JEREMY BLACK

Modern British History Since 1900

Chris Cook, John Stevenson

Modern British History Since 1900:

Modern British History Jeremy Black, 2000-05-23 Jeremy Black's compelling text provides a thematic account of British history centering on the twentieth century. To the traditional chronological account of historic events, Black adds long range thematic chapters reflecting the full range of topics. These include political structures, ideologies, wars, and international relations, economic history, social history, as well as consumerism, media, and mass communication. The coverage is further enlivened with exhibits providing supplementary background information on key personalities and pivotal events, and numerous illustrations.

Longman Handbook to Modern British History 1714 - 2001 Chris Cook, John Stevenson, 2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s. The Longman Handbook of Modern British History has been extended to include a fully revised bibliography reflecting the wealth of newly published material in recent years, the new statistics on social and economic history, and an expanded glossary of terms. The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office. Designed for the student and general reader, this highly successful handbook provides a wealth of varied data within the confines of a single volume.

The Routledge Companion to Britain in the Twentieth Century, *Contemporary Britain* John Oakland, 2002-05-03 Contemporary Britain is the latest book from the bestselling author of *British Civilization* and *American Civilization*. It is a wide ranging collection of sources concerning every important aspect of life in Britain today, from national identity to moral panics, and offers an accurate snapshot of life in Britain at the beginning of the twenty first century. Topics covered include Britain's role in world affairs, British national identity, constitutional reform, within Britain, social institutions including the NHS, political parties, Morality and religion. Lively and accessible, Contemporary Britain is the essential companion for anyone studying current British civilization.

British History 1815-1914 Norman McCord, Bill Purdue, 2007-10-25 This fully revised and updated edition of Norman McCord's authoritative introduction to nineteenth century British history has been extended to cover the period up to the outbreak of the First World War in 1914. The nineteenth and early twentieth century saw the transformation of Britain from a predominantly rural to a largely urban society, with an economy based upon manufacturing, finance, and trade, and from a society governed mainly by a landed aristocracy to what was increasingly a mass democracy. The authors chart the development of a modern state equipped with a large and expanding bureaucracy, the expansion of overseas territories into one of the world's greatest empires, and changes in religion, social attitudes, and culture. The book divides the era into four chronological periods, with chapters on the political background, administrative development, and social, economic, and cultural changes in each period. Exploring major themes such as the massive increase in population, the question of class, the scope of state activity, and the development of consumerism, leisure, and entertainment, and including a select bibliography and biographical appendix, this updated new

edition provides the ultimate introduction to British history between the end of the Napoleonic Wars and the outbreak of the First World War The Routledge Dictionary of Modern British History John Plowright,2006-09-27 From the Romantic age to the twenty first century The Routledge Dictionary of Modern British History is an essential guide to 250 years of history that have seen this scepter'd isle rise fall and rise again as a major world power A colourful highly readable text The Routledge Dictionary of Modern British History covers Prime Ministers from William Pitt to Winston Churchill and Tony Blair protest movements from Chartism to CND the Troubles and the journey towards a fragile peace in Northern Ireland military conflict from the Crimea to Iraq historic turning points from the Great Reform Act to the Poll Tax riots An important and user friendly resource this comprehensive reference is ideal for A Level students and first year undergraduates as well as anyone interested in the history of the United Kingdom **Modern England 1901-1970** Alfred Havighurst,1976-05-13 This is a comprehensive bibliography of all printed books articles and standard texts on England Ireland Scotland the Commonwealth and the colonies up to 1970 This handbook will serve as a useful guide to scholars teachers at all levels advanced students and the general reader interested in examining the period in some depth Modern British History ,19?? **The Longman Handbook of Modern British History, 1714-1980** Chris Cook,John Stevenson,1983 **The Primacy of Foreign Policy in British History, 1660-2000** William Mulligan,Brendan Simms,2010-10-20 External challenges strategic threats and war have shaped the course of modern British history This volume examines how Britain mobilized to meet these challenges and how developments in the constitution state public sphere and economy were a response to foreign policy issues from the Restoration to the rise of New Labour **The Oxford Handbook of Modern British Political History, 1800-2000** David Brown,Robert Crowcroft,Gordon Pentland,2018-03-29 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain's past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain's political past and a thought provoking long view for those interested in current political challenges **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with

helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index Twentieth Century British History William Simpson, 2005 Rev ed of Working with sources 1988 **The Eclipse of a Great Power** Keith Robbins, 2014-09-19 Covers both the expansion and the decline of the British Empire and the reasons behind this sudden eclipse in power **Putnam's Historical Atlas, Mediaeval and Modern** Ramsay Muir, George Philip, 1927 *A Social History of England 1851-1990* Francois Bedarida, 2013-06-17 In this the second edition of *A Social History of England* Francois B darida has added a new final chapter on the last fifteen years The book now traces the evolution of English society from the height of the British Empire to the dawn of the single European market Making full use of the Annales school of French historiography B darida takes his inquiry beyond conventional views to penetrate the attitudes behaviour and psychology of the British people **The Cambridge Social History of Britain, 1750-1950** F. M. L. Thompson, 1990 Whilst in certain quarters it may be fashionable to suppose that there is no such thing as society historians they have had no difficulty in finding their subject The difficulty rather is that an outpouring of research and writing is hard for anyone but the specialist to keep up with the literature or grasp the overall picture In these three volumes as is the tradition in Cambridge Histories a team of specialists has assembled the jigsaw of topical monographic research and presented an interpretation of the development of modern British society since 1750 from three perspectives those of regional communities the working and living environment and social institutions Each volume is self contained and each contribution thematically defined contains its own chronology of the period under review Taken as a whole they offer an authoritative and comprehensive view of the manner and method of the shaping of society in the two centuries of unprecedented demographic and economic change **Class, Politics, and the Decline of Deference in England, 1968-2000** Florence Sutcliffe-Braithwaite, 2018 In late twentieth century England inequality was rocketing yet some have suggested that the politics of class was declining in significance while others argue that class identities lost little power Neither interpretation is satisfactory class remained important to ordinary people s narratives about social change and their own identities throughout the period 1968 2000 but in changing ways Using self narratives drawn from a wide range of sources the raw materials of sociological studies transcripts from oral history projects Mass Observation and autobiography the book examines class identities and narratives of social change between 1968 and 2000 showing that by the end of the period class was often seen as an historical identity related to background and heritage and that many felt strict class boundaries had blurred quite profoundly since 1945 Class snobberies went underground as many people from all backgrounds began to assert that what was important was authenticity individuality and ordinariness In fact Sutcliffe Braithwaite argues that it is more useful to understand the cultural changes of these years through the lens of the decline of deference which transformed people s attitudes towards class and towards politics The study also examines the claim that Thatcher and New Labour wrote class out of politics arguing that this simple and highly political narrative misses important points Thatcher was driven by political ideology and

necessity to try to dismiss the importance of class while the New Labour project was good at listening to voters particularly swing voters in marginal seats and echoing back what they were increasingly saying about the blurring of class lines and the importance of ordinariness But this did not add up to an abandonment of a majoritarian project as New Labour reoriented their political project to emphasize using the state to empower the individual *Labour and the Countryside* Clare V. J. Griffiths, 2007-05-10 The common reputation of the British Labour Party has always been as a thing of the town an essentially urban phenomenon which has failed to engage with the rural electorate or identify itself with rural issues Yet during the inter war years Labour viewed the countryside as a crucial electoral battleground even claiming that the party could never form a majority administration without winning a significant number of seats across rural Britain Committing itself to a series of campaigns in rural areas during the 1920s and 30s Labour developed a rural and often specifically agricultural programme on which to attract new support and members Labour and the Countryside takes this forgotten chapter in the party's history as a starting point for a fascinating and wide ranging re-examination of the relationship between the British Left and rural Britain The first account of this aspect of Labour's history this book draws on extensive research across a wide variety of original source material from local party minutes and trade union archives to the records of Labour's first two periods in government Historical literary and visual representations of the countryside are also examined along with newspapers magazines and propaganda materials In reconstructing the contexts within which Labour attempted to redefine itself as a voice for the countryside the resulting study presents a fresh perspective on the political history of the inter war years

The Labour Governments 1964-70, Volume 1 Steven Fielding, 2003 This book looks at how the British Labour Party came to terms with the 1960s cultural revolution specifically changes to the class structure place of women black immigration the generation gap and calls for direct political participati

If you ally compulsion such a referred **Modern British History Since 1900** ebook that will come up with the money for you worth, get the enormously best seller from us currently from several preferred authors.
