the basis of form in riding and driving is essential It was my good fortune to have my mother Mrs Emily S Beach lay the foundation for me and similarly these chapters may aid some of my readers Nothing in this book is hearsay That which takes but a moment to tell has taken me years to learn learned as a pupil learned as a teacher learned by observation learned by exhibition by many a triumph by many a heart break much of it a pleasure much a hard task but repaid always by my comrades through it all the horses About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Women, Horse Sports and Liberation Erica Munkwitz, 2021-07-13 Shortlisted for the 2022 Lord Aberdare Literary Prize This book is the first full length scholarly examination of British women's involvement in

equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender class sport and national identity in Britain and its Empire It argues that women s participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt from chimney sweep to courtesan Furthermore women s involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire Here British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men thus gaining complete equality on horseback Yet female equestrians did not seek further emancipation in the form of political rights This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries This is fascinating reading for scholars of sports history women s history British history and imperial history as well as those interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all equestrian enthusiasts

Cultivating Community Jodey Nurse,2022-02-22 For close to two hundred years families and individuals across Ontario have travelled down country roads and gathered to enjoy seasonal agricultural fairs Though some features of township and county fairs have endured for generations these community events have also undergone significant transformations since 1850 especially in terms of women s participation Cultivating Community tells the story of how women s involvement became critical to agricultural fairs growth and prosperity By examining women s diverse roles as agricultural society members fair exhibitors performers volunteers and fairgoers Jodey Nurse shows that women used fairs manifold nature to present different versions of rural womanhood Although traditional domestic skills and handicrafts such as baking needlework and flower arrangement remained the domain of women throughout this period women steadily enlarged their sphere of influence on the fairgrounds By the mid twentieth century they had staked out a place in venues previously closed to them including the livestock show ring the athletic field and the boardroom Through a wealth of fascinating stories and colourful detail Cultivating Communities adds a new dimension to the social and cultural history of rural women placing their activities at the centre of the agricultural fair
