Old Diary Leaves The History Of Theosophical Society 1883 87

Kathleen Armour

Old Diary Leaves The History Of Theosophical Society 1883 87:

Old Diary Leaves Henry Steel Olcott,2002 Old Diary Leaves: 1883-87 Henry Steel Olcott,1904 **Old Diary Leaves** Henry Steel Olcott,1929 **Old Diary Leaves 1883-7** Henry Steel Olcott,2011-05-19 This volume covers the period 1883 1887 during which Madame Blavatsky resigns in the history of the Theosophical Society *Old Diary Leaves* Henry Steel Olcott,1972 **Old Diary Leaves: 1883-87** Henry Steel Olcott,1895 *Handbook of the Theosophical Current* ,2013-01-08 Few religious currents have been as influential as the Theosophical Yet few currents have been so under researched and the Brill Handbook of the Theosophical Current thus represents pioneering research A first section surveys the main people and events involved in the Theosophical Society from its inception to today and outlines the Theosophical worldview A second substantial section covers most significant religions to emerge in the wake of the Theosophical Society Anthroposophy the Point Loma community the I AM religious activity the Summit Lighthouse Movement the New Age theosophical UFO religions and numerous others Finally the interaction of the Theosophical current with contemporary culture including gender relations art popular fiction historiography and science are discussed at length **The Emergence of Indian Nationalism** Anil Seal,1968-03-02 In this volume Dr Seal analyses the social roots of the rather confused stirrings towards political organisations of the 1870s and 1880s which brought about the foundation of the Indian National Congress He is concerned not only with the politicians viceroys and civil servants but with the social structure of those parts of India where political movements were most prominent at the time The emphasis of this work is more upon Indian politics than upon British policy the associations in Bengal and Bombay the genesis of the Congress and the Muslim breakaway which accentuated the political divisions in India **When Prophets Die** Timothy Miller,1991-01-01 When the charismatic founder leader of a religious movement dies the popular belief is that the movement usually disintegrates However many new religions not only survive but prosper despite leadership transition In this book prominent scholars examine what happened to eleven new movements following the deaths of their leaders and why An Introduction by J Gordon Melton serves to integrate the case studies **A History of Conversion to Islam in the United States, Volume 1** Patrick D. Bowen,2015-08-17 A History of Conversion to Islam in the United States Volume 1 White American Muslims before 1975 is the first in depth study of the thousands of white Americans who embraced Islam between 1800 and 1975 Drawing from little known archives interviews and rare books and periodicals Patrick D Bowen unravels the complex social and religious factors that led to the emergence of a wide variety of American Muslim and Sufi conversion movements While some of the more prominent Muslim and Sufi converts including Alexander Webb Maryam Jameelah and Samuel Lewis have received attention in previous studies White American Muslims before 1975 is the first book to highlight previously unknown but important figures including Thomas M Johnson Louis Glick Nadirah Osman and T B Irving **The Theosophist** ,1929 **A Republic of Mind and Spirit** Catherine L. Albanese,2007-01-01 In the nineteenth and early twentieth centuries Mexicans and

Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labour struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national narratives it offers new lessons for our own border crossing age

Buddhism in Sinhalese Society 1750-1900 Kitsiri Malalgoda, 2023-12-22 Buddhism in Sinhalese Society 1750 1900 A Study of Religious Revival and Change by Kitsiri Malalgoda delves into the transformation of Buddhism in Sri Lanka during a pivotal period in the island s history Drawing on Weber s concept of Buddhism s evolution from a monastic tradition to a world religion Malalgoda examines how Sinhalese Buddhism adapted to meet the needs of the peasant laity and how it navigated its relationship with colonial secular authorities The book explores the religious revival and societal changes that unfolded in response to colonial pressures and Christian missionary activities particularly focusing on how Buddhism responded to the challenges posed by British rule and the subsequent loss of state patronage The study is divided into two parts the first deals with internal transformations within the Buddhist monastic order including the schisms and controversies that arose while the second addresses the Buddhist Christian confrontation that shaped modern Sinhalese religious identity Malalgoda highlights how organizational changes within Buddhism such as the rise of new monastic fraternities and lay involvement through voluntary associations allowed Buddhism to regain strength and assert its presence against missionary efforts By the end of the 19th century Buddhists had successfully adopted modern tools like education preaching and the printing press to defend their faith and engage with broader societal changes This work offers a critical historical perspective on the resilience and revival of Buddhism in Sri Lanka during a time of profound cultural and political shifts This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976

Hindu and Christian in South-East India Geoffrey Oddie, 2013-12-16 First Published in 1995 The purpose of this study is to examine religious institutions trends and developments in two adjoining districts thereby adopting a level of focus which falls somewhere between these two extremes of the broadly based overview and the detailed localized investigation of single religious establishments or movements It has also provided scope for comparison and a degree of generalization

Buddhism and Science Donald S. Lopez Jr., 2009-05-15 Beginning in the nineteenth century and continuing to the present day both Buddhists and admirers of Buddhism have proclaimed the compatibility of Buddhism and

science Their assertions have ranged from modest claims about the efficacy of meditation for mental health to grander declarations that the Buddha himself anticipated the theories of relativity quantum physics and the big bang more than two millennia ago In *Buddhism and Science* Donald S Lopez Jr is less interested in evaluating the accuracy of such claims than in exploring how and why these two seemingly disparate modes of understanding the inner and outer universe have been so persistently linked Lopez opens with an account of the rise and fall of Mount Meru the great peak that stands at the center of the flat earth of Buddhist cosmography and which was interpreted anew once it proved incompatible with modern geography From there he analyzes the way in which Buddhist concepts of spiritual nobility were enlisted to support the notorious science of race in the nineteenth century Bringing the story to the present Lopez explores the Dalai Lama's interest in scientific discoveries as well as the implications of research on meditation for neuroscience Lopez argues that by presenting an ancient Asian tradition as compatible with and even anticipating scientific discoveries European enthusiasts and Asian elites have sidestepped the debates on the relevance of religion in the modern world that began in the nineteenth century and still flare today As new discoveries continue to reshape our understanding of mind and matter *Buddhism and Science* will be indispensable reading for those fascinated by religion science and their often vexed relation

The Routledge History of Death since 1800 Peter N. Stearns, 2020-10-13 *The Routledge History of Death Since 1800* looks at how death has been treated and dealt with in modern history the history of the past 250 years in a global context through a mix of definite often quantifiable changes and a complex qualitative assessment of the subject The book is divided into three parts with the first considering major trends in death history and identifying widespread patterns of change and continuity in the material and cultural features of death since 1800 The second part turns to specifically regional experiences and the third offers more specialized chapters on key topics in the modern history of death Historical findings and debates feed directly into a current and prospective assessment of death as many societies transition into patterns of ageing that will further alter the death experience and challenge modern reactions Thus a final chapter probes this topic by way of introducing the links between historical experience and current trajectories ensuring that the book gives the reader a framework for assessing the ongoing process as well as an understanding of the past Global in focus and linking death to a variety of major developments in modern global history the volume is ideal for all those interested in the multifaceted history of how death is dealt with in different societies over time and who want access to the rich and growing historiography on the subject Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Korean Buddhist Empire Hwansoo Ilmee Kim, 2020-10-26 In the first part of the twentieth century Korean Buddhists despite living under colonial rule reconfigured sacred objects festivals urban temples propagation and even their own identities to modernize and elevate Korean Buddhism By focusing on six case studies this book highlights the centrality of transnational relationships in the transformation of

colonial Korean Buddhism Hwansoo Ilmee Kim examines how Korean Japanese and other Buddhists operating in colonial Korea Japan China Taiwan Manchuria and beyond participated in and were significantly influenced by transnational forces even as Buddhists of Korea and other parts of Asia were motivated by nationalist and sectarian interests More broadly the cases explored in the *The Korean Buddhist Empire* reveal that while Japanese Buddhism exerted the most influence Korean Buddhism was as Japanese Buddhism was itself deeply influenced by developments in China Taiwan Sri Lanka Europe and the United States as well as by Christianity

Controversial New Religions James R. Lewis, Jesper Aagaard Petersen, 2005 Featuring the new religious movements NRMs that have attracted the most scholarly attention over the past few years this text includes groups such as the Branch Davidians Heaven's Gate and Falun Gong explaining their ethos and beliefs as well as examining more controversial accusations

Collected Writings: 1886-1887 (1st ed., 1958) Helena Petrovna Blavatsky, 1958

Imagining the East Erik Reenberg Sand, Tim Rudbø, 2020 The essays in *Imagining the East* explore how Theosophists during the formative period imagined the religions and cultures of the East The authors examine the relationship of such representations to orientalism the history of ideas politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture The essays also look at how the early Theosophical Society's representations of the East differed from mainstream orientalism and how the Theosophical Society's mission in India was distinct from that of British colonialism and Christian missionaries
