques this Element contributes to the understanding of contentious politics in authoritarian regimes underscoring the role of authoritarianism and its innovative responses in shaping contentious action

*Research Handbook on Authoritarianism* Natasha Lindstaedt, Jeroen J.J. den Bosch, 2024-03-14 This Research Handbook provides a comprehensive overview of the latest knowledge on authoritarian regimes Combining quantitative research and in depth case studies it not only provides novel insight into past and current dictatorships but also forecasts potential new developments in authoritarian politics

**Critical Theory and Authoritarian Populism** Jeremiah Morelock, 2018-12-17 After President Trump's election BREXIT and the widespread rise of far Right political parties much public discussion has intensely focused on populism and authoritarianism In the middle of the twentieth century members of the early Frankfurt School prolifically studied and theorized fascism and anti-Semitism in Germany and the United States In this volume leading European and American scholars apply insights from the early Frankfurt School to present day authoritarian populism including the Trump phenomenon and related developments across the globe Chapters are arranged into three sections exploring different aspects of the topic theories historical foundations and manifestations via social media Contributions examine the vital political psychological and anthropological theories of early Frankfurt School thinkers and how their insights could be applied now amidst the insecurities and confusions of twenty first century life The many theorists considered include Adorno Fromm L. W. and Marcuse alongside analysis of Austrian Facebook pages and Trump's tweets and operatic media drama This book is a major contribution towards deeper understanding of populism's resurgence in the age of digital capitalism

Non-Democratic Regimes Paul Brooker, 2013-12-04 A comprehensive assessment of the nature and evolving character of authoritarian regimes their changing character and the main theoretical explanations of their incidence character and performance The third edition covers the rise of new forms of disguised dictatorship and semi competitive democracy in the

21st Century      **Democratization and Authoritarianism in the Arab World** Larry Diamond, Marc F. Plattner, 2014-04-01  
 Three years after the first mass protests of the Arab Spring senior scholars weigh in on how democracy is faring Beginning in December 2010 a series of uprisings swept the Arab world toppling four longtime leaders and creating an apparent political opening in a region long impervious to the third wave of democratization Despite the initial euphoria the legacies of authoritarianism polarized societies politicized militaries state centric economies and pervasive clientelism have proven stubborn obstacles to the fashioning of new political and social contracts Meanwhile the strong electoral performance of political Islamists and the ensuing backlash in Egypt have rekindled arguments about the compatibility of democracy and political Islam Even though progress toward democracy has been halting at best the region's political environment today bears little resemblance to what it was before the uprisings In Democratization and Authoritarianism in the Arab World leading scholars address the questions posed by this period of historic change in the Middle East and North Africa This volume includes chapters examining several broad themes the region's shifting political culture the relationship between democracy and political Islam the legacy of authoritarian ruling arrangements the strengths and vulnerabilities of remaining autocracies and the lessons learned from transitions to democracy in other parts of the world It also features chapters analyzing the political development of individual countries Algeria Bahrain Egypt Jordan Libya Morocco Saudi Arabia Syria Tunisia Yemen and the monarchies of the Gulf Contributors Hicham Ben Abdallah El Alaoui April Longley Alley Zoltan Barany Ahmed Benchemsi Mieczysław P Boduszyński Nathan J Brown Jason Brownlee Daniel Brumberg John M Carey Michele Dunne Abdou Filali Ansary Hillel Fradkin F Gregory Gause III Husain Haqqani Steven Heydemann Philip N Howard Muzammil M Hussain Amaney Jamal Stéphane Lacroix Juan J Linz Tarek Masoud Marc F Plattner Tarek Radwan Hamadi Redissi Andrew Reynolds Michael Robbins Olivier Roy Peter J Schraeder Alfred Stepan Mark Tessler Frédéric Volpi Lucan Way Frederic Wehrey Sean L Yom      **The Protestant Ethic and the Spirit of Authoritarianism** Milan Zafirovski, 2007-08-17 This book explores the historical and contemporary relationships of Protestant Puritanism to political and social authoritarianism It focuses on Puritanism's original subsequent and modern influences on and legacies in political democracy and civil society within historically Puritan Western societies There is emphasis on Great Britain and particularly America from the 17th to the 21st century      **The Military in Post-Revolutionary Iran** Hesam Forozan, 2015-10-14 Iran's Revolutionary Guard Corps also known as the Sepah has wielded considerable and increasing power in Iran in recent decades Established in 1979 by Ayatollah Khomeini as a paramilitary organisation charged with protecting the nascent Islamic regime and countering the untrustworthy Imperial army or Artesh the Sepah has evolved into one of the most powerful political ideological military and economic players in Iran over recent years The Sepah is entrusted with a diverse set of indoctrination apparatus training programmes and system welfare provisions intended to broaden support for the regime Although established as a paramilitary organisation the Sepah developed to have its own ministry complex bureaucracy and diversified functions

alongside its own network and personnel This book provides a comprehensive overview of the Sepah and its role It examines the position of the Sepah in Iranian state and society explores the nature of the Sepah s involvement in politics and discusses the impact of the Sepah s political rise on Iran s economy and foreign policy Contemporary Iran can only be fully understood by an awareness of the ongoing in fighting among regime factions and increasing popular demands for social change

knowing about the Sepah is central to all this **Democratic and Authoritarian Political Systems in 21st Century**

**World Society** Anna L. Ahlers,Damien Krichewsky,Evelyn Moser,Rudolf Stichweh,2021-03-05 This book is about the radical novelty of modern polities in a functionally differentiated world society Premodern states were at the apex of a stratified hierarchical society They dominated society and all its groups and strata Modern polities have to be understood through the ecology of relations among different function systems They have to find and incessantly redefine their place in society They produce decisions that are collectively binding but in preparing these decisions experience constraints and knowledge deficiencies that are related to the complexity of a functionally differentiated society The book concentrates on six analytical perspectives that reflect how modern polities are embedded into 21st century society These perspectives are the concept of inclusion and the inclusion revolution constitutive of modern polities the internal differentiation of polities that endows them with an unprecedented complexity the fact that polities do not know anything about society and the ways in which they compensate for this representation and responsiveness as strategies to reconnect with society the self restriction of some polities that brings about ever new autonomous expert organizations the symmetrical rise of autocracies and democracies as the two modern variants of political regimes

**Political Roles and Military Rulers** Amos Perlmutter,2014-04-23 This book represents three decades of Perlmutter s experiences and observations The author studies the relationship between the military and politics in Middle East focusing mainly on Egypt as a case study He concludes by analysing the effect this internal relationship has on military performance

**The Middle East** Gary S. Gregg,2005-07-21 For over a decade the Middle East has monopolized news headlines in the West Journalists and commentators regularly speculate that the region s turmoil may stem from the psychological momentum of its cultural traditions or of a tribal or fatalistic mentality Yet few studies of the region s cultural psychology have provided a critical synthesis of psychological research on Middle Eastern societies Drawing on autobiographies literary works ethnographic accounts and life history interviews The Middle East A Cultural Psychology offers the first comprehensive summary of psychological writings on the region reviewing works by psychologists anthropologists and sociologists that have been written in English Arabic and French Rejecting stereotypical descriptions of the Arab mind or Muslim mentality Gary Gregg adopts a life span development framework examining influences on development in infancy early childhood late childhood and adolescence as well as on identity formation in early and mature adulthood He views patterns of development in the context of recent work in cultural psychology and compares Middle Eastern patterns less with Western middle class norms than with those described for the region s neighbors Hindu

India sub Saharan Africa and the Mediterranean shore of Europe The research presented in this volume overwhelmingly suggests that the region s strife stems much less from a stubborn adherence to tradition and resistance to modernity than from widespread frustration with broken promises of modernization with the slow and halting pace of economic progress and democratization A sophisticated account of the Middle East s cultural psychology The Middle East provides students researchers policy makers and all those interested in the culture and psychology of the region with invaluable insight into the lives families and social relationships of Middle Easterners as they struggle to reconcile the lure of Westernized life styles with traditional values

**The Concealment of the State** Jason Royce Lindsey,2013-08-01 Concealing the state frees us from admitting the unpleasant truth in today s world we are utterly dependent upon the state s increasingly frantic efforts to control risk To this end states have created systems of coercion and surveillance that are difficult to reconcile with our theories of political legitimacy The dominant ideology of contemporary politics has become the concealment of the state s overwhelming power and role in daily life We prefer the comfortable illusion that we are autonomous individuals pursuing our plans in a free market If we hold fast to that idea then our distance from policy makers and dwindling political influence seems less important Nonetheless this book draws upon the anarchist tradition and a wide range of accessible policy examples ranging from military organization and environmental regulations to scientific investment and education to reveal the active role of contemporary states behind this ideological screen Lindsey argues that we need a new politics that focuses on exposing and challenging the contemporary state s hidden agency Otherwise how can we democratically control the state when it denies from the outset having the ability to meet our demands

**Authoritarian Socialism in America** Arthur Lipow,1991-01-01 An important book It brings a new perspective on aspects of the socialist movement that sheds light on some of the reasons for its failure Seymour Martin Lipset Many books add to our fund of historical knowledge Few recast our historical understanding Authoritarian Socialism in America is one of those rare books No one will leave this passionately argued book with unshaken faith in the Progressive equation of reform and democracy Lipow s book is a revelation David Brody

The Fragile Dictator Blake W. Mobley,Carl A. Wege,2023-10-24 Authoritarian states are digitizing mass surveillance to extend the reach and depth of autocracy in the service of their shared political goals of precluding organized dissent or the possibility of genuine republican governance The Fragile Dictator Counterintelligence Pathologies in Authoritarian States will explore how authoritarian pathologies impact the use of these technologies in terms of the authoritarian secret police and internal and foreign security services and how larger autocratic pathologies are reflected in the behaviors of security organizations seeking their own survival under the autocratic state The resilience of authoritarianism suggests that twenty first century globalization is not a particular argument for the demise of dictatorship and Western powers must think about new approaches to defeat authoritarian internal and foreign security services as intensified by authoritarian sponsored clandestine networks While authoritarianism has been a subject of scholarship before

the emerging digital authoritarianisms are increasingly powerful adversaries to the world's remaining liberal democracies and suggest a need for a different strategic approach when engaging digitized autocracies

**Critical Theory and Democracy** Enrique Peruzzotti, Martín Plot, 2012 Andrew Arato has become a prominent political theorist in the fields of democratic theory constitutional law and comparative politics He has had a profound and global influence on the thinking of several generations of scholars The Critical Theory and Democracy of Andrew Arato brings together original essays honouring Arato's intellectual contribution to the field based round the themes in Arato's work of Critical Theory and Civil Society Democracy and Dictatorship and Constitution Making It includes contributions from leading

**Encyclopedia of Nationalism, Two-Volume Set**, 2000-10-27 Nationalism has unexpectedly become a leading local and international force since the end of the Cold War Long predicted to give way to pan national or economic organizations nationalism exerts its tremendous force on all continents and in a wide variety of ways The Encyclopedia of Nationalism captures the aims and scope of this force through a wide ranging examination of concepts figures movements and events It is the only encyclopedic study of nationalism available today Key Features International Editorial Board Articles begin with short glossaries and conclude with short bibliographies of titles essential for further reading Website devoted to project at [www.academicpress.com/nations](http://www.academicpress.com/nations)

If you ally compulsion such a referred **Modern Authoritarianism** books that will meet the expense of you worth, get the very best seller from us currently from several preferred authors. If you desire to humorous books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.
