their outsourcing partnerships *Global and Regional Strategies in the Middle East* Leila Nicolas, 2024-08-12 *Global and Regional Strategies in the Middle East* explores hegemony in the Middle East through understanding different dimensions of power politics and the consequences of the hegemonic ambitions of both global and regional powers The book adds new aspects to the extensive literature on grand strategies in the Middle East by exploring and evaluating competing strategies from an insider perspective First it highlights the main determinants of Global powers grand strategies assesses the ones applied in the Middle East and forecasts future strategies after the Ukraine war in alignment with other rival states capabilities and goals It then underlines regional dynamics and the hegemonic quest of regional powers and their power politics determinants since the War on terror the Arab Spring and more recently the Russian intervention in Ukraine and Israel Gaza conflict The book broadens readers perspectives by clarifying the region s dynamics that shaped the global and regional power rivalries where security concerns economic interests oil supplies and hegemonic ambitions make it complicated for the US to keep influence and the total control it had during the late 20th century This book will be of great interest to scholars and students of the MENA region International Relations and Strategic Studies *Strategies of Sustainable Development in China's Wind Power Industry* Jiachun Li, Dexin He, 2020-01-11 This book reviews the status quo and visions for the future in the wind energy industry in China and around the globe focusing on its roles in optimizing energy structure alleviating environmental pollution and coping with climate change Providing a blueprint of wind power development till 2050 it suggests a series of further measures in the context of policies regulations laws and marketing in order to overcome the existing bottlenecks Moreover it proposes a number of potential innovative technologies related to IT and advanced manufacturing including integrated distributed power and micro grid systems multi energy complement green and intelligent manufacturing reliability design blade design manufacturing and maintenance drive train systems and offshore wind farms This book offers researchers and engineers insights into sustainable development in the wind power industry **International outsourcing strategy and competitiveness** Vincent Jacques, 2006 **A Grand Strategy for America** Robert J. Art, 2013-02-15 The United States today is the most powerful nation in the world perhaps even stronger than Rome was during its heyday It is likely to remain the world s preeminent power for at least several decades to come What behavior is appropriate for such a powerful state To answer this question Robert J Art concentrates on grand strategy the deployment of military power in both peace and war to support foreign policy goals He first defines America s contemporary national interests and the specific threats they face then identifies seven grand strategies that the United States might contemplate examining each in relation to America s interests The seven are dominion forcibly trying to remake the world in America s own image global collective security attempting to keep the peace everywhere regional collective security confining peacekeeping efforts to Europe cooperative security seeking to reduce the occurrence of war by limiting other states offensive capabilities isolationism withdrawing from all military involvement beyond U S borders containment

holding the line against aggressor states and selective engagement choosing to prevent or to become involved only in those conflicts that pose a threat to the country's long term interests Art makes a strong case for selective engagement as the most desirable strategy for contemporary America It is the one that seeks to forestall dangers not simply react to them that is politically viable at home and abroad and that protects all U S interests both essential and desirable Art concludes that selective engagement is not a strategy for all times but it is the best grand strategy for these times
