Modern Latin American Literature: A Very Short Introduction Roberto Gonzalez Echevarria, 2012-01-13 This Very Short Introduction chronicles the trends and traditions of modern Latin American literature arguing that Latin American literature developed as a continent wide phenomenon not just an assemblage of national literatures in moments of political crisis With the Spanish American War came Modernismo the end of World War I and the Mexican Revolution produced the avant garde and the Cuban Revolution sparked a movement in the novel that came to be known as the Boom Within this narrative the author covers all of the major writers of Latin American literature from Andr s Bello and Jos  Mar a de Heredia through Borges and Garc a M rquez to Fernando Vallejo and Roberto Bola o [The Voice of the Masters](#) Roberto Gonz lez Echevarr a, 2010-07-05 By one of the most original and learned critical voices in Hispanic studies a timely and ambitious study of authority as theme and authority as authorial strategy in modern Latin American literature An ideology is implicit in modern Latin American literature argues Roberto Gonz lez Echevarr a through which both the literature itself and criticism of it define what Latin American literature is and how it ought to be read In the works themselves this ideology is constantly subjected to a radical critique and that critique renders the ideology productive and in a sense is what constitutes the work In literary criticism however too frequently the ideology merely serves as support for an authoritative discourse that seriously misrepresents Latin American literature In *The Voice of the Masters* Gonz lez Echevarr a attempts to uncover the workings of modern Latin American literature by creating a dialogue of texts a dynamic whole whose parts are seven illuminating essays on seminal texts in the tradition As he says To have written a sustained expository book would have led me to make the same kind of critical error that I attribute to most criticism of Latin American literature I would have naively assumed an authoritative voice while attempting a critique of precisely that critical gesture Instead major works by Barret Cabrera Infante Carpentier Cort zar Fuentes Gallegos Garc a M rquez Roa Bastos and Rod n are the object of a set of independent deconstructive and reconstructive readings Writing in the tradition of Derrida and de Man Gonz lez Echevarr a brings to these readings both the penetrative brilliance of the French master and a profound understanding of historical and cultural context His insightful annotation of Cabrera Infante's *Meta* End the full text of which is presented at the close of the study clearly demonstrates these qualities and exemplifies his particular approach to the text **Modern Latin American Literature** D.P. and Ricardo Piglia in the context of their respective national cultural traditions The author proposes that a consideration of tragedy affords new ways of understanding the relation between literature and the modern Latin American nation state As an interpretive index this tragic attunement sheds new light on both the foundational works of modern Latin American literature and the counter foundational literary critiques of modernization and nation building Topics include Borges s short story El Sur in relation to the Argentine civilization and barbarism debate Juan Rulfo s novella Pedro Paramo in the context of post revolutionary reflection on national identity in Mexico and the lyric poetry of Cesar Vellajo s Trilce The reading is based on a juxtaposition of aporetically incompatible terms mourning the avant garde and Andean indigenism or messianism The final section of the book investigates two novels by Ricardo Piglia Respiracion artificial and La ciudad ausente in the dual context of dictatorship and the market Piglia s writing both echoes and marks a limit for tragedy as an interpretive paradigm
