## **Rightful Resistance In Rural China Cambridge Studies In Contentious Politics:**

*Rightful Resistance in Rural China* Kevin J. O'Brien, Lianjiang Li, 2006-02-13 How can the poor and weak work a political system to their advantage Drawing mainly on interviews and surveys in rural China Kevin O'Brien and Lianjiang Li show that popular action often hinges on locating and exploiting divisions within the state Otherwise powerless people use the rhetoric and commitments of the central government to try to fight misconduct by local officials open up clogged channels of participation and push back the frontiers of the permissible This rightful resistance has far reaching implications for our understanding of contentious politics As O'Brien and Li explore the origins dynamics and consequences of rightful resistance they highlight similarities between collective action in places as varied as China the former East Germany and the United States while suggesting how Chinese experiences speak to issues such as opportunities to protest claims radicalization tactical innovation and the outcomes of contention

*Collective Killings in Rural China during the Cultural Revolution* Yang Su, 2011-02-21 The violence of Mao's China is well known but its extreme form is not In 1967 and 1968 during the Cultural Revolution collective killings were widespread in rural China in the form of public execution Victims included women children and the elderly This book is the first to systematically document and analyze these atrocities drawing data from local archives government documents and interviews with survivors in two southern provinces This book extracts from the Chinese case lessons that challenge the prevailing models of genocide and mass killings and contributes to the historiography of the Cultural Revolution in which scholarship has mainly focused on events in urban areas

**China's Unruly Journalists** Jonathan Hassid, 2015-12-22 Despite operating in one of the most tightly controlled media environments in the world Chinese journalists sometimes take extraordinary risks braving the perils of job loss or imprisonment to report sensitive stories As a result a group of journalists stands at the forefront of some of China's most dramatic social and political changes This book is the first to systematically explore why some Chinese journalists decide to challenge Communist Party power holders and the censorship system Based on 18 months of fieldwork interviews with over 70 Chinese journalists and academics and analysis of nearly 20 000 Chinese newspaper articles it investigates the motivation behind news workers who often brave the perils of challenging an authoritarian system Rather than being driven by commercial pressures or financial inducements the book suggests that many aggressive journalists push the limits of acceptable coverage because of their sense of public spirit and their professional role orientation It argues that ultimately these advocate journalists matter because they challenge specific policies and are changing China one article at a time By investigating these path breaking journalists the book engages with literature across the social sciences on contentious politics and social movements political communication media theory and the sociology of professions Therefore it will be of great interest to students and scholars of Chinese Studies Politics and Media Studies

**Contentious Politics in China** Manfred Elfstrom, Yao Li, 2019-12-16 China has become a land of protests though the Chinese state possesses considerable administrative capacity In this volume Manfred Elfstrom and Yao Li provide

an overview of Chinese contentious politics They dig deep into major forms of social conflict explore structural explanations for why protest occurs in China and describe the ways in which various organizations and framings of issues by citizens affect how protests play out Shifting to where grassroots activism ultimately leads Elfstrom and Li survey China's coercive and conciliatory institutions for maintaining social control document and explain patterns in the state's handling of different types of resistance and examine the social and political impact of unrest This work not only contributes to a deeper understanding of contentious politics and governance in China but also provides insights for studies of social movements and authoritarian politics in general

**Resistance in Digital China** Sally Xiaojin Chen, 2020-05-28 By investigating the Southern Weekly Incident in which censorship of the prominent Chinese newspaper Southern Weekly triggered mass online contention in Chinese society Resistance in Digital China examines how Chinese people engage in resistance on digital networks whilst cautiously safeguarding their life under authoritarian rule Chen's in depth analysis of the Southern Weekly Incident ties together overlapping debates in internet studies Chinese studies social movement studies political communication and cultural studies to discuss issues of civic connectivity emotions embodiment and the construction of a public sphere in digital China Resistance in Digital China demonstrates a valuable methodology for conducting in depth empirical examination of an act of resistance in order to explore political cultural and sociological meanings of Chinese people's resistance within party limits Fruitfully combining 45 interviews with key players in the Southern Weekly Incident with largely Western based communications theory Chen develops an understanding of the ongoing formation of the Chinese public sphere as elite led and emotional at once invoked and rejected by Chinese citizens

Authoritarian Legality in China Mary E. Gallagher, 2017-09-07 Can authoritarian regimes use democratic institutions to strengthen and solidify their rule The Chinese government has legislated some of the most protective workplace laws in the world and opened up the judicial system to adjudicate workplace conflict emboldening China's workers to use these laws This book examines these patterns of legal mobilization showing which workers are likely to avail themselves of these new protections and find them effective Gallagher finds that workers with high levels of education are far more likely to claim these new rights and be satisfied with the results However many others left disappointed with the large gap between law on the books and law in reality reject the courtroom for the streets Using workers narratives surveys and case studies of protests Gallagher argues that China's half hearted attempt at rule of law construction undermines the stability of authoritarian rule New workplace rights fuel workers rising expectations but a dysfunctional legal system drives many workers to more extreme options including strikes demonstrations and violence

Politics of Economic Inequality in China Shuai Jin, 2023-08-29 This book applies a novel theory of unbalanced responsiveness to the issue of economic inequality in China to better understand the relationship between authoritarian regimes and their citizens The book highlights how the Chinese Communist Party CCP has responded to dissatisfaction over inequality with both propaganda and policy revealing how the responsiveness in these two arenas is

unbalanced Arguing that while CCP propaganda claims to reduce inequality its welfare programs have been stratified unfair and regressive aggravating instead of alleviating inequalities By utilizing data from multiple national surveys the book reveals that the discrepancy between propaganda and policy ultimately generates further dissatisfaction and strong demands for redistribution The findings of this study indicate how unmitigated and prolonged economic inequality could be a real threat to the sustained rule of the CCP regime Providing a new theory applicable to authoritarian and especially communist regimes demonstrated through the lens of China this book will be a valuable resource to students and scholars of Chinese studies political science and public policy *Civil Society Networks in China and Vietnam* A. Wells-Dang, 2012-07-31 This book brings a fresh original approach to understand social action in China and Vietnam through the conceptual lens of informal environmental and health networks It shows how citizens in non democratic states actively create informal pathways for advocacy and the development of functioning civil societies **The Social Roots of Authoritarianism**

Natalia Forrat, Lecturer in the Center for Russian East European and Eurasian Studies Natalia Forrat, 2024-11-08 In this book Natalia Forrat describes two models of authoritarianism the first in which people see the state as their team leader and the other where they trust informal non state leaders and see the state as a source of perks or punishment Forrat compares the structures of political machines in four Russian regions finding that the two maintaining unity based authoritarianism demonstrated a stable performance across multiple elections while the other two delivered less stable results Carefully crafted and sophisticated Forrat s theory of authoritarian power sheds new light on state society relations in Russia and helps explain the divergent patterns of regime maintenance strategies in authoritarian countries throughout the world

**Social Ties, Resources, and Migrant Labor Contention in Contemporary China** Jeffrey Becker, 2014-07-22 The growth of China s internal migrant labor population is one of the most important issues emerging from the Hu Jintao regime As China continues to undergo an urbanization process as profound as any in modern history there is little doubt migrant workers are affecting economic and political decision making at the central and local levels Relying on interviews with over 250 Chinese migrant workers peasant farmers who have moved to the cities in search of work as well as interviews with Chinese labor activists this book explores the evolution of migrant labor protest in China over the past three decades It examines how migrant workers engage in protest today and how they choose from available protest strategies While past studies of Chinese rural to urban migration have long acknowledged the importance of traditional rural ties between family members this book demonstrates how new urban ties help migrant workers learn of new protest options navigate the legal system connect with others sharing similar disputes and identify additional resources The book also examines the growth and importance of Chinese migrant labor rights organizations and the role of information communication technology in migrant labor protest activity The findings presented here shed new light on Chinese state society relations and economic development Moreover the findings from this book which demonstrate how economic reforms create opportunities for protest

and how migrant workers take advantages of these opportunities have implications for our understanding of contentious politics in other authoritarian states undergoing similar economic and demographic transition      *Beyond Neoliberalism* Marian Burchardt, Gal Kirn, 2017-02-20 This book explores how changes that occurred around 1989 shaped the study of the social sciences and scrutinizes the impact of the paradigm of neoliberalism in different disciplinary fields The contributors examine the ways in which capitalism has transmuted into a seemingly unquestionable triumphant framework that globally articulates economics with epistemology and social ontology The volume also investigates how new narratives of capitalism are being developed by social scientists in order to better understand capitalism's ramifications in various domains of knowledge At its heart *Beyond Neoliberalism* seeks to unpack and disaggregate neoliberalism and to take readers beyond the analytical limitations that a traditional framework of neoliberalism entails This book is a result of discussions at and support from the Irmgard Coninx Foundation      *Challenging Neoliberalism in Latin America* Eduardo Silva, 2009-08-31 At the turn of the twentieth century a concatenation of diverse social movements arose unexpectedly in Latin America culminating in massive anti free market demonstrations These events ushered in governments in Argentina Bolivia Ecuador and Venezuela that advocated socialization and planning challenging the consensus over neoliberal hegemony and the weakness of movements to oppose it Eduardo Silva offers the first comprehensive comparative account of these extraordinary events arguing that the shift was influenced by favorable political associational space a reformist orientation to demands economic crisis and mechanisms that facilitated horizontal linkages among a wide variety of social movement organizations His analysis applies Karl Polanyi's theory of the double movement of market society to these events predicting the dawning of an era more supportive of government intervention in the economy and society      **To Get Rich Is Glorious** Jacques deLisle, Avery Goldstein, 2019-09-24 In 1978 China launched economic reforms that have resulted in one of history's most dramatic national transformations The reforms removed bureaucratic obstacles to economic growth and tapped China's immense reserves of labor and entrepreneurial talent to unleash unparalleled economic growth in the country In the four decades since China has become the world's second largest economy after the United States and a leading force in international trade and investment As the contributors to this volume show China also faces daunting challenges in sustaining growth continuing its economic transformation addressing the adverse consequences of economic success and dealing with mounting suspicion from the United States and other trade and investment partners China also confronts risks stemming from the project to expand its influence across the globe through infrastructure investments and other projects under the Belt and Road Initiative At the same time China's current leader Xi Jinping appears determined to make his own lasting mark on the country and on China's use of its economic clout to shape the world around it      *China and Islam* Matthew S. Erie, 2016-09-01 *China and Islam* examines the intersection of two critical issues of the contemporary world Islamic revival and an assertive China questioning the assumption that Islamic law is incompatible with state law It finds that

both Hui and the Party State invoke interpret and make arguments based on Islamic law a minjian unofficial law in China to pursue their respective visions of the good Based on fieldwork in Linxia China s Little Mecca this study follows Hui clerics youthful translators on the New Silk Road female educators who reform traditional madrasas and Party cadres as they reconcile Islamic and socialist laws in the course of the everyday The first study of Islamic law in China and one of the first ethnographic accounts of law in postsocialist China China and Islam unsettles unidimensional perceptions of extremist Islam and authoritarian China through Hui minjian practices of law *Food Sovereignty and Urban Agriculture* Anne Siebert,2022-07-08 This book analyses the interplay of urban agriculture and food sovereignty through the innovative lens of the critical urban food perspective It focuses on the mobilisation of urban food producers as a powerful response to highly exclusionary dynamics in the agri food system including insufficient food access and disastrous land dispossessions This volume particularly aims to fill the gap in the current literature by engaging with food sovereignty discourses and movements in urban areas Related activism of urban food producers in the Global South remains underrepresented in practice and in literature Therefore this book engages with the lived realities of an urban agriculture initiative in George South Africa Building on theoretical notions of the right to the city and everyday forms of resistance the book illuminates how deprived food producers expose inequalities and propose alternatives The findings of in depth empirical research reveal that dwellers perceive farming as a mean to overcome historical segregation high food prices and unhealthy nutrition Hence they breathe life into food sovereignty in practice and suggest further alliances beyond the city The book will be of interest to scholars and students of alternative food politics agrarian transformation and food movements as well as rural urban intersections

### **International Conference on Political Economy of Water** Purnima George,Elvis Thomas,Meghna

Vesvikar,2016-05-11 Access to water is a fundamental right of all human beings given that it significantly affects quality of life and enables people especially the poor to live with dignity A significant number of organisations and governments throughout the world are working on this challenge and developing sustainable intervention models There are several community driven approaches which attempt to bring water within the reach of people and to help establish people s ownership and rights over it The social work profession with its commitment to working with the marginalised and the underprivileged cannot be immune to the challenges posed by the scarcity of water and must inevitably join the various efforts made the world over to tackle this problem head on This book examines specific nuances of water scarcity and develops viable social work intervention strategies based on the experiences of successful intervention models Identity, Inequity and Inequality in India and China Ayo Wahlberg,2017-07-05 This volume explores how difference is constructed manifested mobilised and obscured in socially uneven societies particularly those fuelled by neoliberal economic growth in the recent years The book approaches difference as a double edged concept that allows one to make sense of the tensions that are played out between cosmopolitan convergence and multicultural diversity between expanding middle classes and

increasingly disenfranchised poor groups between the global and the local The chapters in this volume present a series of empirical explorations of how difference is articulated desired levelled governed and even subverted in the socio economically uneven landscapes of India and China They examine how difference emerges out of daily practice categorisation processes dividing practices nation building efforts and identity projects Through these empirical studies we see how difference is articulated along a number of axes differentiations of groups or persons according to hierarchies of superiority inferiority the demarcation of difference as something that is potentially disruptive and therefore in need of containment the celebration of difference as diversity and finally the ways in which difference comes to be internalised in the shaping of individual identities Another common theme that binds a number of contributions is the exploration of the role of the state in constructing and controlling these differences and the ways in which these interventions rearrange the social political landscapes This book was published as a special issue of Third World Quarterly

**Social Issues in China** Zhidong Hao, Sheying Chen, 2013-08-23 Since 1978 the opening up and reform in China has brought tremendous economic and social changes While China's economic progress has been commendable the social problems that go with economic changes have raised serious concerns Some of those concerns are related to gender ethnic labor and environmental issues This book is about what has happened in these arenas in China since the opening up and reform in 1978 The study of gender ethnicity labor and environment touches on some of the fundamental problems of modernization especially the development of individuals and groups So even though gender ethnicity labor and environment seem to be separate issues they are in fact related in some fundamental ways That's what this book will explore as well To understand is one thing and to do is another This book also incorporates studies of NGO practices to see how NGOs have helped in transforming gender ethnic labor and environment interplay Our study of NGOs in helping improve such interplay sheds light on how specifically civil society can prod the state to transform social relations for the better This book is an attempt to assess the changes both positive and negative in gender ethnic and environmental relations in China especially in the past 30 years of opening up and reform especially regarding national identity formation

Charting China's Future Jae Ho Chung, 2006-08-24 China has become an undisputed global phenomenon yet twenty five years ago its remarkable accomplishments were largely unforeseen In an ambitious effort to predict China's coming decades this book explores not only the economic development that has been a key indicator of its success but the often veiled political social and international determinants that will be crucial Leading scholars draw on their years of experience and on the ground understanding of current trends to make informed estimates of China's path positing that its future may well hold neither threat nor collapse All of the contributors provide a set of scenarios and order them in terms of likelihood including the seven factors they have identified as central to charting China's future the Communist Party local electoral reforms and rule of law the federalist possibility social unrest foreign policy orientations Sino American relations and the Taiwan conundrum This book is a must read for anyone who

wants to understand China as it rises in power on the world stage Contributions by Jean Pierre Cabestan Jae Ho Chung Bruce J Dickson Peter Hays Gries Tao chiu Lam Yawei Liu Gilbert Rozman and Shiping Tang     Handbook of Protest and Resistance in China Teresa Wright, 2019 Featuring contributions from top scholars and emerging stars in the field the Handbook of Protest and Resistance in China captures the complexity of protest and dissent in contemporary China while simultaneously exploring a number of unifying themes Examining how when and why individuals and groups have engaged in contentious acts and how the targets of their complaints have responded the volume sheds light on the stability of China s existing political system and its likely future trajectory

Thank you for downloading **Rightful Resistance In Rural China Cambridge Studies In Contentious Politics**. Maybe you have knowledge that, people have search hundreds times for their favorite books like this Rightful Resistance In Rural China Cambridge Studies In Contentious Politics, but end up in malicious downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they are facing with some harmful bugs inside their computer.

Rightful Resistance In Rural China Cambridge Studies In Contentious Politics is available in our book collection an online access to it is set as public so you can get it instantly.

### **Rightful Resistance In Rural China Cambridge Studies In Contentious Politics Introduction**

In today's digital age, the availability of Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rightful Resistance In Rural China Cambridge Studies In Contentious Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing.

When it comes to accessing Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books and manuals for download and embark on your journey of knowledge?

### **FAQs About Rightful Resistance In Rural China Cambridge Studies In Contentious Politics Books**

1. Where can I buy Rightful Resistance In Rural China Cambridge Studies In Contentious Politics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or

software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a Rightful Resistance In Rural China Cambridge Studies In Contentious Politics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
