The Rise of the Shame Society Marcel H. Van Herpen, 2022-06-01 American society is often characterized as a guilt culture as opposed to non Western shame cultures But is this distinction still valid today Through examples like shaming penalties in criminal law fat shaming and cyberbullying on the social media The Rise of the Shame Society America's Change from a Guilt Culture into a Shame Culture shows how shame is increasingly invading our lives leading to feelings of humiliation and depression Marcel Van Herpen identifies three causes of this phenomenon new childrearing methods the advent of the social media and a transformation of Western individualism He weighs the arguments for and against a shame society and concludes that a guilt centered approach remains preferable Although shame increasingly permeates everyday life the author argues that its rise is not a fatality He emphasizes that shame is a dynamic phenomenon and that one can observe trends which lead to an increase of shame as well as to its decrease Examples of the latter are a growing sensitivity to the pain caused by anti Black racism the decrease of anti LGBTQIA prejudices and efforts to end the stigmatization of people with disabilities Along with exploring its increase The Rise of the Shame Society demonstrates that there are ways to overcome shame

The Duty of a Rising Christian State to Contribute to the World's Well-being and Civilization, and the Means by which it May Perform the Same Alexander Crummell, 1856 *The Duty of a Rising Christian State to contribute to the World's Well being and Civilization, and the means by which it may perform the same. The annual oration before the Common Council and the citizens of Monrovia, Liberia, July 26, 1855, etc* Alexander CRUMMELL, 1856 The Geography of Good and Evil Andreas Kinneging, 2023-04-04 Do good and evil exist Absolutely In this bracing book the eminent Dutch philosopher Andreas Kinneging turns fashionable thinking on its head revealing how good and evil are objective universal and unchanging and how they must be rediscovered in our age In mapping the geography of good and evil Kinneging reclaims and reintroduces us to the great tradition of ancient and Christian thought Traditional wisdom enables us to address the eternal questions of good and evil that confront us in both public and private life Though it is common to accept uncritically the blessings of modernity and its intellectual sources the Enlightenment and Romanticism Kinneging shows that traditional thinking is richer and more realistic Indeed we see how in more than a few respects the Enlightenment and Romanticism brought not progress but deterioration Kinneging skillfully reformulates and defends the insights of traditional thinking for today's readers demonstrating how an objective morality is to be understood and how we can know

what morality demands of us At a time when the traditional virtues have practically disappeared from our language that is all but one tolerance he lays out the foundations of virtue and vice Ultimately Kinneging reveals the lasting significance of these seemingly archaic notions to our own lives to our families to our culture and to civilization This profound award winning work establishes Andreas Kinneging as one of our wisest moral philosophers **NIVAC Bundle 8: General Epistles,**

Revelation George H. Guthrie,David P. Nystrom,Scot McKnight,Gary M. Burge,Craig S. Keener,2015-11-03 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today s preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written **The duty of a rising**

The Conscience Wars Michel Rosenfeld,Susanna Mancini,2018-07-05 Explores the multifaceted debate on the interconnection between conscientious objections religious liberty and the equality of women and sexual minorities **The Emergence of Consciousness** Anthony Freeman,2001 A collection of essays on the relation between the conscious mind and the body In this text philosopher Robert Van Gulick gives a clear overview and comparison on emergent and reductive approaches while others discuss more detailed aspects Media Portrayals of Religion and the Secular Sacred Kim Knott,Elizabeth Poole,2016-04-29 Is it true that Christianity is being marginalised by the secular media at the expense of Islam Are the mass media Islamophobic Is atheism on the rise in media coverage Media Portrayals of Religion and the Secular Sacred explores such questions and argues that television and newspapers remain key sources of popular information about religion They are particularly significant at a time when religious participation in Europe is declining yet the public visibility and influence of religions seems to be increasing Based on analysis of mainstream media the book is set in the context of wider debates about the sociology of religion and media representation The authors draw on research conducted in the 1980s and 2008 10 to examine British media coverage and representation of religion and contemporary secular values and to consider what has changed in the last 25 years Exploring the portrayal of Christianity and public life

Islam and religious diversity atheism and secularism and popular beliefs and practices several media events are also examined in detail the Papal visit to the UK in 2010 and the ban of the controversial Dutch MP Geert Wilders in 2009 Religion is shown to be deeply embedded in the language and images of the press and television and present in all types of coverage from news and documentaries to entertainment sports reporting and advertising A final chapter engages with global debates about religion and media **The Cambridge Companion to Christian Political Theology** Craig Hovey, Elizabeth Phillips, 2015-11-20 This volume explores contemporary Christian political theology discussing its traditional sources its emergence as a discipline and its key issues *The Duty of a Rising Christian State* Alexander Crummell, 1856

The Emergence of Religious Toleration in Eighteenth-Century New England Jeffrey A. Waldrop, 2018-04-09 This book examines the life and work of the Reverend John Callender 1706 1748 within the context of the emergence of religious toleration in New England in the later seventeenth and early eighteenth centuries a relatively recent endeavor in light of the well worn theme of persecution in colonial American religious history New England Puritanism was the culmination of different shades of transatlantic puritan piety and it was the Puritan s pious adherence to the Covenant model that compelled them to punish dissenters such as Quakers and Baptists Eventually a number of factors contributed to the decline of persecution and the subsequent emergence of toleration For the Baptists toleration was first realized in 1718 when Elisha Callender was ordained pastor of the First Baptist Church of Boston by Congregationalist Cotton Mather John Callender Elisha Callender s nephew benefited from Puritan and Baptist influences and his life and work serves as one example of the nascent religious understanding between Baptists and Congregationalists during this specific period Callender s efforts are demonstrated through his pastoral ministry in Rhode Island and other parts of New England through his relationships with notable Congregationalists and through his writings Callender s publications contributed to the history of the colony of Rhode Island and provided source material for the work of notable Baptist historian Isaac Backus in his own struggle for religious liberty a generation later Psychology: the Motive Powers, Emotions, Conscience, Will James McCosh, 1887 In this volume I unfold the characteristics of the motive powers as they are called the orective the appetent the impulsive powers the feelings the sentiments the affections the heart as distinguished from the Gnostic the cognitive the intellect the understanding the reason the head These motive powers fall under three heads the emotions the conscience the will It is not to be understood that these are unconnected with each other or with the cognitive emotions contain an idea which is cognitive The conscience may be regarded as combining characteristics of each of the two grand classes being cognitive as discerning good and evil and motive as leading to action the will has to use the other powers as going on to action Emotion occupies more room than the other two in this treatise inasmuch as its operations are more varied and as the account usually given of it so it appears to me is more defective Introduction PsycINFO Database Record c 2010 APA all rights reserved

Animus Rising Bernard X. Bovasso, 2010-02-05 The subject of Dr Freud's Oedipal Complex deals essentially with Fathers and sons Neglected however in much psychological exegesis is something equivalent as Mothers and daughters In the following work as much has been attempted and with special attention given to what Dr C G Jung called the animus the unconscious maleness of the feminine psyche However the animus is not limited to the feminine estate simply because it is engendered as Spirit per se and with broader implication as zeitgeist It is thus included as an aspect of Western culture and collective consciousness The World Animus makes its first pre historic appearance in what is known as a standing stone The giant phallus thus serves as an image exemplifying what I refer to as Animus Rising and as such not only represents a momentous event in the early period of European and Western culture but the modern culture trend especially noticeable in the U S A toward a matricentric society
