Paul Klee Tod Und Feuer:

Paul Klee Sean Connolly, 2006 This volume briefly examines the life and career of artist Paul Klee Paul Klee and His Illness H. Suter, 2010-02-01 In 1933 Paul Klee's work was branded as Entartete Kunst Degenerate Art by the National Socialists and he was dismissed from his professorial post at the Düsseldorfer Academy of Fine Arts This led him together with his wife Lily to return to his real home of Bern Here his avant garde art was not understood and Klee found himself in unasked for isolation In 1935 Klee started to suffer from a mysterious disease The symptoms included changes to the skin and problems with the internal organs In 1940 Paul Klee died but it was only 10 years after his death that the illness was actually given the name scleroderma in a publication about Klee However the diagnosis remained mere conjecture Since his adolescence the dermatologist and venereologist Dr Hans Suter has been fascinated by Paul Klee and his art and more than 30 years ago this fascination spurred him to commence research into the illness and its influence on the art of Paul Klee's final years It was due to Dr Suter's meticulous investigations that Klee's illness could be defined as diffuse systemic sclerosis In this book the author assembles his findings and describes the rare and complex disease in a clear and comprehensible way Further he empathetically interprets more than 90 of Klee's late works The point of view of a dermatologist renders a unique source of information It provides on one hand new insights into everyday medical practices at the University of Bern in the 1930s which will fascinate doctors and local historians alike While on the other hand art historians and art lovers will be absorbed by the newly discovered links between Paul Klee's work and his illness *Paul Klee* Christine Hopfengart, Michael Baumgartner, Fabienne Eggelhöfer, Osama Okuda, 2020-01-01 Paul Klee 1879 1940 ist einer der bedeutendsten Vertreter der modernen Kunst Er schuf ein ebenso universales wie individuelles Werk das zwischen allen Strömungen und Ismen seiner Zeit steht Sein gewaltiges malerisches zeichnerisches und bildnerisches Œuvre seine Briefe und Tagebuchaufzeichnungen und nicht zuletzt seine pädagogischen Notizen bilden den Hintergrund für diese pointierte Darstellung zu Leben und Werk des meditativen Künstlers und visuellen Denkers Der reich bebilderte Band zeichnet Klees bewegte Biografie nach und spannt den Bogen von Klees künstlerischen Anfängen mit karikaturistischen Zeichnungen und Akten über seine Begegnung mit der Avantgarde und die berühmten Aquarelle der Tunisreise oder die abstrakten Farbkompositionen der Bauhaus Zeit bis zu den geheimnisvollen Bildfindungen seiner letzten Jahre in Bern *The Retrieval of the Beautiful* Galen A. Johnson, 2010 In this elegant new study Galen Johnson retrieves the concept of the beautiful through the framework of Merleau Ponty's aesthetics Although Merleau Ponty seldom spoke directly of beauty his philosophy is essentially about the beautiful In Johnson's formulation the ontology of Flesh as element and the ontology of the Beautiful as elemental are folded together for Desire Love and Beauty are part of the fabric of the world's element Flesh itself the term at which Merleau Ponty arrived to replace Substance Matter or Life as the name of Being Merleau Ponty's Eye and Mind is at the core of the book so Johnson engages as Merleau Ponty did the writings and visual work of Paul Cézanne Auguste Rodin and Paul Klee as well as Rilke's

commentary on C zanne and Rodin From these widely varying aesthetics emerge the fundamental themes of the retrieval of the beautiful desire repetition difference rhythm and the sublime The third part of Johnson s book takes each of these up in turn bringing Merleau Ponty s aesthetic thinking into dialogue with classical philosophy as well as Sartre Heidegger Nietzsche and Deleuze Johnson concludes his final chapter with a direct dialogue with Kant and Merleau Ponty and also Lyotard on the subject of the beautiful and the sublime As we experience with Rodin s Balzac beauty and the sublime blend into one another when the beautiful grows powerful majestic mysterious and transcendent

The Emerging Contours of the Medium Richard Müller, 2024-01-11 The Emerging Contours of the Medium explores a crucial aspect of media thinking focusing particularly on the mediality of literature a medium that remains today on the margins of the theoretical discussion of media The book was written by a collective of authors based in the Institute of Czech Literature Czech Academy of Sciences Czech Republic Even though interest in the technological and media aspects of literature has been slowly building momentum in the past several decades from comparative perspectives to written culture to new media the concept of the medium has not informed this process and its systematic integration into literary studies has never been effectively carried out Nor has the specific mediality of literature been successfully integrated into the general concept of media lity in media science Contributors to this work provide both an explanation of and solution to this mutual blindness setting out from the question What are the conditions for elaborating a media theoretical framework in which to situate literature as a medium The Emerging Contours of the Medium available for the first time in English is divided into three parts which correlate to the three main research areas of the principles for a media theory of literature Part 1 develops a perspective of the pre history of media thinking grounding the principles of the genealogical integration Part 2 concentrates on and develops the related perspectives of media philosophy and media anthropology Part 3 s main focus is the way media as dispositifs interlinking the parameters of perception and communication provide the ground for making emergent media phenomena visible whether it be between media in their mutual synergy or discrepancies between media artefacts or between human and apparatus

Paul Klee, His Life and Work Paul Klee, 2001 In the course of his creativity Klee developed his artistic will slowly almost hesitantly His work formed organically Undogmatic and open to all graphic life he let himself be inspired by the art of the past and the present Fairytale lyrics and grotesque satire tender jesting and real demonism profound mysticism and sober romanticism live in Klee s work which always radiates his personal sphere with all its variety In this monograph an immensely compressed picture of the artistic as well as the human side of his career evolves by way of the extensive pictorial material and accompanying essays a picture which gives information about Klee s contribution to the expansion of artistic articulation Jacket **Crescent Moon over the Rational** Stephen H. Watson, 2009-09-23 Why and in what manner did artist Paul Klee have such a significant impact on twentieth century thinkers His art and his writing inspired leading philosophers to produce key texts in twentieth century aesthetics texts that influenced subsequent art history and criticism Heidegger Adorno Benjamin Merleau Ponty Lyotard Sartre Foucault Blanchot Derrida and Marion are among the philosophers who have engaged with Klee s art and writings Their views are often thought to be distant from each other but Watson puts them in conversation His point is not to vindicate any final interpretation of Klee but to allow his interpreters different accounts to interact to shed light on their and on Klee s work and in turn to delineate both a history and a theoretical problematic in their midst *Crescent Moon over the Rational* reveals an evolving theoretical constellation of interpretations and their questions theoretical artistic and political that address and continually renew Klee s rich legacies

Klee Paul Klee, 1967 *Critical Studies on Heidegger* David Michael Kleinberg-Levin, 2023-02-01 In these boldly original studies Heidegger s thought is carried critically and constructively beyond its original limitations re presenting his project in terms of an emerging body of understanding making sense of this project not only in its historical cultural significance but also in its bearing on the emergence of future possibilities Continuing Heidegger s commitment to a way of thinking that is formed from reflectively lived experience David Michael Kleinberg Levin suggests what can be learned regarding the character of our typical and habitual ways of looking and seeing hearing and listening and touching holding handling and gesturing The body of ontological understanding consequently emerges as we learn how to take responsibility for the meaning of being in forming and developing the character of our relationship to all the beings in our world In this original reading of Heidegger s thought Kleinberg Levin suggests what his project could mean for an ethical way of life **Klee y**
