Modern History Of Japan 2nd Edition

Milton W. Meyer

Modern History Of Japan 2nd Edition:

A Modern History of Japan Andrew Gordon, 2019 In *The Modern History of Japan From Tokugawa Times to the Present* Andrew Gordon paints a richly nuanced and strikingly original portrait of the last two centuries of Japanese history. He takes students from the days of the shogunate, the feudal overlordship of the Tokugawa family, through the modernizing revolution launched by midlevel samurai in the late nineteenth century, the adoption of Western hairstyles, clothing, and military organization, and the nation's first experiments with mass democracy after World War I. Gordon offers the finest synthesis to date of Japan's passage through militarism, World War II, the American occupation, and the subsequent economic rollercoaster. But the true ingenuity and value of Gordon's approach lies in his close attention to the non-elite layers of society. Here students will see the influence of outside ideas, products, and culture on home life, labor unions, political parties, gender relations, and popular entertainment. The book examines Japan's struggles to define the meaning of its modernization, from villages and urban neighborhoods to factory floors and middle managers' offices to the imperial court. Most importantly, it illuminates the interconnectedness of Japanese developments with world history, demonstrating how Japan's historical passage represents a variation of a process experienced by many nations, and showing how the Japanese narrative forms one part of the interwoven fabric of modern history. With a sustained focus on setting modern Japan in a comparative and global context, *The Modern History of Japan* is ideal for undergraduate courses in modern Japanese history, Japanese politics, Japanese society, or Japanese culture.

The Relentless Revolution: A History of Capitalism Joyce Appleby, 2011-03-07 Splendid the global history of capitalism in all its creative and destructive glory. *New York Times Book Review*. With its deep roots and global scope, the capitalist system seems universal and timeless. The framework for our lives, it is a source of constant change, sometimes measured and predictable, sometimes drastic, out of control. Yet what is now ubiquitous was not always so. Capitalism was an unlikely development when it emerged from isolated changes in farming, trade, and manufacturing in early modern England. Astute observers began to notice these changes and register their effects. Those in power began to harness these new practices to the state, enhancing both. A system generating wealth, power, and new ideas arose to reshape societies in a constant surge of change. Approaching capitalism as a culture, as a historical development that was by no means natural or inevitable, Joyce Appleby gives us a fascinating introduction to this most potent creation of mankind, from its origins to its present global reach.

Japan Milton W. Meyer, 2012-08-09 The emergence of Japan as a political and economic global power has been one of the most remarkable success stories of modern history. Though small in geographic area, the archipelago is the tenth most populous country, with 128 million inhabitants crowded into an area the size of Montana. Its natural resources are almost nonexistent, yet today it ranks only second after the much larger United States as the most affluent and economically productive nation in the world. Its rich cultural heritage and high-tech society are equally vibrant. For all readers wanting to better understand this dynamic country, this popular and accessible

introduction offers an authoritative yet concise overview of two thousand years of Japanese history Now fully updated to the present this edition also includes an array of photographs and illustrations The first half of the book explores the pre Meiji era up to 1868 The second half traces domestic changes and relevant foreign issues in the modernizing era launched by the Meiji Restoration Highlighting key historical events Milton W Meyer also includes cultural artistic and religious milestones Summaries and datelines at the end of each chapter as well as a glossary offer additional essential reference points With its clear explanations of Japanese traditions religion history economics politics and relations with the West this book provides an invaluable guide for understanding contemporary Japan

The Statesman's Yearbook 2006 B. The Sino-Japanese War of 1894-1895 S. C. M.

Paine,2003 Table of contents **Japan in World History** James L. Huffman,2010-02-04 Japan in World History ranges from Japan s prehistoric interactions with Korea and China to the Western challenge of the late 1500s the partial isolation under the Tokugawa family 1600 1868 and the tumultuous interactions of more recent times when Japan modernized ferociously turned imperialist lost a world war then became the world s second largest economy and its greatest foreign aid donor Writing in a lively fashion Huffman makes rich use of primary sources illustrating events with comments by the people who lived through them tellers of ancient myths court women who dominated the early literary world cynical priests who damned medieval materialism travelers who marveled at indecent Western ballroom dancers in the mid 1800s and the emperor who justified Pearl Harbor Without ignoring standard political and military events the book illuminates economic social and cultural factors it also examines issues of gender as well as the roles of commoners samurai business leaders novelists and priests **The Statesman's Yearbook 2010** B. Turner,2017-01-12 the most convenient and reliable starting point for information on public affairs George J Mitchell US Senator Each copy comes with FREE online access to www.statesmansyearbook.com Site license upgrades are also available for libraries who wish to network the data New this year a chronology of the credit crunch **Nikkei Baseball** Samuel O. Regalado,2013-01-30 Nikkei Baseball examines baseball s evolving importance to the Japanese American community and the construction of Japanese American identity Originally introduced in Japan in the late 1800s baseball was played in the United States by Japanese immigrants first in Hawaii then San Francisco and northern California then in amateur leagues up and down the Pacific Coast For Japanese American players baseball was seen as a sport that encouraged healthy competition by imposing rules and standards of ethical behavior for both players and fans The value of baseball as exercise and amusement quickly expanded into something even more important a means for strengthening social ties within Japanese American communities and for linking their aspirations to America s pastimes and America s promise With World War II came internment and baseball and softball played behind barbed wire After their release from the camps Japanese Americans found their reentry to American society beset by anti Japanese laws policies and vigilante violence but they rebuilt their leagues and played in schools and colleges Drawing from archival research prior scholarship and personal interviews Samuel O Regalado explores key historical factors such as Meiji era modernization policies in Japan American anti Asian sentiments internment during World War II the postwar transition economic and educational opportunities in the 1960s the developing concept of a distinct Asian American identity and Japanese Americans rise to the major leagues with star players including Lenn Sakata and Kurt Suzuki and even managers such as the Seattle Mariners Don Wakamatsu The Japan Review ,1920 States and Social Revolutions Theda Skocpol,1979-02-28 Theda Skocpol shows how all three combine to explain the origins and accomplishments of social revolutionary transformations The Statesman's Yearbook 2007 B. Turner,2017-02-07 The Statesman s Yearbook now in a new enlarged format contains profiles of every country in the world and includes 20% new content All print purchases now

receive online access at no extra cost with a single user licence giving access to the full text online updated regularly and fully searchable For queries sybinfo palgrave com *Japan's Modern History, 1857-1937* Junji Banno, 2014-08-13 Over the course of the period 1857 to 1937 in Japan six distinct stages can be identified as the country moved from Shogun rule and its subsequent overthrow from industrialisation and investment to the Meiji Constitution and then from Taisho democracy to Showa fascism In this book Junji Banno stresses the mutual relationships between each period and to this end renames them accordingly the age of reform age of revolution age of construction age of management age of reorganisation and age of crisis Following this model the book covers eighty years of history in Japan focusing on political history and foreign relations with extensive material also on economic development and foreign influences on political institutions and practices Based on extensive archival research Japan's Modern History considers synoptically the key trends and their significance over the period of 1857 to 1937 In turn it presents in detail fascinating information on many of the main leaders and other significant figures with extensive quotations from their writings letters and diaries This book is a translation into English of a major work of scholarship by a leading historian of modern Japan and may be considered the apex of Junji Banno's work in the field As such it will be of great interest to students and scholars of both Japanese history and history more broadly **Commerce raiding : historical case studies, 1755-2009** Bruce A. Elleman, S. C. M. Paine, 2013 Edited collection of 16 case studies of why and how nations have conducted commerce raiding in the 18th through 20th centuries **The Economic History of Japan, 1600-1990: Economic history of Japan, 1914-1955 : a dual structure** Takafusa Nakamura, Akira Hayami, Kōnosuke Odaka, 2003 This multi volume series covers the whole of modern Japanese economic history The series encompasses both the institutional aspects of Japanese economic development and the results of econometric and cliometric research to place the key moments of Japanese economic history in a more general context Volume three A Dual Structure covers the first half of the twentieth century when Japan's economic modernization brought the country into the circle of world powers between the two world wars the economic system established in the Second World War transformed the economy and postwar reconstruction provided the foundations for an extraordinary economic dynamism Where appropriate the book looks back to the nineteenth century and forward to the 1960s Thematic in its approach A Dual Structure explores how it was that during a prolonged period of hardship for the world economy particularly during the deflation of the 1920s and the worldwide depression in the early 1930s Japan's economy managed to overcome these crises and turbulence before entering into a period of remarkable high speed economic growth Issues examined in particular include the development and transformation of Japan's financial system and monetary policy the emergence of big business as an economic power the Japanese empire and its colonies wartime controls and the economic democratization reconstruction and high speed growth that followed At the centre of this study is a consideration of the dual structure of the Japanese economy which emerges in this inter war period of small scale companies on the one hand large industrial firms on the other and the increasing flow of

labor into the cities which resulted Written by leading Japanese scholars and available for the first time in English translation the contributions have been abridged and re written for a non Japanese readership **Unconquered States** H. E. Chehabi,David Motadel,2024-11-25 In the heyday of empire most of the world was ruled directly or indirectly by the European powers Unconquered States explores the struggles for sovereignty of the few nominally independent non Western states in the imperial age It examines the ways in which countries such as China Ethiopia Japan the Ottoman Empire Persia and Siam managed to keep European imperialism at bay whereas others such as Hawai i Korea Madagascar Morocco and Tonga long struggled but ultimately failed to maintain their sovereignty The chapters in this book address four major aspects of the relations these countries had with the Western imperial powers armed conflict and military reform unequal treaties and capitulations diplomatic encounters and royal diplomacy Bringing together scholars from five continents this book provides the first comprehensive global history of the engagement of the independent non European states with the European empires reshaping our understanding of sovereignty territoriality and hierarchy in the modern world order
