Jesus and the God of Classical Theism Steven J. Duby, 2022-06-07 Christianity Today 2023 Book Award Academic Theology In both biblical studies and systematic theology modern treatments of the person of Christ have cast doubt on whether earlier Christian descriptions of God in which God is immutable impassible eternal and simple can fit together with the revelation of God in Christ This book explains how the Jesus revealed in Scripture comports with such descriptions of God The author argues that the Bible s Christology coheres with and even requires the affirmation of divine attributes like immutability impassibility eternity and simplicity

Leaman,1995 There has been renewed interest in the concept of friendship in contemporary philosophy Many of the existing treatments of the topic have been limited to Western notions of friendship yet there is a far wider perspective available to us through an examination of a more extended cultural examination of the topic Cultures other than those in Christian Europe have had important and interesting observations to make on the nature of friendship and in this collection there is treatment not only of Greek and Christian ideas of friendship but also of Islamic Jewish Chinese Japanese and Indian perspectives A rich and extended view of the concept of friendship results from these various examinations **Divine Judgement and Divine**

Benevolence in the Book of Wisdom Moyna McGlynn,2001 Scholarly interest in the apocryphal Book of Wisdom has grown over the last fifty years In addition to the main commentaries several literary studies have been produced on sections of the text giving new and richer insights Moyna McGlynn examines the interwoven themes of divine judgement and divine benevolence as they are presented in the text of Wisdom The full extent and interplay between these themes is only revealed by a literary reading of the whole text This reading examines the poetic techniques structures vocabulary verbal repetitions and the questions the author has employed to provide a framework for a theology of justice and mercy Further study of these themes leads to reflections upon God as creator and humans as creatures the kindness of God in the gift of divine wisdom and the formation and protection of Israel as the paradigm community with responsibility for teaching and demonstrating the knowledge of God to the world These twin themes then provide us with an integrated and coherent reading of the text of Wisdom and offer a new insight into the role of Israel and Jewish self awareness just prior to the formation of rabbinic Judaism and Christianity The Book of Wisdom falls naturally into four major sub divisions with a fifth central section providing the theodicy which underpins the action and reflection of the other four Moyna McGlynn has retained this five fold division for her analysis A brief Appendix at the close of the book outlines Wisdom s history and reception in the Jewish and Christian communities *The Mexican People* Lázaro Gutiérrez de Lara,Edgcumb Pinchon,1914 **LET US WORSHIP**
