Svetasvatropanisad Devadatta Kali,2011-06-01 The *Svetasvatropanisad* is considered to be the most beautiful of all the Upanisads the philosophical texts of the Hindu religion

In this new translation Devadatta Kali takes a fresh look and works from a new premise that the Svetasvatara represents a Saivite one of the Hindu sects point of view This he claims allows its intended meaning to shine forth The translation and commentary brings to life the seer Svetasvatara who from time to time delights in provocation and word play allowing the reader to share the joy of his liberated vision that all this world is an expression of the Divine This translation aims to capture the seer s ecstatic response to the wonders of creation while pointing the reader towards the even greater wonder of its source Devadatta Kali s purpose in his translation and the commentary is to convey the vibrant immediacy of the Sanskrit original and strip away many centuries of exegetical accretions in order to make Svetasvatara s message heard as he intended as a statement of profound insight designed to guide inspire and enlighten Features of the text 13 pages of uninterrupted flow of the translation of the Upanisad 6 chapters of the Upanisad in original Sanskrit with English translation and commentary Two appendixes giving the word by word analysis of the Sanskrit and a complete tabulation of the correspondences with other texts and internal corresponds within the Upanisad itself Index including bilingual references and major themes by verse *Decolonizing Bharat the Balu Way* Pingali Gopal,2025-01-07 Bharat is a civilisationalcultural unity that has stood strong for at least five thousand years The people of the land defined by its geographical boundaries represent a unified culture transcending many of the divisive narratives breaking India today Hindus versus nonHindus Dravidians versus nonDravidians tribals versus nontribals upper castes versus lower castes and so on The essence of Bharat is Sanatana Dharma a phenomenon best understood as a conglomerate of many traditions both Vedic and nonVedic Though the foundational basis of Indian culture has been Vedic the interaction with nonVedic traditions involved synchrony syncretism and even debates but without physical violence However beyond all that the fundamental characteristic of traditions toward each other has been indifference to differences This is the key to understanding the overwhelmingly peaceful nature of multiculturalism in the country which involves many languages religions faiths and subcultures The current understanding of the world and India only fuels conflict A deeper comprehension of traditional India could potentially rediscover solutions for the pluralism of the world packing now into increasingly smaller geographical areas

Shri,2017-01-23 Religion is a tool in the hands of the oppressor against the oppressed solely because he frames the commandments and calls them the God s is an apt description of the Hindu social order The book rips open the raw nerve of Hinduism its invidious castes positioned as a God ordained institution commandeered by its freebooter priestly class while clandestinely establishing its religious social and political hegemony through interpolation of its pristine and effulgent scriptures The author boldly analyses this imbroglio through a microscopic analysis of these and more related issues How priests controlled the Hindu religious social educational and political apparatus How the dominant priestly class fractured the society into mutually antagonistic subordinated hierarchical segments and ruled it by reserving all elite jobs for itself How the fiendish priesthood emasculated shudras by depriving them of the shaastra and shastra education and arms and made them permanent village servant classes How the pretensions of attaining siddhis through meditation and penances established priests as the gods on earth for their assertions of purity and effulgence How karma reincarnation and 84 lakhs births theories were devised to justify fatalism and hierarchical gradation of varnas Can India be rightfully called the vishvaguru and the mother of all civilisations How Buddhism effeminated Hindus and made them the doormats for the ruthless Why Hindus had to abandon their own to adop foreign institutions of governance Why Hinduism should become a universal and proselytising faith and fight demographic challenges posed by Islam and Christianity *Rivers of Rgveda* Jijith Nadumuri Ravi,2022-01-31 Have you ever wondered what is really inside Rgveda Do you know that apart from the names of the Devatas Rgveda mentions hundreds of kings and sages by name Do you know that it mentions more than 30 rivers You may be familiar with many events in Ramayana and Mahabharata but do you know about any interesting events mentioned in Rgveda Most of the impressions about Rgveda are shaped by secondary information and they seldom delve deep into the Rgvedic verses This book is a geographical journey into Rgveda with the Rgvedic rivers as our primary guides The book will take you through the rivers like Ganga Yamuna Sarasvati Sarayu and others You will get familiarized with many Rgvedic

events like the Dasarajna Battle Varshagira Battle and so on and get a clear picture of the chronology of events mentioned in Rgveda and its connections with Ramayana and Mahabharata *The Vedas* Roshen Dalal,2014-04-15 Your essential guide to the Vedas When were the Vedas written and why Who were the people who composed them Where did they come from how did they live Questions conjectures and debates go hand in hand with the Vedas the sacred keystone texts of Hinduism Now noted historian Roshen Dalal sifts through centuries of information and research to present in a straightforward and succinct manner an account of the Vedas that is authoritative yet accessible thus appealing to both scholars and lay readers In this book key insights into the Vedas are complemented by a celebration of the poetry that lies within the texts Using socio economic data and archaeological and linguistic research the author introduces us to the Vedic era enabling us to understand the culture and philosophy that produced these ancient and sublime texts Based on original research and numerous authoritative sources including auxiliary texts and early commentaries Appendices featuring selected hymns from all four Vedas and listing all the hymns that make up the Rig Veda Conveniently cross referenced with a wealth of information
