Ripper Diary The Inside Story:

Ripper Diary Seth Linder, Caroline Morris, Keith Skinner, 2003-10-01 I've got Jack the Ripper's diary would you be interested in seeing it? So began the saga of the Ripper Diary which has intrigued and infuriated both historical researchers and Ripperologists since it first surfaced in 1992. This book traces the history of the diary which has proven to be every bit as mysterious as the Whitechapel murders themselves. Ripper Diary The Inside Story offers a major new evaluation of the diary's authenticity and includes extracts from the diary. Keith Skinner, Seth Linder and Caroline Morris disentangle the history of the diary in a work of literary sleuthing that offers a masterful reassessment of the evidence and a wealth of insight into the personalities involved in Ripper research. Whether the diary is one of the most sensational finds of the twentieth century or a brilliant literary hoax, Ripper Diary The Inside Story is bound to stir up controversy. *The Maybrick A to Z* Christopher Jones, 2008 *Shadow Pasts* William D. Rubinstein, 2014-09-11 For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic, economic or political history that most university historians research and write about, but the famous topics of history's mysteries: who was Jack the Ripper? Was there a conspiracy to kill President Kennedy? Did Richard III murder the Princes in the Tower? What are the mysteries of the ancient Pyramids? Not only have a great many books and articles been written on these and similar topics by so-called amateur historians, but they have generated societies, conferences, newsletters and television programmes. Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own. Despite all of this, however, these topics are virtually ignored by academic historians and can be treated with contempt. In *Shadow Pasts* William D. Rubinstein, a well-known and widely published history professor, examines seven of the most famous and interesting topics which have been discussed, debated, examined and written about by amateur historians. Each of these mysteries and the theories surrounding them are examined in detail, with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened. **Ripper Notes** Dan Norder, Wolf Vanderlinden, Stewart P. Evans, 2005-06 *Ripper Notes: Suspects, Witnesses* is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics, focusing on a number of people who have been accused of the crimes. Andrew J. Spallek starts things off with a comprehensive look at the reasons why Montague John Druitt was named as the top suspect by a high-ranking police official at the time, as well as new information that has been discovered since then. Stewart P. Evans, author of several of the most respected books on the case and a former police officer, takes an in-depth professional look at George Hutchinson, who is sometimes considered a suspect because of the puzzling aspects of the witness statement he gave of a man seen with Mary Jane Kelly, the last of the Ripper's known victims, shortly before her death. Leanne Perry follows with details on Kelly's former lover, Joseph Barnett, also believed by some to have been her killer, and the job he lost as a fish porter at Old Billingsgate Market. Wolf Vanderlinden tackles another high-profile suspect, Dr. Francis Tumblety, while trying to get to

the truth about some of the stories of his life that have always been considered to be damning evidence against him but appear to be quite different from how they have been previously portrayed Jeffrey Bloomfield comes next with the life and crimes of Dr Thomas Neill Cream the man whose executioner claimed was trying to admit to being Jack the Ripper while being hanged for the poisoning deaths of prostitutes in London s East End Don Souden critically examines all the major witness to see how reliable they were in offering clues to the murderer s identity Des McKenna compares the two different versions of Tom Slemen s claims that Claude Reignier Conder should be considered to be Jack the Ripper Tom Wescott then brings the main section to a close with a bang by revealing a largely forgotten contemporary suspect who has not been mentioned in print since the 19th century There are also short pieces on various claims that the killer was locked up in an asylum and not prosecuted because of being insane a look at the current state of Ripperology and reviews of recent books Ripper Notes is a nonfiction anthology series covering all aspects of the Jack the Ripper case **The House That Jack**

Built: Florence Maybrick & Jack the Ripper Kieran James, 2017-11-09 The criminal trial of Mrs Florence Maybrick held in Liverpool England during the height of the British Empire 1889 is widely regarded as one of the greatest travesties of justice in British legal history Mrs Maybrick was tried for murdering her husband via arsenic poisoning However the trial became a morality trial when the learned judge Mr Justice James Fitzjames Stephen linked Mrs Maybrick s demonstrated adultery to her alleged desire to physically remove her husband by administering poison The jury which pronounced a guilty verdict consisted of twelve untrained and unschooled men who were unable to grasp the technical evidence and were probably unduly influenced by the judge s summing up and by the professional status of one of the medical witnesses for the prosecution The case is a timely reminder today for an international audience of the fallibility and inherent weaknesses of the legal system and the desperate need to retain Courts of Criminal Appeal within the courts system The Ripper Inside Us Rebecca Frost, 2024-04-10 The story of Jack the Ripper has had continual interest since he stalked the streets of Whitechapel during the Autumn of Terror in 1888 During this time the murders of the Canonical Five made headlines all over the world while in the modern day the Ripper story continues to permeate all forms of media on the page screen in podcasts and in fiction We continue to search for something we will likely never and perhaps do not even wish to discover Jack s true name This book looks at the lasting intrigue of Jack the Ripper and how his story and the stories of the Canonical Five victims are brought back to life through modern lenses As psychological approaches and scientific techniques advance the Ripper s narrative evolves opening a more diverse means of storytelling and storytellers How these storytellers attempt to construct a full tale around the facts including the burning questions of motive and identity says more about us than the Ripper
