Postcards in the Library Norman D Stevens,2014-01-09 Postcards individually and collectively contain a great deal of information that can be of real value to students and researchers Postcards in the Library gives compelling reasons why libraries should take a far more active and serious interest in establishing and maintaining postcard collections and in encouraging the use of these collections It explains the nature and accessibility of existing postcard collections techniques for acquiring arranging preserving and handling collections and ways to make researchers and patrons aware of these collections Postcards in the Library asserts that in most cases existing postcard collections are a vastly underutilized scholarly resource Editor Norman D Stevens urges librarians to help change this since postcards as items for mass consumption and often with no apparent conscious literary or social purpose are a true reflection of the society in which they were produced Stevens claims that messages written on postcards may also reveal a great deal about individual and or societal attitudes and ideas Chapters in Postcards in the Library are written by librarians who manage postcard collections postcard collectors and researchers Some of the authors have undertaken major research projects that demonstrate the ways in which postcards can be used in research and that have begun to establish a standard methodology for the analysis of postcards They write about major postcard collections including the Institute of Deltiology and the Curt Teich Postcard Archives the use of postcards for scholarly research postcard conservation and preservation arrangement and organization and importance and value Postcards in the Library describes the postcard collections in a variety of libraries of different kinds and sizes and indicates very real ways in which the effective use of postcard collections can result in and contribute to substantive scholarly publications It also offers advice and suggestions on the myriad issues that libraries face in handling these ephemeral fragments of popular culture Special collections librarians postcard collectors postcard dealers and historical societies will find the information in Postcards in the Library refreshing and practical Libraries with established postcard collections or those thinking about developing postcard collections will use it as a valuable planning tool and start to finish guide

Geneva in Vintage Postcards John J. Laukaitis,2004 Geneva was an ideal location for settlement with rich farming soil a river to power the mills and a plentiful supply of trees for lumber it didn t take long to attract and support a thriving community Incorporated in 1858 Geneva remains an idyllic village home to fine architecture from the mid to late 19th century scenic parks along the banks of the Fox River and a sense of community spirit and pride Geneva in Vintage Postcards opens a window into the past allowing us to experience what this community most wanted to present to others and what visitors most wanted to share with their families

and friends From scenes of the historic business district to the banks of Island Park the vintage postcards of Geneva reveal a community rich in history and charm Galesburg Illinois in Vintage Postcards Carley R. Robison,2000 Galesburg Illinois is a town proud of its history and heritage From its founding by courageous and determined pioneers in 1837 to the present day it has been referred to in many ways including The Ideal City and The Buckle on the Corn Belt Galesburg Illinois in Vintage Postcards uses postcards as the lens to focus on the fascinating history of this Midwestern town Throughout its history the postcard has always been a popular means of communication Looking back at them now we are offered a unique insight into the places and times illustrated on the cards and an intimate look at the people sending these cards to loved ones in faraway locations **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1978 *Williamsburg in Vintage Postcards* Kristopher J. Preacher,2002 Williamsburg is a stronghold of the past a sort of enchanted ground lovely and quiet as a dream Williamsburg may no longer be quiet as a dream but it is certainly lovely and unquestionably a stronghold of the past more so now than Miss Hildegard Hawthorne could have dreamt when she penned these words in 1917 After Virginia's capital moved from Williamsburg to Richmond in 1780 the city sank into one and a half centuries of sleepy obscurity punctuated only by the Civil War From 1928 to 1932 however John D Rockefeller Jr restored the city to its colonial glory and it leaped from impoverished backwater to tourist mecca within the space of a few years **Chicago's Opulent Age** Jim Edwards,2001 Grinnell in Vintage Postcards Bill Menner,2004-02-25 From an abolitionist hotbed to the home of a prestigious liberal arts college Grinnell Iowa is known across the country as a jewel of the prairie Originally conceived as a Congregationalist utopia Grinnell developed a reputation as a highly educated community with a wealth of incredible architecture It was also a turn of the century industrial hub despite a population of less than 5 000 where buggies early automobiles and gloves were made The historic postcards in this book recall a community on the verge of transition from a small agriculture based town on the prairie to a thriving center of commerce and higher education They provide a remarkable glimpse of the buildings that make up what is now a Historic Commercial District on the National Register of Historic Places Still others are visual reminders of great buildings both in the community and on the Grinnell College campus that now exist only in memory Reading in Vintage Postcards Charles Jesse Adams,2000 In the mid nineteenth century a transportation industry developed in Reading that put the city on the map and on the Monopoly board forever Founded in 1748 by William Penn's sons Thomas and Richard Reading experienced rapid growth throughout the nineteenth century as the Reading Railroad the Philadelphia and Reading Railroad breathed steam into the city's industry As the powerful railroads faded later so did the city's economy In recent years Reading has become known as the birthplace and capital of factory outlet shopping and the hub of newborn manufacturing financial and agricultural enterprises Bangor in Vintage Postcards Richard R. Shaw,2004 The lighted clock tower of Union Station the marquee of the Bijou Theater and the spacious lobby of the Penobscot Exchange Hotel are memorable images from Bangor's past Settled in 1769 Bangor boomed as the

lumbering capital of the world in the nineteenth century and as a retail hub in the twentieth century For one hundred years picture postcards have showcased West Broadway s mansions and the steamboat and railroad terminals along the Penobscot riverfront Bangor in Vintage Postcards includes images from the city s past ranging from a World War I victory parade to the 1923 flood The Catskills in Vintage Postcards Irwin Richman,1999-11-15 This fascinating new history of the Catskills of New York showcases more than two hundred of the best most evocative vintage postcards available From the 1890s through the 1920s the postcard was an extraordinarily popular means of communication Many of the postcards produced during this golden age and even some from later years can today be considered works of art Postcard photographers traveled the length and breadth of the nation snapping photographs of busy street scenes documenting local landmarks and assembling crowds of local children only too happy to pose for a picture These images printed as postcards and sold in general stores and five and dimes across the country survive as telling reminders of an important era in America s history
