No Es Facil Ser Hombre Not Easy Being A Man:

The Rent Collectors Jesse Katz, 2024-07-16 WINNER of the 2024 Los Angeles Times Book Prize For a tough guy book about tough guys this is a work of almost unerring tenderness If its subtitle promises redemption the book itself delivers something more honest stories about people broken by powers larger than they are and who nonetheless find the will to fight on Ben Ehrenreich The New York Times Book Review Katz has constructed a riveting and masterful urban narrative Lorraine Berry Los Angeles Times Baby faced teen Giovanni Macedo is desperate to find belonging in one of LA s most predatory gangs the Columbia Lil Cynos so desperate that he agrees to kill an undocumented Mexican street vendor The vendor Francisco Clemente had been refusing to give in to the gang s shakedown demands But Giovanni botches the hit accidentally killing a newborn instead The overlords who rule the Lil Cynos from a Supermax prison 1 000 miles away must be placated and Giovanni is lured across the border where in turn the gang botches his killing And so incredibly Giovanni rises from the dead determined to both seek redemption for his unforgivable crime and take down the gang who drove him to do it With The Rent Collectors Jesse Katz has built a teeth clenching and breathless narrative that explicates the difficult and proud lives of undocumented black market workers who are being extorted by the gangs and fined by the city of LA in other words exploited by two sets of rent collectors

Being and Power. A Phenomenological Ontology of Forms of Life Daniel Rueda Garrido, 2024-01-23 Why do we act as we do Why do we assume that the way of being and behaving in our community is right good and common sense Why do we fail to understand those who act and feel differently These are some of the questions that this book raises and attempts to answer This ontology is rooted in the phenomenological tradition but with the innovation of taking the form of life as the central ontological unit We are our form of life but as a transcendental immanent reality this is not directly equivalent to culture or society it is rather the political realisation in the world of an image of the human being shared by a given community This overcomes the traditional dualities of individual and society consciousness and body facticity and freedom actuality and possibility The subject is a subject because it identifies with that image which is equivalent to the

intersubjective consciousness of how one should act and be in the world This gives rise to multiple forms of life The latter implies a certain power to be who one wants to be In this way the book is an invitation to self examination for if our form of life is voluntary i e capitalism it shatters the illusion that one cannot live in any other way and places us before the anguished but inevitable task of justifying its adoption or resorting to its abandonment The book offers a dynamic analysis of human existence as the actualisation of a form of life that is at the same time the exercise of a certain power over those who seek to live otherwise especially when that form is institutionalised by a government as the essence of the national or transnational community
