Smythe, 2017-05-15 Studies on the reception of the classical tradition are an indispensable part of classical studies Understanding the importance of ancient civilization means also studying how it was used subsequently This kind of approach is still relatively rare in the field of Byzantine Studies This volume which is the result of the range of interests in mostly non English speaking research communities takes an important step to filling this gap by investigating the place and dimensions of Byzantium after Byzantium This collection of essays uses the idea of reception theory and expands it to show how European societies after Byzantium have responded to both the reality and the idea of Byzantine Civilisation The authors discuss various forms of Byzantine influence in the post Byzantine world from architecture to literature to music to the place of Byzantium in modern political debates e g in Russia The intentional focus of the present volume is on those aspects of Byzantine reception less well known to English reading audiences which accounts for the inclusion of Bulgarian Czech Polish and Russian perspectives As a result this book shows that although so called Byzantinism is a pan European phenomenon it is made manifest in local national versions The volume brings together specialists from various countries mainly Byzantinists whose works focus not only on Byzantine Studies that is history literature and culture of the Byzantine Empire but also on the influence of Byzantine culture on the world after the Fall of Constantinople *The Shade of Homer* David Ricks, 1989-11-30 In exploring the significance of Homer for the poetry of modern Greece benign shade or looming shadow Dr Ricks is tackling a theme that has implications for the study of poetic influence in general In this 1989 book he takes the work of Sikelianos Cavafy and Seferis and subjects a selection of poems to a careful scrutiny These poems are not imitations of Homer but fresh engagements with Homeric themes and comparison of the modern versions with the original is found to be illuminating for the poets methods of composition Dr Ricks does not lose sight of the larger significance of his subject and modern poets from outside Greece Eliot and Pound in particular find their way into the discussion All Greek is translated and the reader has no need to be a specialist in modern or in ancient Greek to find this study absorbing and instructive **Romanticism in National Context** Roy Porter, Mikulas Teich, 1988-05-27

Special emphasis is placed on the interplay between Romantic culture and social political and economic change in this study of the course of Romanticism in various European countries Journal of Modern Greek Studies ,1989 *Conversing Identities* Konstantina Georganta,2012-01-01 *Conversing Identities Encounters Between British Irish and Greek Poetry 1922 1952* presents a panorama of cultures brought in dialogue through travel immigration and translation set against the insularity imposed by war and the hegemony of the national centre in the period 1922 1952 Each chapter tells a story within a specific time and space that connected the challenges and fissures experienced in two cultures with the goal to explore how the post 1922 accentuated mobility across frontiers found an appropriate expression in the work of the poets under consideration Either influenced by their actual travel to Britain or Greece or divided in their various allegiances and reactions to national or imperial sovereignty the poets examined explored the possibilities of a metaphorical diasporic sense of belonging within the multicultural metropolis and created personae to indicate the tension at the contact of the old and the new the hypocritical parody of mixed breeds and the need for modern heroes to avoid national or gendered stereotypes The main coordinates were the national voices of W B Yeats and Kostas Palamas T S Eliot s multilingual outlook as an Anglo American m toikos C P Cavafy s view as a Greek of the diaspora displaced William Plomer s portrayal of 1930s Athens Demetrios Capetanakis journey to the British metropolis John Lehmann s antithetical journey eastward as well as Louis MacNeice s complex loyalties to a national identity and sense of belonging as an Irish classicist translator and traveller
