

A painting of a woman with long, wavy brown hair, wearing a white, sleeveless, form-fitting dress. She is looking upwards with her eyes closed, her head tilted back. A yellow and black striped snake is coiled around her right arm, starting from her shoulder and extending down her forearm. The background is a deep blue with several large, swirling, white and light blue patterns that resemble smoke or water ripples. The overall mood is ethereal and mystical.

 of hindsight and give their narratives a strongly teleological design or they may try to render the past as it was experienced  
 by historical agents and contemporaries This book explores the fundamental tension between experience and teleology in  
 major works of Greek and Roman historiography biography and autobiography The combination of theoretical reflections  
 with close readings yields a new often surprising assessment of the history of ancient historiography as well as a deeper
