**When We Arrive**, 2003 Most readers and critics view Mexican American writing as a subset of American literature or at best as a stream running parallel to the main literary current Jos Aranda now reexamines American literary history from the perspective of Chicano a studies to show that Mexican Americans have had a key role in the literary output of the United States for one hundred fifty years In this bold new look at the American canon Aranda weaves the threads of Mexican American literature into the broader tapestry of Anglo American writing especially its Puritan origins by pointing out common ties that bind the two traditions narratives of persecution of immigration and of communal crises alongside chronicles of the promise of America Examining texts ranging from Mar a Amparo Ruiz de Burton s 1872 critique of the Civil War Who Would Have Thought It through the contemporary autobiographies of Richard Rodriguez and Cherr e Moraga he surveys Mexican American history politics and literature locating his analyses within the context of Chicano a cultural criticism of the last four decades When We Arrive integrates Early American Studies and Chicano a Studies into a comparative cultural framework by using the Puritan connection to shed new light on dominant images of Chicano a narrative such as Aztl n and the borderlands Aranda explores the influence of a nationalized Puritan ethos on nineteenth and twentieth century writers of Mexican descent particularly upon constructions of ethnic identity and aesthetic values He then frames the rise of contemporary Chicano a literature within a critical body of work produced from the 1930s through the 1950s one that combines a Puritan myth of origins with a literary history in which American literature is heralded as the product and producer of social and political dissent Aranda s work is a virtual sourcebook of historical figures texts and ideas that revitalizes both Chicano a studies and American literary history By showing how a comparative study of two genres can produce a more integrated literary history for the United States When We Arrive enables critics and readers alike to see Mexican American literature as part of a broader tradition and establishes for its writers a more deserving place in the American literary imagination

*Land*

*Uprising* Simón Ventura Trujillo, 2020-03-31 *Land Uprising* reframes Indigenous land reclamation as a horizon to decolonize the settler colonial conditions of literary intellectual and activist labor. Simón Ventura Trujillo argues that land provides grounding for rethinking the connection between Native storytelling practices and Latinx racialization across overlapping colonial and nation state forms. Trujillo situates his inquiry in the cultural production of La Alianza Federal de Mercedes, a formative yet understudied organization of the Chicana movement of the 1960s and 1970s. La Alianza sought to recover Mexican and Spanish land grants in New Mexico that had been dispossessed after the Mexican American War. During graduate school, Trujillo realized that his grandparents were activists in La Alianza. Written in response to this discovery, *Land Uprising* bridges La Alianza's insurgency and New Mexican land grant struggles to the writings of Leslie Marmon Silko, Ana Castillo, Simon Ortiz, and the Zapatista Uprising in Chiapas, Mexico. In doing so, the book reveals uncanny connections between Chicana, Latinx, Latin American, and Native American and Indigenous studies to grapple with Native land reclamation as the future horizon for Chicana and Latinx indigeneities.

*Beginning Ethnic American Literatures* Helena Grice, 2001-06-23 This text is designed to introduce students not only to ethnic American writers but also to the cultural contexts and literary traditions in which their work is situated.
