Modern Japanese Culture The Insider View:

Modern Japanese Culture Leith Morton, 2003 Detailed comprehensive and critical overview of modern Japanese culture The book provides readers with important insights into various dimensions of modern Japanese culture focusing specifically upon a number of contemporary Japanese thinkers The Cambridge Companion to Modern Japanese Culture Yoshio Sugimoto, 2009-06-30 This Companion provides a comprehensive overview of the influences that have shaped modern day Japan Spanning one and a half centuries from the Meiji Restoration in 1868 to the beginning of the twenty first century this volume covers topics such as technology food nationalism and rise of anime and manga in the visual arts The Cambridge Companion to Modern Japanese Culture traces the cultural transformation that took place over the course of the twentieth century and paints a picture of a nation rich in cultural diversity With contributions from some of the most prominent scholars in the field The Cambridge Companion to Modern Japanese Culture is an authoritative introduction to this subject

The A to Z of Modern Japanese Literature and Theater Scott J. Miller, 2010-04-01 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age The A to Z of Modern Japanese Literature and Theater presents a broad perspective on the development and history of literature narrative poetry and drama in modern Japan This book offers a chronology introduction bibliography and over 400 cross referenced dictionary entries on authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature **Historical Dictionary of Modern Japanese**

Literature and Theater Scott J. Miller, 2009-07-01 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age Historical Dictionary of Modern Japanese Literature and Theater presents a broad perspective on the development and history of literature narrative poetry and drama in modern Japan This book offers a chronology introduction bibliography and over 400 cross referenced dictionary entries on authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature Historical Dictionary of Modern Japanese Literature and Theater J. Scott Miller, 2021-06-05 With the Meiji Restoration in 1868 Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation Accompanying the political changes that Western trade ushered

in were widespread social and cultural changes Newspapers novels poems and plays from the Western world were soon adapted and translated into Japanese The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age Historical Dictionary of Modern Japanese Literature and Theater Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries authors literary and historical developments trends genres and concepts that played a central role in the evolution of modern Japanese literature

Representing the Other in Modern Japanese Literature Rachael Hutchinson, Mark Williams, 2006-09-27 Representing the Other in Modern Japanese Literature looks at the ways in which authors writing in Japanese in the twentieth century constructed a division between the Self and the Other in their work Drawing on methodology from Foucault and Lacan the clearly presented essays seek to show how Japanese writers have responded to the central question of what it means to be Japanese and of how best to define their identity Taking geographical racial and ethnic identity as a starting point to explore Japan's vision of non Japan representations of the Other are examined in terms of the experiences of Japanese authors abroad and in the imaginary lands envisioned by authors in Japan Using a diverse cross section of writers and texts as case studies this edited volume brings together contributions from a number of leading international experts in the field and is written at an accessible level making it essential reading for those working in Japanese studies colonialism identity studies and nationalism

Routledge Handbook of Modern Japanese Literature Rachael Hutchinson, Leith Douglas Morton, 2016-06-03 The Routledge Handbook of Modern Japanese Literature provides a comprehensive overview of how we study Japanese literature today Rather than taking a purely chronological approach to the content the chapters survey the state of the field through a number of pressing issues and themes examining the ways in which it is possible to read modern Japanese literature and situate it in relation to critical theory The Handbook examines various modes of literary production such as fiction poetry and critical essays as distinct forms of expression that nonetheless are closely interrelated Attention is drawn to the idea of the bunjin as a person of letters and a more realistic assessment is provided of how writers have engaged with ideas not labelled a novelist or poet but a writer who may at one time or another choose to write in various forms The book provides an overview of major authors and genres by situating them within broader themes that have defined the way writers have produced literature in modern Japan as well as how those works have been read and understood by different readers in different time periods The Routledge Handbook of Modern Japanese Literature draws from an international array of established experts in the field as well as promising young researchers It represents a wide variety of critical approaches giving the study a broad range of perspectives This handbook will be of interest to students and scholars of Asian Studies Literature Sociology Critical Theory and History

Postmodern, Feminist and Postcolonial Currents in Contemporary Japanese Culture Fuminobu Murakami, 2006-02-01 Using the Euro American theoretical framework of postmodernism feminism and post colonialism this

book analyses the fictional and critical work of four contemporary Japanese writers Murakami Haruki Yoshimoto Banana Yoshimoto Takaaki and Karatani Kojin In addition the author reconsiders this Euro American theory by looking back on it from the perspective of Japanese literary work Presenting outstanding analysis of Japanese intellectuals and writers who have received little attention in the West the book also includes an extensive and comprehensive bibliography making it essential reading for those studying Japanese literature Japanese studies and Japanese thinkers Murakami Haruki

Michael Seats,2009-01-01 This book offers a new approach to dealing with Murakami s radical narrative project by demonstrating how his first and later trilogies utilize the structure of the simulacrum a second order representation to develop a complex critique of contemporary Japanese culture *Negotiating Censorship in Modern Japan* Rachael Hutchinson,2013-08-21 Censorship in Japan has seen many changes over the last 150 years and each successive system of rule has possessed its own censorship laws regulations and methods of enforcement Yet what has remained constant through these many upheavals has been the process of negotiation between censor and artist that can be seen across the cultural media of modern society By exploring censorship in a number of different Japanese art forms from popular music and kabuki performance through to fiction poetry and film across a range of historical periods this book provides a striking picture of the pervasiveness and strength of Japanese censorship across a range of media the similar tactics used by artists of different media to negotiate censorship boundaries and how censors from different systems and time periods face many of the same problems and questions in their work The essays in this collection highlight the complexities of the censorship process by investigating the responsibilities and choices of all four groups artists censors audience and ideologues in a wide range of case studies The contributors shift the focus away from top down suppression towards the more complex negotiations involved in the many stages of an artistic work all of which involve movement within boundaries as well as testing of those boundaries on the part of both artist and censor Taken together the essays in this book demonstrate that censorship at every stage involves an act of human judgment in a context determined by political economic and ideological factors This book and its case studies provide a fascinating insight into the dynamics of censorship and how these operate on both people and texts As such it will be of great interest to students and scholars interested in Japanese studies Japanese culture society and history and media studies more generally **Contemporary Japanese Cinema Since Hana-Bi** Adam Bingham,2015-06-23

This book studies the key genres in contemporary Japanese cinema through analysis of their key representative films It considers both those films whose generic lineage is clearly definable samurai yakuza horror as well as the singularity of several recent trends in the country s filmmaking such as magic realist filmmaking *Legacies of the Asia-Pacific War* Roman Rosenbaum,Yasuko Claremont,2012-09-10 When we look in detail at the various peripheral groups of disenfranchised people emerging from the aftermath of the Asia Pacific War the list is startling Koreans in Japan migrants or forced labourers Burakumin Hibakusha Okinawans Asian minorities comfort women and many others Many of these groups have been

discussed in a large corpus of what we may call disenfranchised literature and the research presented in this book intends to add an additional and particularly controversial example to the long list of the voice and powerless. The presence of members of what is known as the *yakeato sedai* or the generation of people who experienced the fire bombings of the Asia Pacific War is conspicuous in all areas of contemporary Japan. From literature to the visual arts from music to theatre from architecture to politics their influence and in many cases guiding principles is evident everywhere and in many cases forms the keystone of modern Japanese society and culture. The contributors to this book explore the impact of the *yakeato* generation and their literary creative and cultural works on the postwar period by drawing out the importance of the legacy of those people who truly survived the darkest hour of the twentieth century and re-evaluate the ramifications of their experiences in contemporary Japanese society and culture. As such this book will be of huge interest to those studying Japanese history literature poetry and cultural studies.

Historical Dictionary of Postwar Japan William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative. It has traveled the road to a modern destination without totally losing sight of its traditions and values. Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values. This is easier to find in its arts and crafts and its literature and films as well as in its social habits. This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan. This second edition of *Historical Dictionary of Postwar Japan* contains a chronology an introduction appendixes and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities politics economy foreign relations religion and culture. This book is an excellent resource for students researchers and anyone wanting to know more about Japan.

The Alien Within Leith Morton, 2009-02-26 Readers worldwide have long been drawn to the foreign the exotic and the alien even before Freud's famous essay on the uncanny in 1919. Given Japan's many years of relative isolation followed by its multicultural empire these themes seem particularly ripe for exploration and exploitation by Japanese writers. Their literary adventures have taken them inside Japan as well as outside and how they internalized the exotic through the adoption of modernist techniques and subject matter forms the primary subject of this book. *The Alien Within* is the first book-length thematic study in English of the alien in modern Japanese literature and helps shed new light on a number of important authors. Morton examines the Gothic a form of writing with strong affinities to European Gothic and a motif in the fiction of several key modern Japanese writers such as Arishima Takeo. Morton also discusses the translations of Tsubouchi Shoyo Japan's most famous early translator of Shakespeare and how this most alien and exotic author was absorbed into the Japanese literary and theatrical tradition. The new field of translation theory and how it relates to translating Shakespeare are also discussed. Morton devotes two chapters to the celebrated female poet Yosano Akiko whose verse on childbirth and her unborn children broke taboos relating to the expression of the female body and sensibility. He also highlights the writing of contemporary Okinawan novelist Oshiro.

Tatsuhiro whose work springs from what is for Japanese an exotic subtropical landscape and makes symbolic reference to the otherness at the heart of Japanese religiosity Another significant but equally overlooked subject is the focus of the final chapter which analyzes the travel writing of internationally best selling author Murakami Haruki Murakami's great corpus of work includes a one volume study of the 2000 Sydney Olympics which Morton discusses in detail *The Alien Within* breaks new ground in its treatment of the exotic in modern Japanese writing and in its discussion of authors and work hitherto absent from critical discussions in English It will be of significant interest to readers of literature and students of modern Japanese culture and women's writing as well as those fascinated by the occult Gothic fiction and the exotic *Japanese Visual Culture* Mark W. MacWilliams, 2014-12-18 Born of Japan's cultural encounter with Western entertainment media manga comic books or graphic novels and anime animated films are two of the most universally recognized forms of contemporary mass culture Because they tell stories through visual imagery they vault over language barriers Well suited to electronic transmission and distributed by Japan's globalized culture industry they have become a powerful force in both the mediascape and the marketplace This volume brings together an international group of scholars from many specialties to probe the richness and subtleties of these deceptively simple cultural forms The contributors explore the historical cultural sociological and religious dimensions of manga and anime and examine specific sub genres artists and stylistics The book also addresses such topics as spirituality the use of visual culture by Japanese new religious movements Japanese Goth nostalgia and Japanese pop cute kawaii subculture and comics for girls and more With illustrations throughout it is a rich source for all scholars and fans of manga and anime as well as students of contemporary mass culture or Japanese culture and civilization *Modernism and Japanese Culture* R. Starrs, 2011-10-12 An in depth and comprehensive account of the complex history of Japanese modernism from the mid 19th century opening to the West until the 21st century globalized world of postmodernism Its concept of modernism encompasses not just the aesthetic avant garde but a wide spectrum of social political and cultural phenomena *Grimms' Tales around the Globe* Vanessa Joosen, 2014-06-16 Grimms fairy tales are among the best known stories in the world but the way they have been introduced into and interpreted by cultures across the globe has varied enormously In *Grimms Tales around the Globe* editors Vanessa Joosen and Gillian Lathey bring together scholars from Asia Europe and North and Latin America to investigate the international reception of the Grimms tales The essays in this volume offer insights into the social and literary role of the tales in a number of countries and languages finding aspects that are internationally constant as well as locally particular In the first section Cultural Resistance and Assimilation contributors consider the global history of the reception of the Grimms tales in a range of cultures In these eight chapters scholars explore how cunning translators and daring publishers around the world reshaped and rewrote the tales incorporating them into existing fairy tale traditions inspiring new writings and often introducing new uncertainties of meaning into the already ambiguous stories Contributors in the second part Reframings Paratexts and Multimedia

Translations shed light on how the Grimms tales were affected by intermedial adaptation when traveling abroad These six chapters focus on illustrations manga and film and television adaptations In all contributors take a wide view of the tales history in a range of locales including Poland China Croatia India Japan and France Grimms Tales around the Globe shows that the tales with their paradox between the universal and the local and their long and world spanning translation history form a unique and exciting corpus for the study of reception Fairy tale and folklore scholars as well as readers interested in literary history and translation will appreciate this enlightening volume Modernism in Practice Leith Morton, 2004-02-29 Postwar modernist verse has been rarely discussed in English language works on Japanese literature despite the fact that it has been the dominant mode of poetic expression in Japan since World War II Now readers of modern Japanese poetry in translation have gained an impressive intellectual and linguistic companion in their enjoyment of modern Japanese verse Modernism in Practice combines close readings of individual Japanese postwar poets and poetry with historical and critical analysis Five of the seven chapters concentrate on the life and work of such outstanding poets as Soh Sakon Ishigaki Rin Ito Hiromi Asabuki Ryoji and Tanikawa Shuntaro Several of these writers have only come into prominence in recent decades so this work also serves to acquaint readers with contemporary Japanese verse A significant dimension of this volume is the detailed and extensive treatment afforded two important areas of postwar Japanese verse the poetry of women and of Okinawa Modernism in Practice is noteworthy not only as an introduction to postwar Japanese poets and their times but also for the numerous poems that appear in translation throughout the volume many for the first time in book form *Comics through Time* M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960 1980 Volume 3 covers 1980 1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers **The Japan**
