Theological Institutes Richard Watson, 1836 *It's Your Choice* Dan Harsh, 2019-08-29 Every day we make choices These choices impact our lives our careers our families our health our successes and our failures Often we make choices without considering the impact or consequences that may result We make choices every day in the workplace and in our personal lives that mold and craft our future and we are not even aware of it Where we are today is a direct result of the choices we have made Where we will be tomorrow is directly related to the choices we are going to make Each of us has been dealt a hand of cards The cards we have been dealt may have been outside our control However how we respond to these cards is 100 percent within our control The best poker players don't win because they always have the best cards they win because they know how to play the cards they are dealt They know when to fold when to stay in the game how to read the other players at the table and when to bluff They win because of choices they make with the cards they were dealt It's Your Choice will help bring clarity and perspective to the choices you are faced with each day in the workplace and in your personal life It will bring reason and logic to things that you may not have considered before It's Your Choice is designed to challenge you to think differently more clearly and with a larger perspective of the choices you make each day There will be things in It's Your Choice you don't want to hear There will be things shared that will challenge you to think deeper than you have in the past What you do with what you read in It's Your Choice is indeed your choice 27 Years CAT Topic-wise Solved Papers (2020-1994) 14th edition Disha Experts, 2020-02-04
